THREE IN CUSTODY HELD ON SUSPICION

Section Foreman Finds Dynamite on Tract Near Santa Rosa

ELECTRIC CAR STRIKES EXPLOSIVE

Wheel's Flange Caught Giant and Hurled it From Rail

James Mills, ages 23; John Mills, aged 20, and a young woman passing by the name of Dorothy Stuart are held by Sheriff Hancock pending investigation of an alleged attempt to wreck an Oregon Electric car at Santa Rosa station on the O. E., this side of the Thanksgiving football game, Beaverton. The stick of giant, or two-thirds of a stick, to be explicit, was found by Section Burnett, Saturday Foreman morning, and from all appearharled it from the track without exploding it. From all appearances a car west bound had shack on the Beck place, where Campbell. the men are clearing land. The officers found giant powder in a barn close by, and from this supply the Mills were blowing stumps. Whether the explosive was placed on the track to wreck the car, and then rob the injured, is conjectural; and some adhere to the idea that it was placed there in a spirit of revenge. The elder Mills and the woman are held on a statutory charge

Authorities on powder allege that had the car struck the dynamite square on that it would have been demotished and thrown from the track.

It is stated that the Stuart jury will doubtless take up the Ind. phone, 584. case and investigate tnoroughly.

Sheriff Hancock and Special detective Lillis, of the Oregon Electric, have spent a great deal of time on the case and hope to find and punish the guilty parties. The Stuart woman is held at

the Commercial Hotel, while the Mills are in the county jail awaiting development.
