HOP HARVEST CLOSES BY SATURDAY NIGHT

Notwithstanding Rains There has Been no Mold Appearing

BAGLEY YARD FINISHED YESTERDAY

Product is Prime and Nothing Injured by Precipitation

Washington County's hopcrop will be saved by Saturday night in nearly every yard in the section, and the crop is prime in every respect. The rains did no damage, and there was no mold in evidence even in the most untoward locations. Wet weather delayed the picking here and there, but as a matter of fact the delay was not costly, as many of the hops were none too ripe at the start.

The Bagley yard of 100 acres finished yesterday morning, and the pickers were all paid off by noon. The Ray yard and the Hostetler yard, at Reedville, have finished, and barring a few small fields, where picking did not begin until Monday, the harvest is now safe. Buyers are traveling all over the district, and while there is not the activity in prices displayed some weeks ago, the demand is sufficient for a good investment for all growers of the vine that is used by the brewer and housewife. And, besides—Maine went wet by 46 votes.

Clark, Forest Grove—1 cock, 1 hen, 2 and 3, pullet, 1st on pen, Partridge Wyandottes.

Forest Grove Music Store

THE BAZAAR K. N. STAEHR, Prop. Forest Grove, Ore.

The old and most reliable place in Washington county to buy musical instruments from. Why? Because we understand the business. When a watchmaker, a groceryman or a furniture dealer all at once decided to handle pianos or any other musical instruments they have something to learn, and the experience may be very expensive to them as well as to their customers. If a dealer does not know

how to buy right, he can not sell right. If he does not know a good instrument from a bad one his customer is liable to get the worst of the bargain. We sell pianos from \$75.00 and up and give our customers the benefit of our experience. In no case do we allow our salesmen or representatives to misrepresent anything or to take in any of the worthless piano checks or piano certificates the country is flooded with. Our prices in pianos are from \$50.00 to \$100.00 less than Portland prices owing to our expenses are so much smaller. On organs and sewing machines, of which we only handle the standard makes, our prices range from \$15.00 to \$25.00 less. We handle Victor and Edison's talking machines and records. We have the largest line of sheet music in the state outside of Portland.

Mail orders for same promptly attended to. String instruments and strings of all kinds. Sewing machine needles for any machine made. Send us the name of your machine and we will mail you one dozen needles to fit your machines.

Grafted Walnut Trees

As I have made a careful study of the Walnut Industry in California, Oregon and Washington for the last six years and have great confidence in the future of the industry, especially in the Willamette Valley, we are planting 250 acres of our own.

As we are growing and grafting the trees for this tract to insure reliability and uniformity we decided to graft some for sale of the same quality. In offering these trees to the public we believe we are offering the very best that can be produced at any price—Vrooman Franquettes grafted on Royal Hybrids and California Black Root.

Washington County has a bigger area of land suitable for walnut culture than most any other county in the valley, yet very few first-class trees of the late-blooming varieties that are adapted to our climatic conditions are being planted.

Order early, as our supply has never been equal to the demand.
