Wherever the direct preferential primary prevailed Roosevelt has carried overwhelmingly, with Taft a poor second. Theodore carried Minnesota with its 24 delegates, and Tuesday he carried California by an immense majority. It now begins to look as though Ohio will settle the fight one way or the other. Should Roosevelt carry Taft's own state it will be the death knell of Taft's ambition to succeed himself, for nothing can then stop the militant ex-president from landing the nomination. As time rolls on the Argus has verification of its prediction when the fight started—that Roosevelt was stronger before the rack and file of republican voters than Mr. Taft.

Champ Clark is gaining in strength every day, and it looks as though the Missourian will have all the balance distanced at the Baltimore finish. Owing to the extreme bitterness of the fight, however, Clark may have trouble in getting the necessary two-thirds to nominate and a dark horse may be trotted out. Harmon and Underwood are out of the fight.

Mr. Roosevelt says that the big dailies are fighting him tooth and nail. That's nothing. A gentleman whose first name is William Jennings Bryan, not to get personal, has been fought by those same papers for sixteen years, and if Mr. Roosevelt absorbs a few more ideas from the great commoner he can expect the fight to be continued.

Three hundred sets, more or less, of eighth grade examination papers from the Washington County schools are now being graded by the Washington County examining board, consisting of Messrs. M. C. Case, J. H. Jack, C. W. Burt, H. C. Todd, E. G. Webb, and Miss Dell Young. Some of the answers are extremely amusing, an instance being that the population of Washington County runs from 600 on one paper to 25,000,000 on another. The board is very busy at the task, and it will be several days before the grades are completed and the graduates get their diplomas.

SELLS-FLOTO SHOWS
William Haines, contracting agent of the Sells-Floto circus, was in town Tuesday. Mr. Haines has come in advance of the show in order that supplies necessary for their engagement here, which is on June 2nd, shall be ready to be delivered just as soon as the first section of this popular circus makes its appearance.
It would be repeating an old story now to endorse the Sells-Floto people as among the very best purveyors of attractive amusement visiting this city. For many years they have been coming back to us with an attraction more important in every way than those which preceded it. For the last three years they have adopted the policy of cutting the regular price in half, while at the same time they have augmented and strengthened the show from every standpoint.
Mr. Haines promises that this season the performance of the Sells-Floto circus will in every way be worthy. Many new and startling features have been added to the program, among them some which have been imported from Europe at considerable expense.
The prices this year will remain as formerly. Twenty-five cents admits to the circus and menagerie in its entirety.
These people carry 400 people with them, and they have paid \$40 for their license. Hundreds of dollars worth of provisions, meats, etc., must be purchased for the one day stand here. A special train will be run to Hillsboro from Tillamook.
