VOL. XVIII HILLSBORO, OREGON, AUGUST 31, 1911. NO. 25

CLERK BAILEY MAKES FINALS ON ROADWORK

Says Mile of Macadam Cost District Just \$2,654.35

CHEAPEST CONSTRUCTION YET MADE

Will Yet Build Half Miles on Two Thoroughfares

County Clerk Bailey measured prospective road work, and the macadam already laid, Sunday, and on Monday made his computations to see just how much more macadam road could be laid with the funds on hand. He decided to quit work on the road leading north when the highway was macadamized to the culvert in front of the R. B. Collins' place, beyond the Frost corner, which will measure slightly over nine-tenths of a mile; and when the road leading to Leisyville was macadamized to midway between the first bridge and the Woolley bridge, northwest of the city; and a half mile was laid on the road leading by the Preston Jackson farmhouse, northeast, to the Calif place.

By this time the fund will be exhausted, and there will be no more work until next year. Clerk Bailey says his figures show that the total cost of quarry, freight, expenses of laying, and all incidental expenditures, such as hauling, etc., amount to \$2,654.35 for each mile of road, a record that eclipses any macadam road yet built around the county seat.

The Collins' road laying is finished, and D. C. Stokesbury started midweek on the Leisyville road. He moves to the northeast as soon as that strip of highway is completed.

TUMBLE OVER GRADE

Last Thursday a team driven by a son of Hon. Judson Weed, former county clerk of Columbia county, went over a grade at Cape Horn, the upset being caused by one of the horses stumbling. The other horse and wagon, and two of the three in the wagon went over the incline, which was very steep. One of the young ladies jumped from the vehicle into the road before the tumble took place. The young man was not much injured, but the little seven year old sister sustained a broken leg and other injuries. Dr. Munford, of Banks, was called by telephone, and attended the little one at the home of Geo. Holt, where the child had been carried on a stretcher. Dr. J. O. Robb and J. B. Wilkes happened along at the time and Dr. Robb assisted Dr. Munford in reducing the fracture. At last reports little Miss Weed was getting along nicely.

CURRY—BULL

Archie Curry and Miss Sallie E. Bull, of Hillsboro, were united in marriage at Toledo, Ore., Rev. Everetts officiating. The ceremony was performed in the presence of Mr. and Mrs. Sam. Curry, and a few invited friends, at the Commercial Hotel, of that city. The groom is well known here, and the bride is from Orenco. They departed today for Clinton, Okla., where they will reside.

FRUIT GROWERS

The Washington County Fruit Growers' Union will meet at the City Hall, Saturday afternoon, at 1:30 o'clock, September 9, to take up the matter of marketing the 1911 crop. All fruit growers, irrespective of whether or not they belong to the organization, are requested to be in attendance. A. E. Peat, Secretary.

Fred Cornelius and wife departed for Tillamook, Saturday, making the trip by team over the Wilson River road.

The Groner & Rowell Co. have a large stock of drain tile, from 3 to 14 inch; also building blocks and brick. It will pay you to place your orders with us, as we burn our tile to a better color than our competitors, as our wood only costs us a trifle. We also have a good stock of rough and dressed lumber, which we invite the public to inspect, before purchasing elsewhere. Our flooring is made from red fir timber and will wear much better than flooring made from the soft yellow fir timber. 5tf

Geo. W. Schulmerich, of Creswell, spent Sunday and Monday in the city, on business affairs. He came up to participate in building arrangements on the proposed new Schulmerich block. Geo. says that deer are plenty down in the hills back of the Creswell ranches, and that venison has been one of the principal diets down there for several weeks. The oldtimer says that ranching beats city life every time.

Archbishop Christie journeyed from Portland to Forest Grove, Sunday, and dedicated St. Anthony's Chapel, Forest Grove's first Catholic church. Many eminent Catholics were present from Mt. Angel and Portland. The new church is of concrete, and cost about \$8,000. Services were conducted by Rev. Buck, at 10 o'clock in the morning, and the ladies of the church served dinner at one o'clock.

Chris. Roche, at one time landlord of the Commercial, writes the Argus from Lincoln Neb., for another year of the Argus, and states that he had expected to sell out his hotel business back there and pay his subscription in person, ere this, but that he is still conducting his business, and concluded to wait no longer. Mr. Roche is anxious to dispose of his Lincoln property and locate in Hillsboro.

Thos. G. Todd was down from Forest Grove, Saturday, preparing to leave for Canasera, Alleghany Co., N. Y., to visit a brother. T. G. has been absent from his old boyhood home for 55 years, and starts Monday to visit for two months in the Empire State. He came down to the county seat to tell his oldtime friends good-bye. "Take keer o' yerself, Thos."

Hillsboro is getting to be quite a lovers' lane for those who are on marriage bent. Portland contributes quite a number, and there is scarcely a week that one or more couples from the Rose City do not come to this city and get into the blind god's automobile. We seem to have Vancouver going in the race for first favors in this line.

See our dishes for our customers. When you expend \$100 with us you get a fine dining room set of dishes. Call for cards and have the amount of your purchases punched each time you buy. When you buy that amount you get the dishes, or you have a dandy game and fish set. Emmott Bros

Z. M. LaRue, of Forest Grove, Jacob Michell and Aug. Tews, of Hillsboro, started Sunday morning for a two weeks stay over along the Tillamook beaches and the Wilson River, and they expect to have one of the greatest times ever enjoyed. Just what LaRue will do without pies hasn't been determined.

J. M. White, of Chehalum Mountain, Laurel, was in Saturday. Mr. White has a colt—a son of the Boge Belgian—that at four months and ten days weighed 690 pounds. If he can find a colt that will match her Mr. White will not hesitate paying a good round price for it.

For sale, reasonable—A half block in North Hillsboro, on rock macadam street. Will sell all or any part, with six room house, in good repair. Fruit trees, berries; chicken house.—John Boeker, Hillsboro, Ore. 10tf

J. C. Lamkin returned from North Plains, Saturday, having completed a tin roof for the new bank building. "Jim" came home with a much nicer tan than Newport or Tillamook could possibly have given him.

Ervin Burkhalter and D. B. Leisy were over from South Tualatin, Saturday. Ervin says he and his neighbors have built a splendid piece of road across the bottom near his place.

Money to loan on farm or other property, on approved security. We also sell real estate.—Kuratli Brothers, Main Street, between First and Second. 20tf

Andrew Stewart returned Friday evening from a month in the Walla Walla and Prescott, Wash., sections, where he fed separator during the big harvest.

EMANUEL OSTRAND DROWNS AT TIMBER

Pond Man Falls Between Logs and is Taken out Dead

FATALITY OCCURRED LAST THURSDAY

No One saw Worker Disappear—Had Plenty of Money

Emanuel Ostrand, a native of Sweden, was drowned at the Nehalem Lumber Co.'s mill, last Thursday afternoon, between three and four o'clock. He was employed as pond-man, and was first missed about 3:30 o'clock. He had worked for the company several months, and was a faithful laborer. Coroner E. C. Brown went up Friday and held the inquest.

Fred McDonald, the company foreman, swore that he knew the dead man well, and that he talked fair English. He last saw Ostrand about 3:30, and about 5 o'clock asked Johnson, who was working on the slip, where Ostrand was working. He was told that he had not been seen for some time. He thought he last saw him about 4 o'clock. After a search of a half hour his body was found by Oscar Carlson. Deceased was laying in about 12 feet of water, and about six feet from the raft on which he was working. The foreman said Ostrand never drank to excess, and was always ready to work. There was no question in his mind, he said, but what death was accidental.

On his body was found \$8.50 in cash; a gold ring; a silver watch, a check for \$26.87 from the lumber company; and receipt slips for money orders drawn out of the Portland post office, payable at Uppland, Sweden, for \$5 and \$100 respectively.

Whether this money was sent to a wife or to members of his immediate family no one knew. The dead man was presumed to be from 30 to 35 years old, and was of a quiet disposition. The coroner's jury, consisting of R. W. Joy, Bert Patton, T. Oberg, F. Swanson, Gust Laven and R. J. Furbeck, found the following verdict:

"We, the Coroner's jury impanelled by E. C. Brown, Coroner for Washington County, Oregon, to examine into the cause of the death of one Emanuel Ostrand, after examining the remains and inquiring into the circumstances of his death, do hereby unanimously agree that death was caused by accidental drowning."

The body was turned over to a hospital association for interment.

Evans, one of the able educators of the state, holding a life diploma, is principal, and will teach in the High School department. D. B. and Ray Reasoner think they have about the finest pumpkin patch in the country and for numbers they certainly have the county beaten. Their beaver dam near Oak Park is about as thrifty a showing of vegetable as can be found anywhere.

Travelers in the city have needed a guide to pilot them through the streets for several days, owing to the fact that so many intersections have been blockaded. Teams went around the block in circles, and still found no outlet and there were anathemas galore by the uneven tempered.

Eriksen, the inebriate held in the county jail on a charge of insanity, was allowed to go at liberty, Saturday, after getting the effects of drink out of his system. He started for Eugene, overland, a-foot and alone, and says that he is heading for some district where they have nothing but aqua pura as a beverage.

BULLET RECALLED AN OLD GLENCOE TRAGEDY

Thirty-Eight Calibre Missile Held Is Relic In Dr.'s Office

BULLET THAT KILLED WM. JOHNSON

Two Men Met East of Glencoe—One Killed, Slayer Escaped

Among the many relics in the office of Dr. F. A. Bailey is a battered 38-calibre revolver bullet which ended the life of William Johnson, a well known resident of Glencoe, who was shot by "Tang" Smith, son of pioneer Anderson Smith, in 1885. The two men were brothers-in-law, and there had been some trouble over the settling of an estate. The two men met on the bottom, between Glencoe and the J. W. Jackson farm, Jan. 26, 1885. Each was on horseback, and no word was passed. Smith pulled his gun and fired, just as they were passing each other, and the ball entered the hip and penetrated upward. Johnson fell from the saddle and received other injuries in the descent. On Jan. 30 Drs. Bailey and Linklater probed for and found the bullet, and Johnson survived until February 3.

Johnson told Dr. Linklater that as the two men met, he (Johnson) reached to his hip pocket to get a chew of tobacco, and that Smith there-upon pulled his revolver and fired. It is thought by many that Smith thought Johnson was pulling a revolver, and that he drew to protect himself. This is purely a matter of conjecture, however. Smith escaped, and never was seen by anyone in this section, nor elsewhere, so far as known to the authorities. There was an offer of several hundred dollars reward, and that Spring B. P. Cornelius, then sheriff, went to Miles City, Montana, where a man was held on suspicion as being the slayer. Cornelius had known "Tang" Smith all his life, and he found the man who was held was an entire stranger.

It is said by many, however, that Smith remained under cover in the hills beyond Glencoe, until Johnson died, then made his escape. He was a great woodsman and could easily evade anyone for months.

Both men were absolutely fearless, and Smith was a man who had a violent temper when aroused. The bullet was held by Dr. Bailey in case it should be needed at a trail. Johnson's deposition was taken before he died, and Smith was indicted by the Grand Jury, in March, 1885.

A MERE SPECTACLE VENDER IS NOT AN OPTICIAN

He is a particularly dangerous quack; he should be even more shunned than the empiric in medicine. There is many a quack who may ease your rheumatism, but there is not one chance in a hundred that spectacles bought from a peddler will help your eyesight; there are a hundred chances that they will hurt your eyes, hurt them seriously, too. It is very important that your glasses should be exactly correct.

If You Are In Doubt about your eyes or glasses I will advise you, correctly and honestly.

The hundreds of satisfied spectacle wearers here is proof of the class and quality of my work.
