The machine was righted; no one was injured, and aside from a monetary scare no one was the worse for the event. The engine went dead while the machine was going up a steep hill, and before Mr. House could get the car under control it had backed into a bank and turned turtle.

WILSON SUES LEWIS FOR TEN THOUSAND

Ex-Son-in-Law Files Suit in Circuit Court for Big Damages

FINAL CHAPTER IN WILSON WEDDING

Charges Malice in Swearing to Complaint Before Justice Smith

James Wilson, who married Vida Lewis, daughter of Mr. and Mrs. Gus Lewis, and who has had a varied experience as the result of the matrimonial venture, has sued the ex-father-in-law for \$10,000 damages, and the case was filed by Bagley & Hare, in circuit court, Friday.

James Wilson and Vida Lewis were married early in May, and the bride went to her home after the ceremony. She remained there, and Wilson was forbidden the Lewis home. Later he was arrested for assault and battery, charged by Mr. Lewis—this was the time that Wilson took his young wife into an auto and went to the Thos. Bailey ranch, near West Union, the couple staying there two or three days. Wilson was tried and acquitted by a jury. Later the wife sued for and was given a divorce. When her complaint was filed she procured an injunction forbidding Wilson from interfering with her. One evening Wilson met the wife on the street, alleging in court afterward that the wife sent for him. Wilson and a cousin of the ex-bride had an altercation, and Wilson was arrested for contempt of court.

The circuit judge, Campbell, fined him \$25 for disobeying the order of the court—and then follows Wilson's suit. The complaint sets forth:

"That on the 18th day of June, 1911, at Washington County, Oregon, the above named defendant, Gus Lewis, maliciously intending to injure the plaintiff in his good reputation, before W. D. Smith, Justice of the Peace of Washington County, Oregon, as without any probable cause, whatsoever, charged the plaintiff herein, before said Justice, with wilfully and unlawfully assaulting one Vida Wilson, and maliciously and without probable cause procured said justice to grant a warrant for the arrest of the plaintiff upon said charge.

That said Justice issued said warrant accordingly, and the plaintiff herein was arrested and imprisoned under the same, and actually required to give bail to regain his liberty.

That afterwards, on the day of June, 1911, said charge of assault was dismissed, and the plaintiff herein discharged, and that since that time the defendant has not prosecuted said complaint, but has abandoned the same."

Wilson asks for \$5,000 on each of the above issues, and says that because of the suits the newspapers gave circulation to the affair, and that his reputation was damaged to the extent of the sums asked.

JOE LENNEVILLE HELD TO THE GRAND JURY

Judge Smith Decides Evidence is Sufficient for Investigation

HEARING WAS HELD HERE FRIDAY

Private Kurtz Able to be at Hearing; Bond at \$500

Joseph Lenneville, the Forest Grove blacksmith, charged with assaulting Private Kurtz, a soldier with the U. S. surveying corps, at Forest Grove, a few days ago, was held to answer to the grand jury at the coming session of circuit court, his hearing having been held last Friday before Judge Smith. Two witnesses swore that when Kurtz struck Lenneville's dog with a small whip (Kurtz thought the dog was his own) Lenneville struck him a heavy blow, felling the soldier. Kurtz was unconscious for a short time, and was later taken to the hospital.

Lenneville went on the stand and said that he merely shoved the private, in contradiction to the evidence of the others.

Henry Hamilton swore that he walked up the street behind the soldiers just before they passed the Lenneville shop, and that from all indications the soldier was not intoxicated. Hamilton helped pick the young man up.

Hollis & Graham appeared for Lenneville, while Deputy District Attorney T. H. Tongue Jr. prosecuted the case.

The lieutenant in charge of the surveying corps went on the stand and admitted that he had told Lenneville that he would give him a stipulated time to pay the private \$50, or the law would be invoked. He stated that he did this, however, on his own initiative, and Kurtz was not in a condition to know that the offer had been made.

Mr. and Mrs. Ralph J. Smith, who have been at Pendleton for several months, have arrived in Hillsboro, and will locate here. They are at present guests of Mrs. Smith's parents, W. S. Tilton and wife. Mrs. Louisa Garble, of Salem, a cousin of Mr. Tilton, departed the last of the week for home, after a visit with Mr. Tilton, whom she had not seen for 35 years.

Some wag hanged a muskrat to one of the trees in the courtyard, early last Saturday morning, the water animal having been caught near town. Surprising as it may seem there are many of these little fellows within a half mile of the city limits, and not more than two miles from town there is a big colony of beavers. These bigger chaps are many times guilty of considerable damages, but the law is so strict that the farmers hesitate to destroy them. For a community which has been settled for over 60 years Hillsboro's suburbs presents a strange anomaly—recently a stroller saw the following wild fowl and animals within a mile and a quarter of the city: Beaver, muskrat, mink, duck, pheasant, grouse, China pheasant, quail, crane, heron, bear, coon, woodchuck, skunk—and if he hadn't walked into too close communication with the latter, might have been seeing things until now.

If your wife or child were very sick, would you employ a poor doctor instead of a good doctor, simply because you could save 50 cents on each visit?

You might "save the money" but lose the loved one.

If your watch is ailing, will it pay to "save" 50 cents by putting the delicate machine into the hands of an unskilled Watch Doctor?

In Watch Repairing you must think of the results when you think of cost.

JUST RECEIVED a new lot of watches which I will be pleased to show you.
