## USE THE ROAD DRAG NOW, SAYS AUTHORITY

Highway Expert Ayers, of O. A. C., Sends out Bulletin

IS SPLENDID AID TO DRAINAGE  
With Liberal use of Road Drag, or Split Log, Have Fine Roads

Prof. E. F. Ayers, of the O. A. C., Highway Expert, encourages the use of the road drag, or split-log device, at this particular time. As Washington County has more dirt roads than anything else, with a soil that means bad roads if not properly attended, his advice is well worth reading:

"These heavy rains, thoroughly wetting down the roads, have made ideal conditions for the use of the drag before the heavy winter weather begins. All pot-holes, mud-holes and other irregularities can be leveled and the surface of the roads put into first-class condition by using the drag two or three times before the roads get too soft. The use of the drag, moreover, at this time for crowning the roads will aid drainage and keep in good condition many roads which were very poor last year. The expense of using a road drag is slight, and a much wider use of it throughout the state would be very favorable. There is no better way to keep a dirt road in good condition than dragging it frequently."

MAX CRANDALL,  
Assessor of Washington County, Oregon.

H. Taylor Hill, of above Mountaineer, was down to the county seat, Friday, making the trip in his car.

Mayor J. A. Thornburgh, of Forest Grove, was down to the city Saturday, looking over the improvements.

Virgil Massey, of Cornelius, editor of the Tribune and one of the officials of that balliwick, was down to the city Monday.

Elder Sturdevant, of Cornelius, was in the city Saturday. Mr. Sturdevant is pastor of the Hillsboro Advent Christian Church of this city.

J. C. Parsons, of Dilley, was brought to the city Sunday, and gave a bond to answer the charge of striking S. R. Vermilyea with a knife, Sept. 30. Vermilyea is the village Vulcan, and Parsons is one of the oldtimers of the Dilley section. Whether their dispute hinged on religion, the Italian-Turkey war, the tariff, or difference of opinion as to which club will win the pennant, is to be made known at the hearing before Judge Smith. Constable McQuillan served the papers on Parsons.

When Italy declared war against Turkey, last Friday, the Italians working on the sewers and grading were keyed up to many expressions of patriotism. Every "Man Giovanni" was cocksure that Italy would wipe the earth with the Turks, and all expressed a willingness to go home if his services were at all necessary. They all acclaim that Italy is a new Italy, and that it is yet to be one of the European powers. As one tersely put it: "We have da beeg country so far as da people are concerned, but we needa da more land. Etalia isa da deerferent countra than ett was 25 years ago. We hava da meelion men—alla da good trained soldier—an' we shall make da Turkey looka lika da what da American say, 'do '30 cent.'" One enthusiastic Italian went so far in his effervescence as to spit in the pictured face of the Sultan which stared out of the columns of an evening daily.

Wm. Chalmers and family, of near Centerville, intend leaving for the Alberta country, this week. Mr. Chalmers expecting to engage in farming and stock raising on a big scale in that section. For many years he has resided in Washington County, and he and his estimable family have a host of friends in Washington County who regret to see them leave, and yet wish for every success in their chosen home. The Argus country, to tell them what doing? down where so long have made their home.

It will pay you place your orders with us we burn our tile to a better than our competitors, a wood only costs us a trifle also have a good stock of and dressed lumber, which invite the public to inspect purchasing elsewhere, flooring is made from r timber and will wear much longer than flooring made from soft yellow fir timber.

Assessor Max Crandall Oct. 16 as the date for the regular session of the County of Equalization. The board held for one week, and all assessments coming their notice as too high, to or where there are omissions. He states that the assessments will reach eighteen million year, aside from the railroad which is fixed by the state.

The Hoover & Connell has been leased to Lunow. has farmed near North Plains for several years. The ranch has 300 acres of plow land, and is one of the most fertile in the plains district. It has been under lease to Wm. Chalmers, who goes to Strathcona, Alberta, Chalmers has bought two big ranches up in the Dominion country.

L. F. Emmott, away on a trip for his health, writes that he stood the sea trip to San Francisco in good shape, and ate three meals daily. They are now at Los Angeles—he and his nephew, Ray—and they will meet J. M. Greear and family.

John Pough and family leave the last of the week for Crabtree, Linn county, where they will permanently locate. He will be associated with L. S. Bonney, who goes from Hillsboro to operate a sawmill eleven miles out of Albany.

Forest Grove expects to have the paving finished within a few days. The contractors intended winding up the work by Thursday, but the rains of the first of the week stopped laying and smashed plans.

R. H. Greer and family will spend the winter at the ranch in North Hillsboro Acres. R. H. has been busy for a week, getting things into shape out in the suburbs.

E. B. Sappington, of Forest Grove, now working for the city, was a Hillsboro visitor Saturday. E. B. has been paving inspector in the work in the college city.

Hans Rasmussen, of near Farmington, was in town the last of the week.

## WILL START BUILDING IN THE EARLY SPRING

County Board Getting Ready for Court House Addition

TO BE FINISHED BY AUTUMN  
Will Doubtless Make Rear Like the Front of Structure

The county commissioners' court of Washington County will during the winter have architects prepare plans for the new court house addition, and have everything in readiness for building operations as soon as the weather settles this coming spring. So far as known it is intended to have the rear of the building arranged like the front of the present structure and this will give a great deal of room.

There is already a sum of something over \$15,000 in the treasury for the purposes, and another very small tax this coming levy will give a like amount. With this as a nucleus, the board will start to build, even if a few

When the Hillsboro bunch returned from the Pendleton Round-up, there were many who were skeptical about the statements of the vast crowds that daily attended the great wild west show at the Umatilla County capitol. If you will just step around to the Jos. Williams pool rooms, and look in the window, they will find the official photograph of the grandstand and bleachers, and this will give them an idea of the great attendance. The pictures are very fine, and R. B. Collins had to be dragged away from the pictures or he would have remained there until the lights were out.

Conductor John H. Dobbins, of the Southern Pacific, was in the city Monday, bringing in a train load of asphalt and cement for the paving contractors. John H. was raised in Hillsboro's environs, and at one time knew every cow-path and meadow trail between here and Mountaineer. Since he was up to the city last he finds many improvements.

Fred Zilly and wife returned to Portland this week, after a vacation with Hillsboro relatives. Fred says he helped chop two barrels of sauer kraut while here, and he proposes to "come back" this winter when it gets to "working" just about 90 per cent. And yet you would not believe Fred was a Deutscher.

Mrs. Blackwell and family departed Saturday for Salem, where they will remain until Rev. Blackwell is located at Juneau, Alaska, where he goes to take charge of the M. E. pastorate.

Miss Hazel Koontz, of Portland, was a guest of her brother, C. E. Koontz, and family, last week, returning Saturday.

Mrs. Dora J. Elliott, of Kiona, was in the city Monday, and returns to the upper Columbia section in a few days.

Argus and Journal, \$2.25.

S. H. Davis, of Beaverton, was in town Saturday.

Fred Wesch, of Tualatin, was up to the county seat, Monday.

August Wedeking was up from Scholls, the last of the week, greeting friends.

Oregon strawberry plants for sale.—A. G. Watson, Forest Grove, Ore. 30-2

Hon. J. W. Goodin and wife, of Glencoe, were in the city Friday afternoon.

O. Westcott, of near North Plains, was over to the city Friday, and called on the Argus.

Onion growers with late crops are praying for a big spell of dry weather. They will need several weeks for the best results.

A. G. Watson, of Forest Grove, was down to the city Friday, looking over the old county seat. "I see you are going some," said A. G.

J. F. Carstens, the Banks baseball fan, was in the city Friday, greeting friends and talking over the chance of the Beavers winning the pennant.

Mrs. S. H. Davis, of Beaverton, and sister-in-law, Miss Laura Davis, of near Sacramento, Cal., passed through the city Saturday, for a visit with H. H. Malter and family, of near Banks.

David Lebeau and sister, Miss Flora, were up from below Scholls, Friday, and called on the Argus. The Lebeau hopyard had 8,000 pounds under contract this year, and sold the balance at current prices.

For sale, reasonable—A half block in North Hillsboro, on rock macadam street. Will sell all or any part, with six room house, in good repair. Fruit trees, berries; chicken house.—John Becker, Hillsboro, Ore. 10tf

Geo. Hathorn, of Laurel, now has a position with the city of Salem, having left the employ of the state. Geo. has a well paid billet, and says that working for the State isn't what it is cracked up. For some months he was at the asylum, as a guard, and he says he wants no more of it.

If persistent rolling with the big steam machine can give a good solid base for the paving, there should be no question about the work being done to reduce the street to grade. Where the laterals were dug the big roller goes down several inches, and it requires a great deal of filling and rolling until it is hard.

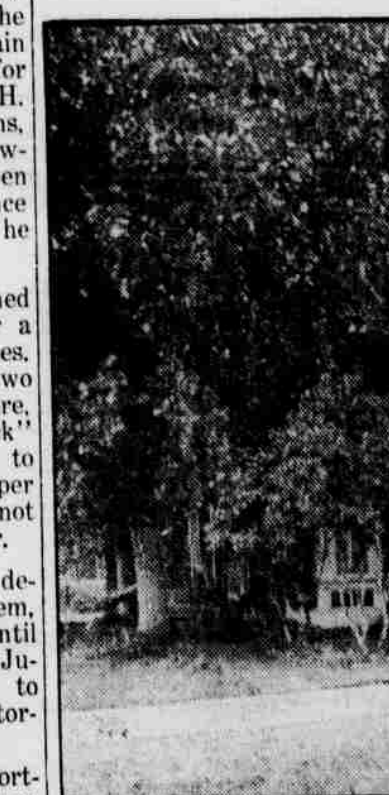

Grant Hughes, one of the pioneers in home telephone systems in Washington County, was down from Forest Grove last Saturday. Hughes was told that the independent telephone business was a frost when he put in a system at Forest Grove. He has lived to see over 2,000 telephones in the independent class scattered over Washington County.

For sale: Two brood sows, 2 and 3 years old. One has litter at side, 3 weeks old, eight in number, and the other will litter in about a month—this last one a full blood Poland-China. Will also sell the pigs. Also a full-blood Poland-China boar, registered, papers to go to buyer.—George Meacham, Mountaineer, four and one-half miles above, on Bacona road. Pacific States Phone, 133, Glencoe.

Wanted: To rent an improved farm, furnished.—Direct to J. L. Kregelo, Forest Grove, Oregon, Route 2. 29-31

COFFEE CLUB PURCHASE

The above is a half-tone of the Rest Room, purchased by the Hillsboro Coffee Club, for the benefit and convenience of people who come to Hillsboro to trade, or who pass through the city. The building is situated on Second Street, between Lincoln and Jackson, and is but a short distance from the northeast corner of the court house square. As the tie-chains on Second will be close to the rest room, the distance to travel will be reduced to a minimum.

## DOUBLE THE TIE-CHAIN CAPACITY, HERETOFORE

City and County Will See That Farmers Have Place to Hitch

IRON POSTS FOR MAIN STREET  
Matter of Hitching Chains Definitely Settled for All Time

Hillsboro's court house square will have hitching chains galore for the farmers who come to the city, and who, with their trade, make the city. This, of course, will be gall and wormwood for those who think the beauty of the square will be sacrificed, but the farmers of the surrounding country who come to town for a half hour or so, and who want to come minus the hired man as a master of ceremony to hold the team, will be pleased to know that eventually he can tie his Mazeppas to the chain and that they will be safe while he buys a pair of overalls, or a piece of meat from the butcher.

Mayor Bagley and County Judge Stevenson have agreed that tie-chains shall be placed on Main Street, from First Street west to the jog in the paving, and the chain already established on Second Street will be allowed to stand. This will give double the room we have had the past year—and, as one farmer said, the other day: "What nicer sight can one see than a lot of sleek, well-fed horses, such as we generally have in Washington County? Me for the tie-chains every time. Besides, when I'm busy in the Summer, and my wife or daughter drives to the city, I want to know that she has a place where she can tie old 'Dobbin' while she hies into the rest room and primps a little before she does her trading."

TILBURY—OLSTROM

A nuptial of interest was solemnized when Lloyd E. Tilbury and Miss Helen L. Olstrom were united in marriage Wednesday evening, Sept. 27, at the Sunnyside Congregational Church, Portland, Ore., by Rev. J. J. Straub D. D. officiating. About 200 friends of the contracting parties were present. Mr. Tilbury is a son of Mr. and Mrs. C. Tilbury, of this city, and is well and favorably known. Miss Olstrom was formerly a teacher in the East side school and a prominent member of the Congregational Church. Little Miss Virginia Olstrom acted as flower distributor. The happy couple were the recipients of many pretty and useful presents. Mr. Tilbury is engaged in the real estate business having offices at 625 Henry Building, and they will make their home in Portland.—McMinnville News Reporter.

The groom was at one time a well known resident of Hillsboro.
