HILLSBORO, OREGON, APRIL 18, 1912

NO. 6

## DELEGATION WENT TO SAIN CREEK FRIDAY

### Inspected Hillsboro's Proposed Mountain Water Supply

#### SUPPLY OF MOUNTAIN AQUA

The Trip in Automobiles With Company Officials

Delegation of Hillsboro citizens, led by Fred Waters and Engineer J. L. Stannard, and U. S. Engineer of the Washington-Oregon Corporation, went to Sain Creek, above Gaston, Friday afternoon, to inspect the possible water supply for the county seat, and they found all that could be asked for in the matter of mountain water. Mayor H. Bagley, Attorney Geo. R. Hartrampf, and several other citizens, including Messrs. Boscow, Smith, Hartrampf, and Kuratli, City Attorney Barrett, A. C. Shute, the county reporter, J. B. and O. G. Liles, were the guests of the Washington-Oregon officials, and a run was made to Sain Creek less than an hour. The Sain Creek was picked up by the party, and machines were stopped a short distance below the proposed intake. Here they found the supply of sparkling water, and from all indications there is no danger of pollution or contamination, for the point where the water will be dammed sufficiently far into the mountains that ranches will be few far between. All the visitors were satisfied that the flow could accommodate a city of 50,000 people. The company expects to put in a big reservoir near Sain Creek and from this pipes will lead through Dilley, a portion of Forest Grove, Cornelius and an Basin to Hillsboro. No finer water supply could be wished for by any city, and Mr. Bagley says that the shrinkage in the lowest water season will not be over an eighth from present volume. The party returned to Hillsboro about 1:30 and were guests of Mr. Waters at a luncheon at the Hotel Washington.

## FOR STATE SENATOR

I am nominated and elected, I will, during my term of office, vote for the candidate for United States Senator who has received the highest number of votes at the preceding election and will support an economy that will keep down expenditures and apply the need test to all appropriations and see that when made they have been judiciously expended and sufficient for which appropriated, thus avoiding deficiencies. New boards and commissions have been unnecessarily created and some of these should be abolished, rather than more created. I believe in a judicial reform that will insure more speedy justice, prevent delays and save money for the taxpayers of Washington County.

W. D. Wood.

## CARD OF THANKS

We desire to express our sincere thanks and gratitude to all who so kindly gave us aid and sympathy during our recent bereavement, the death and obsequies of the late Mrs. Collins.

Harlan Kelly, of above Mountaindale, was in town the first of the week.

Conductor Thos. Rood, on the Portland-Tillamook run, is taking a two weeks' vacation, and expects to spend a few days up in the Eastern Oregon country.

About a dozen motor cycles were in the city Sunday, several of them being tandem. If the way they "jigger" is any criterion one would rather ride an Eastern Oregon broncho—for a person surely gets a good shaking up, or shaking down, as the case might be.

Several hundred people were down to Aloha, Sunday, to witness the friendly gathering of the political class, all parties being represented. The veranda of the R. A. Caples home was tabled, and supplied a splendid dinner to about sixty candidates and citizens, who were at the scene early. Among the notables present were Col. Barboe, representing the Champ Clark campaign, and Hon. Walter Pierce, candidate for U. S. Senator. Hon. S. B. Huston, of Portland, was at the meeting. Speeches were made by a number of the candidates. Mr. and Mrs. Caples and their Aloha friends are to be congratulated upon the bounteous spread. The Beaverton band furnished music for the occasion. John M. Scott, general agent of the S. P. lines in Oregon, and Col. J. R. Eddy, right of way man for the Southern, were visitors.

The bright weather has militated against good trout catches since the law opened—and this reminds the Argus! Remember, you who live along McKay Creek and tributaries, that these streams are now closed to trout fishing. Deputy game wardens are watching the waters every day, and if you are caught there will be visits to the nearest justice court. So do not get into trouble and then say the Argus failed to tell of the commission's order.

Just as soon as the paving company gets those other two blocks completed Hillsboro will carry a better looking front to those who visit the city. The view down Washington Street, presented to passengers getting off the Oregon Electric, is not at all assuring, the street to the westward being filled with unsightly debris. There are also lots of old junk here and there along the curb in the business section that should be removed.

Call at Hotel Washington, Friday, April 26, and have Dr. Lowe show you the new seamless Tonic glasses, with which you can see all distances. They make you feel young without making you look old. Free demonstrations. Scores of Hillsboro references. Remember the day and date.

Sheriff Hancock returned the little Townsend boy to the Boys' Industrial School, Salem, Sunday. The youngster was out on parole, and was home for a short time. Last week he sold a revolver that did not belong to him and high finance again placed him in the custody of the state.

Dairymen, attention—Seven registered Holstein bull calves for sale, ranging in age from three weeks to seven months. Three of them old enough to head herd. Fine stock, and large for age.—Geo. R. Bagley, Hillsboro, Ore., or Oak Cove Farm, Forest Grove, Route 2.

C. C. Whitmore, of Chehalis Mountain, was down to the city Saturday, and stated that the heavy frost Friday evening last formed ice on water that was exposed. As vegetation was very dry, however, there was no damage to anything.

The Washington County Veteran Association will assemble in Cornelius, at 10 a. m. sharp on Thursday, May 2, 1912. A good dinner, a carefully selected program and a good time guaranteed. Visitors welcome.—Committee.

W. L. Soehren, of Dallas, spent Sunday in the city, with relatives. Lloyd was representing Dallas at the meeting of the Portland council Saturday, when the Southern Pacific franchise was being discussed.

I saw cordwood, poles up to 12 inches in diameter, fence rails, and boards of all kinds, into stovewood lengths. Will go into the country. Write, phone or call on me.—Carl Skow, Tualatin Hotel, Hillsboro, Oregon.

Adam Hergert, of south of Cornelius, was in the city Monday morning. Adam has been in his neighborhood for a good many years, and has seen hundreds of forests put into cultivation.

Easterners who came here in February and March have been delighted with the beautiful weather of the past seven weeks. They say they never saw anything like it.

Milk cow, young Jersey, for sale. Fresh April 5. Gives good flow of fine milk. A. Sundberg, Santa Rosa Station, on Oregon Electric.

Dr. W. B. Cunningham, of Oreno, was up to the city, Monday, saying all kinds of nice things about the county seat.

## FRANCHISE ON FOURTH STREET UP IN AIR

### Portland Council Revokes Southern Pacific Rights

#### COMPANY TO OFFER NEW PROPOSAL

General Manager Campbell to Present Another Franchise

The Portland city council has revoked the Southern Pacific franchise on Fourth Street, and the mayor and councilmen have agreed that no future rights will be given, it is said, unless the common user clause is in the instrument. The Southern Pacific already has the matter into the courts seeking to get a decree declaring that their franchise was, or is, perpetual.

General Manager Campbell will at once offer another franchise for consideration, complying with that now being proposed, with the exception that they will ask the city to await the action of the courts—in other words, if the United States Court shall declare that the company has a perpetual right under the old grant, the common user clause in the ordinance-franchise shall be null and void. If, on the other hand, the court declares the old franchise did not carry perpetual tenure, then the common user clause shall be operative. In this manner the company hopes to be able to get their construction forces started and build out through Hillsboro and Forest Grove.

Mayor Bagley was at the Portland council session, the other day, and made an address asking that the franchise be granted as presented. Several other valley officials were present and added their voices to the appeal, but Mayor Rushlight, after all was over, declared that he would sustain the city's revocation and hold to the common user clause if a franchise were granted.

The new proposal by the Southern Pacific may be granted, and if so, there will be construction work started within 30 days.

Councilmen Robt. Hartrampf and C. Heim accompanied Mayor Bagley to hear the argument.

Dr. Ralph Davis and wife, nee Ethel Morgan, were out Sunday, guests at the John M. Wall home. John Sutherland and daughter, Miss Mabel, of Portland, were guests of Mr. and Mrs. Wall, Saturday.

Workmen are doing a great deal of execution in the city park, and when they get through with the appropriation the grounds will be in nice shape. The grove is getting shade-heavier every year and inside of five years there will not be a prettier scenic spot than Shute Park.

O. P. Coshow, candidate for U. S. Senator on the democratic primary ticket, was in the city last Friday, talking over prospects with the faithful. Mr. Coshow has represented his county in the state senate, and is acquainted with a number of Hillsboro citizens.

John R. Bailey, of above Buxton, was in the city Friday and Saturday, returning from a trip to Portland. John R. says that his potato crop went for a fine figure this Spring, and that nearly all of his section had more or less of the product for sale at good prices. He states that the fruit prospects are good up his waw.

C. R. Besse, for many months superintendent of the local business of the Washington-Oregon Corporation, has been promoted to the local superintendency of the Roseburg water and light plant, and he and his family will soon take up their residence in the Douglas County capitol. Virgil Cooper will in the not distant future hold a responsible position with the Portland, Eugene & Eastern Railway, either at Corvallis, Salem or Eugene.

County Clerk Bailey and his office force will in a few days be over with primary election work—and they have had an arduous time for several weeks. Registration has involved an enormous amount of work, for it was 1,000 greater than usual. Then came the getting together of election supplies and preparation of the ballot boxes with all the ballots, tally sheets, return sheets, post sheets, pencils, blanks, laws, and all that must be sent out to the election officials in every precinct. With a few days more—getting the ballot counted officially, notifying all successful candidates and sending a transcript to the secretary of state, and they can take a rest on this election business until early next fall.

## FINAL PAPERS SIGNED FOR BANKS FACTORY

### Farmers Getting Together for Manufacture of Cheese

#### OVER 100 PATRONS NOW SENDING

Institution Opened Monday, With Mr. Carey, Expert, in Charge

Banks is making a move in the right direction—and their new cheese factory opened Monday morning. Over 100 farmers have formed a co-operative institution, and they expect to have at least fifty more patrons in a short time. Banks is the centre of a fine dairy section and for years supported a creamery when all others in the county had closed.

Cheese is always a staple, and as it always has a market, the farmers of that vicinity came to the conclusion that they would open a factory for turning out a product that will get the top of the market. An experienced cheese maker, a Mr. Carey, has been employed, and the new factory starts with a delivery of 6,000 lbs of milk daily. Wade Armstrong, A. C. Carstens and L. L. Crawford were down Saturday getting the legal end of the new company together. As Banks has always made a success of like undertakings, the new venture will meet with the fullest success.
