Some ultra-conservative republican newspaper man has called Theodore the Attila of republican politics. Hardly but the Oyster Bay man is proving himself a veritable Cid in his campaign against the standpat element.

Hughes, of New York, is considered an available dark horse for the republican nomination in case neither Taft nor Roosevelt can come under the wire. Hughes' veto of the New York 2-cent railway fare bill will come back to haunt him in case he should land the coveted nomination.

According to Ben Selling's expenditure statement some wealthy men of his race contributed several thousand dollars, some of the money coming from San Francisco and some from New York. It is a pretty safe proposition that no one outside of Oregon contributed to the expenses of "Doc" Harry Lane.

Gov. West has commenced cutting down expenses at the state penitentiary, and his first move was to let Supt. James out. As a matter of fact, West says that the appropriation is not sufficient, and he will keep expenses down to the legislative limit. After all that man West appears to be somewhat of a business man.

No matter what the political forces in the republican party may decide, it becomes more and more apparent every day that the rank and file of republicans all over the United States have an abiding faith that the ex-president is the only man who stands any show of election against a democrat this Fall.

Champ Clark appears to have the democratic nomination well in hand, and from all indications it would not be surprising if the contestants would be Roosevelt and the Missourian. Somebody's "dawg" is sure going to be "kicked around" if these two militants get into the political arena.

Geo. Mazzei, of Milwaukee, Ore., was in town today, fixing up some tax matters on his Beaverton property. When the Oregon Electric went through in 1907 he decided right off way to the company, and when he paid his tax naturally did not pay on the acreage taken by the railroad. The O. E. did not pay, because it was not on the March assessment, and later the tax went delinquent and Mazzei's entire piece of land was sold for about \$4. As he wanted clear title he pumpled—but he does not think it good business to pay taxes on railroad property, as he thinks they are amply able to pay their own bills.

Smokers want the best—therefore call for a Schiller or a Grand Marca, when you want to see the blue wreath curl.

The old building recently razed by Dave Corwin, south of the Hillsboro National Bank, has had a history in business that few have enjoyed in the county seat. It was built by Henry Wehrung, the pioneer, some time in the seventies. It was leased to the drug store business two or three times, and has housed undertaking parlors, furniture stores, post office, ice cream parlors, restaurants, and almost every kind of trade and traffic. It was moved to its present site to make room for the brick structure. With its dismantling another old-time structure passes.

John W. McVeigh was arrested the first of the week, charged with the larceny of a Percheron stallion from J. R. C. Thompson, of Tualatin, for \$750, giving his note for \$750. On going into Portland McVeigh claims he met a man to whom he owed \$500 and that he sold him the animal, cancelling the debt and receiving \$500 in return. McVeigh was taken before Judge Smith and placed under \$500 bonds to appear for a hearing.

Mr. and Mrs. Alex Vuilleumier and Mrs. A. Vuilleumier, of Portland, were guests of J. J. Krebs and wife, Monday. Mr. V. is a jeweler, and is looking for a location.

# Studebaker Automobiles EMF 30

## Two Models

### If You Were an Expert, What Car Would You Buy?

The time has passed when automobiles can be sold to you on their appearances or claims. This is a day when you and every purchaser must be shown what the car for which you pay your money will actually perform; what it will do. Beware of an automobile salesman who attempts to beguile you with a pleasing story. Tell him to show the goods and **prove** to you that his cars are worth the money. Find out whether his car is a real car or only an assembled automobile built to sell.

You have a right to your money's worth, but it is up to you to see that you get it. Deeper than all appearances, there are a few expert tests which ought to be applied to every car.

Who makes the car? Is it an assembled car or made from top to bottom by one manufacturer? What kind of a guarantee is on it? Does the manufacturer respect his own product with a real guarantee, or does he want you to take the chance? What do parts cost you and how conveniently can you get them? How many cars of this make are in service and how many are giving satisfaction? Questions like these go deep into the heart of the case, and if you put them rigorously upon any car you will find out with a certainty whether or not that car is worth its price.

We are selling Studebaker E M F "30" and Flanders "20" cars because we know that, dollar for dollar, their equal is not sold in the market today. The records of many thousands of cars in all kinds of service have convinced us absolutely. Studebaker E M F "30" and Flanders "20" cars are built to run, and because they run they sell. If we cannot prove to you under the most searching test that Studebaker cars are absolutely the best automobile values in the market, we do not want your business; but we can prove it, and your neighbors who drive these cars will tell you the same thing.

Be an expert when it comes to buying a car. You can, by getting from us some further ideas on real tests of an automobile. Clip the attached coupon and send it to us now because we have something new to tell you which you ought to know, whatever car you have in mind.

### Notice of Final Settlement

IN THE COUNTY COURT OF THE STATE OF OREGON, FOR THE COUNTY OF WASHINGTON.

Notice is hereby given that I, the undersigned administrator of the estate of W. M. Jackson, deceased, have filed in the county court of the state of Oregon for Washington county, my final account as administrator of said estate and that said court has set Monday, June 10, 1912, at the hour of 10 o'clock a. m., of said day, as the time and the county court room in Hillsboro, Oregon, as the place for hearing objections to said account and the final settlement of said estate.  
Dated May 9, 1912.  
Walter M. Jackson,  
Administrator of the estate of W. M. Jackson, deceased.  
W. N. Barrett, Attorney for said estate.

### CARD OF THANKS

The undersigned desire to thank the good people of Hillsboro, and those from near and far in Washington County, who so generously responded to the subscription for aid circulated by Gilgian Hager after the total loss of our house and contents by fire a few days ago, above Mountindale.  
Mr. and Mrs. Chris Maurer, Mountindale, Ore., May 9.

With the new court house annex under way; the Donelson block on Third, nearly completed; the Hillsboro National-Corwin two story brick ready for construction; several blocks of paying projected; and a number of cottages going up, with a prospect of more business buildings, Hillsboro will do very well in the building line, this year, even if there is a presidential contest hinging.

Mrs. Wiley-Edwards, of Orenco, was up to the city today, the guest of her son, W. V. Wiley. Mrs. Edwards was a resident of Hillsboro in the years when Hillsboro could have been tucked away in your vest pocket without trouble. Although past seventy years of age she still retains her faculties, and remembers pioneer incidents and conditions as well as though it were yesterday.

Mr. and Mrs. Chris Maurer, of above Mountindale, were in the city today, laying in supplies to take the place of those lost when their house burned a few days ago. The loss was a severe one on people trying to hew a home out of the big Oregon woods.

Mrs. Blanche Bride, who has been teaching in the Grabel district, south of Hillsboro, was ticketed through to Amboy, Ill., by Agent Cooper, of the Oregon Electric, via the Hill lines, and departed for a summer's stay in her old home.

Edmund T. Moffat and Laura Cooke, the groom of Multnomah County and the bride of Washington County, were granted license to wed last evening.

Jos. Smith, with the Blake McFall Co., was in town today. Smith resided near Cedar Mill when a boy, and knows all the oldtimers of that section. Smith says that Hillsboro is showing more progress than any town of its size in the state.

H. Huntemann, of beyond Oak Park, was in town yesterday, and states that the heavy frosts of April did not kill all of his peaches, and that he expects to have a few of the best that were ever raised in the county.

Being married is a habit that many people are totally unable to overcome.

It takes a woman to believe a lot of things and people that she doesn't trust.

Soon as a man starts a bank account his wife gives it another start—out through the paying teller's window.

You can't improve your time by taking it to a repair man. It is a job you have to do yourself.
