Geo. W. Miller, the Cooper Mountain hop grower, was in the city the last of the week, feeling good over price prospects.

E. A. Eddy, of Tualatin, was in the city Monday, on legal matters. He was before the county board, which had a session the first of the week.

Philip Shea, of near Scholls, was in town Monday. His school district is advertising for the construction of a school building, 26x32, with ante rooms and all that goes for a first-class rural school. He states that the board expects to have the building completed for the opening of the fall term.

H. C. Atwell, of Forest Grove, was in the city Monday. He states that, as President of the State Horticultural Society, it is his earnest wish that Hillsboro and Washington County send in as fine an apple exhibit as that presented last fall. Mr. Atwell says, however, that it will be considerably more difficult this season, as the crop is not so good as heretofore.

The warm weather has caused some shortage in the filling of Spring wheat, causing it to harden before it was ready for that process of nature. This has been the longest heated spell witnessed here for many years—something unusual for an Oregon Summer. And yet, no prostrations are reported from sunstroke.

The Groner & Rowell Co. have a large stock of drain tile, from 3 to 14 inch; also building blocks and brick. It will pay you to place your orders with us, as we burn our tile to a better color than our competitors, as our wood only costs us a trifle. We also have a good stock of rough and dressed lumber, which we invite the public to inspect, before purchasing elsewhere. Our flooring is made from red fir timber and will wear much better than flooring made from the soft yellow fir timber. 5tf
