HILLSBORO TO TRY FOR BIG FACTORY

Keefresh People Make Fine Demonstration Last Friday Evening

WITNESSED BY SEVENTY-FIVE PEOPLE

Subscription List for Stock is Growing Daily—Needs \$10,000

Messrs. Kirk and associates were in the city Friday evening, and made a demonstration of the "Keefresh" products, at the city hall, in the presence of about seventy-five people. Products of fruit and vegetable, from over 100 varieties, were served to the attendance, and all pronounced them first-class in every regard. The Keefresh is a system by itself and carries letters patent. The plant takes out the water from the product, and leaves it in a soft, dry and pliable condition, with no crust like the ordinary evaporated product. The promoters want \$10,000 for the installation of a factory in Hillsboro, and subscriptions are now being taken. Nearly every member of the Hillsboro Development League is taking as high as \$1,000 worth. The promoters and owners of the patents hope to make this their model factory, owing to our proximity to Portland, and it being handy as a "show" place to those who wish to invest in home factories all over the Northwest.

ROSE CITY PARK IMPROVEMENT LEAGUE

Cheapest Even Though Costing Slightly More. Improvement League Endorses it Because it is Most Durable and Cheapest in Long Run

The Rose City Park Improvement League, representing one of Portland's largest and best residence sections, took a broad-gauge stand on the proposed paving of the Sandy Road at its meeting last Wednesday evening and adopted a motion requesting the Council to let the contract "to the lowest bidder for a bitulithic pavement in accordance with the original petition filed by the property owners last June." This action was taken on the motion of Frank Schlegel, seconded by J. W. Travers, A. B. Slauson, L. E. Carter and others. Mr. Schlegel stated that he considered bitulithic the best pavement and the original proceedings for paving the road had been based upon a petition by the property owners for bitulithic. In seconding the motion, Mr. Travers said: "I signed the original petition for bitulithic as the owner of 276 feet frontage on the Sandy Road, and I am just as strongly in favor of it now as then, for I consider it far more durable and cheaper in the long run than any other material."

Notice of Road District Meeting

Notice is hereby given that a district road meeting is hereby called, to be held at the Hill School House in Road District No. 24, Washington County, Oregon, on the 15th day of December, 1911, at 2:00 o'clock p. m., to determine the extent of improvement to be made on any county road, or roads, or portion thereof, in said road district, and to levy a special tax to defray the expense thereof, not to exceed 10 mills on the dollar, on all real and personal taxable property in said road district.

J. T. Croeni exhibited a piece of tusk and two small fragments of a large sized bone, found in a well on his place, the other day.

The tusk was well preserved, and was found at a depth of 29 feet by the well digger. The bones were found 32 feet down in the earth. That they came from a mammoth is almost a certainty—another proof that the magnificent animal roamed the plains of Washington county, and were here thousands upon thousands of years ago. The specimens were found near Cedar Mill.

As I am going to sell out my stock, for a short time I will sell at greatly reduced rates. Two-year old roses, 5 for \$1; yearlings, 15 for \$1. House plants, shrubs, bulbs, and numerous other plants and shrubs, will be sold cheaper than ever before. Now is the time to buy, and get them planted. Beautify your yards, and at little expense. Seventh & First Ind. Tel. West 154.—Mrs. Agnes Campbell.

Dr. Robb Tuesday amputated the third and fourth toes for G. Haldermann, who had his foot injured at Helvetia, a few days ago, while working on a well for D. Tschabold. The bones were too badly splintered to properly unite.

See our dishes for our customers. When you expend \$100 with us you get a fine dining room set of dishes. Call for cards and have the amount of your purchases punched each time you buy. When you buy that amount you get the dishes, or you have a dandy game and fish set.—Emmott Bros

Miss Aileen Morrison, who has been a member of the composing room staff, on the Independent, has resigned her position, and will leave for Southern Oregon, the last of the week.

Begin now. A savings account with the Hillsboro National Bank, a government institution, earns you four per cent. interest. You will be surprised how your money will earn you money—and it is always safe.

R. Baldra, of Baseline, has been very ill for some weeks. His wife, and daughter, Mrs. Clark, of Portland, have been his constant attendants for over a fortnight.

The sale advertised by Geo. Bacon at Yamhill, has been called off, as he has sold his personal property to the party that bought his Yamhill ranch.

Remember that the Hillsboro National Savings Bank is under government supervision, which insures you the best of protection. One dollar opens an account. 4 per cent. paid on savings.

E. W. Dant, of Reedville, was in town Monday morning. He states that Isaac Allen, the pioneer, aged 80 years, is rapidly passing, and will never again leave his bed.

For sale or trade: Twelve acres, 2 1/2 miles southeast of Hillsboro; also a house and 2 1/2 acres at McMinnville. Will sell at a bargain, or trade for Hillsboro residence property, close in.—C. F. Bunsen, Hillsboro, Ore.

Telephonic communication from West Union says that there is stock running at large, contrary to law, in the district to the north of the church.

The Grand Marca is the most wholesome "two for a quarter" smoke on market—made in Oregon, by E. Schiller. When you indulge in a good smoke buy a Grand Marca. 12tf
