FRED MEYER REQUEATHS PERSONALTY TO K. OF P.

Remembers Lodge, Glencoe No. 22, in Last Will and Testament

RARELY MISSED ATTENDING SESSIONS

Gave 40 Acres to Mrs. Sandford, Who Cared for Him in Last Illness

The last will and testament of the late Fred Meyer, who died at Glencoe, last week, was filed in probate court the first of the week, and Thos. Connell confirmed as executor. Meyer was a Knight of Pythias, and thought a great deal of the order, rarely missing its sessions, and when he made his will he gave to Glencoe Lodge, No. 22, wherein he was initiated, the personal property he leaves behind.

To Mrs. Alice Sandford, who took care of him during his last illness, he bequeathed 40 acres of land in Section 8, Township 2, North Range 2 West, in recognition of the kindly care received at her hands.

He also gave this legatee his buggy, all other personal property going to the lodge after his funeral expenses were paid. The property going to Glencoe No. 22, K. of P., amounts to about \$800, and the land in question is valued at approximately \$500.

Meyer left no lineal descendants, and was never married. He was a mighty fine fellow—and it was said of him that he had no personal enemies, whatsoever. He had worked for Mr. Connell for 10 years; and had been in that section for nearly a third of a century.

F. N. Myers, of Mt. Scott, the banker who was in trouble some time ago, has been sentenced to two years in the penitentiary. Myers established two banks in this county—one at Beaverton, and one at Banks, but his interests were purchased very soon after he had started the institutions. Myers must also pay \$1,000 fine. Myers wept when Judge Gatens passed sentence. He broke the Lents bank by individual borrowing.

It's been a long time since you took her a box of nice candy. Redeem yourself with a handsome package of Liggett's Delicious Chocolates, at the Delta Drug Store, only.

Geo. H. Wilcox, formerly of Hillsboro, was re-elected mayor of Newport, Monday, by a big majority. Wilcox is in the grocery business at the coast city, and appears to have given the city a good administration the past year. For several terms he was county assessor of Washington County.

Grafted Walnut Trees

As I have made a careful study of the Walnut Industry in California, Oregon and Washington for the last six years and have great confidence in the future of the industry, especially in the Willamette Valley, we are planting 250 acres of our own.

As we are growing and grafting the trees for this tract to insure reliability and uniformity we decided to graft some for sale of the same quality. In offering these trees to the public we believe we are offering the very best that can be produced at any price—Vrooman Franquettes grafted on Royal Hybrids and California Black Root.

Washington County has a bigger area of land suitable for walnut culture than most any other county in the valley, yet very few first-class trees of the late-blooming varieties that are adapted to our climatic conditions are being planted.

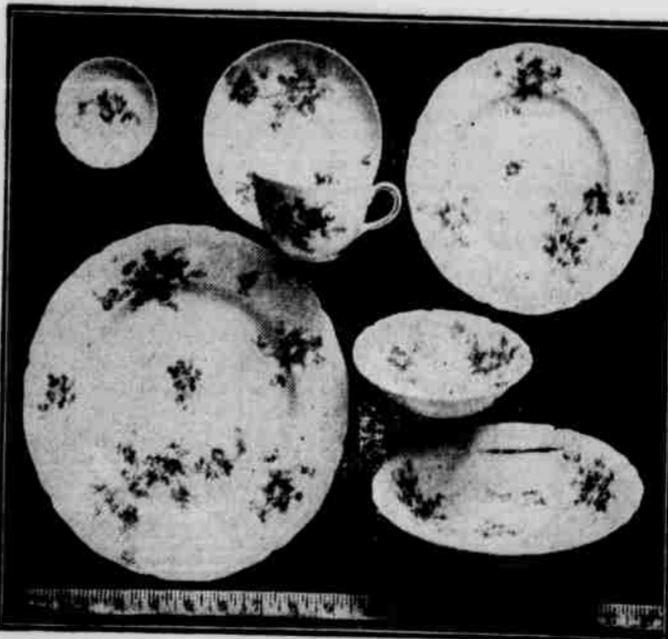

Order early, as our supply has never been equal to the demand.

Ferd Groner.
