

## BEAVERTON - REEDVILLE

## Acreage

The largest platting, the most rapid and extensive community development, the most highly fertile soil, and being handled by the largest and oldest acreage firm in Oregon.

Come with us and share the advantage of our experience and financial strength.

These beautiful tracts are only 40 minutes' ride on Fourth street or Oregon Electric line.

Just six miles west of Council Crest, ten miles from Courthouse by wagon road.

No freight or commission to pay; you get consumer's prices for your products.

Splendid 4 year old apple orchards demonstrate the soil. We will set a tract of this land to trees of your own selection for \$25 per acre, terms \$300 acre here subdivided into tracts of 1/2 acre to 2 acres each; completed and traveled road along one or more sides of each tract, no matter how small; rural delivery or mail; free delivery of merchandise; good telephone service; good schools and churches convenient.

The assured growth of Portland means rapid increase of values on this acreage. Buy now and get advantage of the rise.

Tracts selling from \$125 to \$300 per acre and upon monthly payments if desired.

Call at our office, 102 Fourth street, and arrange to see these lands.

## Shaw-Fear Company

102 Fourth Street Portland, Oregon

## MADE IN OREGON

Reinforced concrete culverts have passed the experimental stage. Every consumer has become a booster for them after trial. Inspection of our plants and methods is freely invited. No doubt longer exists about reinforced concrete culverts. Frost, fire, alkali or salt will not injure our culverts. Our joints are securely locked with Gilligan draw bars. Reinforcing is fully protected by the concrete covering. Concrete is the best known preservative for metals. Eventually reinforced concrete culverts will be universal. Don't delay permanent culvert construction any longer.

Concrete culverts are permanent improvements. Our system is the best on the market today. Now is just the beginning of the concrete age. Concrete properly made gains strength year by year. Reinforcing adds to the strength and durability. Economy is promoted by permanent improvements. Traffic grows heavier. Concrete meets this contingency. Every other known material deteriorates with age.

Cement is becoming more and more a home product. Until concrete came on the stage expedients were necessary. Labor is a big factor in reinforced concrete construction. Values are not determined solely by the cost of an article. Everyone of our reinforced concrete culverts is warranted. Road building is of a scientific and permanent nature today. The people want the very best that their money will buy.

Why not keep up with the procession of human progress. One trial will convince you that our system of reinforced concrete culvert construction has come to stay. Kindly give this matter serious consideration. Sewer, drain and culvert pipe are our specialties.

**Urge the use of Reinforced Concrete Culverts in your district. They will positively last always.**

Rough and Dressed Lumber of all kinds.

Mill 1 1/4 miles from B. P.

Cornelius' Place.

Will Deliver.

Lumber delivered to North Plains

A. E. McCUMSEY  
Cornelius, Ore., Route 1

Washington County is "some flower" section, after all. Aug. Lovegren, founder of Cherry Grove, the new town near Gaston, recently told his two little daughters that he would give them a piece of money for each variety of flower that they could find and place in their pressbooks. One of the daughters already has 105 and the other 107. Lovegren is commencing to take stock of his bank account, so as to recall the offer before the daughters cramp his balance. Who would have thought that in the month of May so many varieties of bloom could be found in Washington County?

For Sale—A horse mule colt, 8 months old, big for age. Will make a fine animal. H. Rasmussen, on Merrill place, between Reedville and Farmington. Address, Beaverton, Oregon. R. L. 1-tf

A big Canadian excursion will arrive in Portland from the big Dominion center, in July. The excursion is enroute to Galveston, Texas, and from there will run up to New York, and from there return to the starting point. Frank L. Hay, a brother of Mrs. Frank Imbrie, will have charge of the palaces on wheels, and if the train can be held long enough at Portland, will make a trip out to his old Hillsboro home.

I saw cordwood, poles up to 12 inches in diameter, fence rails, and boards of all kinds, into stovewood lengths. Will go into the country. Write, phone or call on me. Carl Skow, Tualatin Hotel, Hillsboro, Oregon.

The Hillsboro boys who went to Corvallis last Friday are loud in their praises of the treatment accorded them by Hon. Jas. Withycombe, vice director of the big Agricultural College. Mr. Withycombe still owns his Washington County farm, and takes a great interest in this section of the state. He conducted the lads through the big college, and entertained them royally.

Contractor J. S. Lorsung has completed his contract at the S. P. depot, foot of Second Street, and it helps the appearance of that section of town. He also did the excavating for the court house annex basement, and finished the contract in record time. His next big work is to put in the piling bridge, down in the Borwick section.

Frank Imbrie, of West Union, was in the city Monday. His Spring grain is just getting through the ground and the rain of Monday morning early was worth a bunch of money to him. The late sown grain all over the section was much benefitted by the precipitation.

With a \$32,000 court house annex; a \$25,000 school site and building, new business blocks going up, and many cottages, Hillsboro is doing pretty well, thank you. And aside from this there is promise of a great deal of street improvement.

Alfred Guerber, of Helvetia, was in the city the last of the week. Mr. Guerber is one of the best cheesemakers in the county, and his product is always eagerly sought at the county seat.

Mr. and Mrs. R. H. Greer, E. L. McCormick, C. F. Libby, and Mesdames M. C. Case and R. L. Sears departed Monday evening to attend the Grand Lodges of Odd Fellows and Rebekahs in Pendleton.

Mrs. Edyth Tozier Weatherford and brothers, Albert Tozier, and LeRoy, an attorney of Fairbanks, Alaska, were in the city the first of the week, guests at the T. S. Weatherford home.

Irving Higginbotham, the new Beaver pitcher, lost his first game Sunday, with Vernon. It went to ten innings, and Portland lost two to one—not a bad showing, to say the least.

Chris Johnson, of Mason Hill, was down to the city Monday, taking home a fine mule colt, purchased from H. Rasmussen.

J. M. Howland, of Helvetia, was down to the city Monday, getting ready for a public sale of personal property, June 1.

Thos. Crawford and wife, of Tigard, visited with their daughter, Mrs. J. Ashbaugh, the first of the week.

J. J. Krebs has purchased a new Cadillac auto and will soon contend for the championship as chauffeur.

Fred Gheen is home from an extended trip to California and Southern Oregon, much improved in health.

I. C. Nealeigh, the Scholls nurseryman, was up to the city Monday morning.

J. W. Jameson, of Farmington, was in town Monday, and called on the Argus.

J. A. Zimmerman, of Roseland Farm, was a city visitor Saturday afternoon.

Sam Moon and wife, of Centerville, were city visitors, the first of the week.

J. T. Heard, of below Newton, was in town Monday.

Hans Rasmussen, of below Newton, was a caller Monday.

## The Pharmacy

Reliable, Reasonable and Fresh Drugs Always

Our Prescription Department is unequalled for patent drugs and accurate dispensing.

P. E. GARDNER, Prop.

## SUMMER VACATION

To the East

Rose Festival

Elk's Convention

Round Trip tickets to the principal cities of the West, going or returning through California, etc. via Portland. One-way fares \$15.00.
