

## SECOND GETTYSBURG AT ATHLETIC PARK

Fifty Per Cent. of the Combatants Suffered Some Injury

K. of P. NINE WINS OVER MASONS

Annual Game Was One of the Best Accident List Was Large

The annual game between the Knights of Pythias and the Masonic fraternity took place at the Athletic Park, Thursday afternoon, May 30—Decoration Day—and there was some carnage. Nine men were given an injury, but nearly all the boys held on until the last of the ninth inning, when it is safe to say that you could have put two of the opponents into a ring with bare fists and neither could have hurt the other. It was a great game, and replete with enthusiasm. At least one surgical operation was performed—F. J. Sewell, manager of the K. of P. team, having badly split his hand.

The Pythians beat by a score of 11 to 5, and there was a good crowd to witness the contest. The Masons had two pretty fair pitchers—Clay Freeman and Chester Alexander, but the Pythians somehow seemed to find the slants. Geo. Anderson pitched for the Pythians for a while, and his arm went bad, and Bunsen relieved the backstop, Phelps, who rolled up his sleeves and swore that by the beard of Pythagoras he could pitch himself away back in the dead past—and Phelps did pitch some ball. He went at the Masonic batters like Theodore Roosevelt at a New Jersey audience, and he dropped all his teeth—because of a grim—when he whiffed the old leaguer, E. L. Moore, two times.

Pythian injured—F. J. Sewell, badly split hand; Chas. Nelson, sprained knee; Jas. Anderson, skinned elbow; John Booker, lacerated conscience.

Masonic injured—Wm. Schulmerich, split finger; Clay Freeman, fractured toe—not because he kicked—E. L. Moore, wrenched side; Chester Alexander, bicep misplaced, and Wm. Gottlieb, bad arm.

Umpire Heater was rendered hors du combat, and Art Shuter, who umpired, was worn out, and then Adams finished the game—requiring some tonic when finished. There were no fights, however, the best of Sunday school feeling having prevailed. It was a great game, and the boys started to pick out two nines for next Decoration Day.

The line-up:

Knights of Pythias: Masons  
Phelps-Bunsen..... Moore-Freeman  
G. Anderson-Phelps p. Freeman-Alexander

Bunts and Hits

What a pity that Phelps can't elongate so that he can both pitch and catch. He is some pitcher as well as a backstop.

Old Man Bunsen caught Phelps, but says he was lucky enough not to have a chance to make a throw to, or at, second.

Ward Downs made the acrobatic catch of the day.

Moore says he didn't know that Phelps was loaded. The general manager of the Cardinals was "whiffed" two times by his regular catcher.

That Doc Sears, the first socker for the Masons, is some class, himself.

Bill Schulmerich, who played with the Masons, used his finger as part of the bat, and even at that poked the ball nearly out of the diamond. He will nurse the digit while up in B. C. on that lecture tour.

Doc Smith was there with the bells and bandages.

Four of the Masons were K. of P.—and they get the glory both of defeat and victory.

Freeman and Alexander say there was no science in the Pythian hitting. Each says that the Pythians just shut their eyes and whaled away at the pit.

It's all over until next year's Decoration Day.

Mrs. Frank Ballard and son, Lynn, of Portland, were in town Decoration Day.

The meetings of the Banks-Thatcher good roads association, at the Kansas City school house, continue to grow in interest. The body was organized in January, and methods of "good road building," is the purpose of the members. They also meet to co-operate with the county court and supervisors, in efforts for highway improvement. Much interest has been created, and creditable results have been obtained. A notable result was the recovering of the Thatcher district road special fund of \$996, which had gotten lost in the shifting from one fund to another, and which has been put in the fund again. The Ass'n. advocates a more general use of the road grader, roads rounded in the center at the proper time, for better drainage, and a more general use of the road drag in the winter time, when the rains are on. It also favors monthly publication of road supervisors' reports, to show where money has been expended, so that taxpayers may know where their money is going. Meetings are held on the first Wednesday evening of each month, and besides taking up local road affairs the members will soon take up the proposed road bills to be voted on next November, so that people may vote intelligently on the measures.—Cor.

Closing out sale of plants.—Will sell at sacrifice to those wishing to fix up their yards—and they will do well to call and see what we have: house plants, roses, shrubbery, lilies, peonies, bleeding hearts, and other things too numerous to mention. Cabbage and tomato plants in their season. We also have some fine cemetery plants and shrubbery.—Mrs. Agnes Campbell, Corner of Seventh & Fir Streets, Phone City 153.

The rural mail carriers had a gathering at the city park, Decoration day, and enjoyed a very profitable session. Mr. Craxburger, of Aurora, state president of the rural letter carriers, was present. Election was held for the county organization, and F. S. Olsen was chosen president, and A. M. Kennedy, vice. W. H. Boyd, of Beaverton, was elected secretary and treasurer. Next year the annual meeting will be held on Decoration Day, at Beaverton, and a big basket dinner will be one of the features, the carriers to have their families with them.

The World Keepfresh Co. is now ready to contract for the season's supply of peas, beans, corn, Loganberries, raspberries, strawberries, etc. Call on M. B. Rutherford, field man, at the Plant, 10th & Washington, or write Co. at Hillsboro, and he will call on you.

Dan Burkhalter and son, Edwin and Ed. Boge last week spent days on the Wilson, after trout. Their catches were 260, 320 and 385 respectively, and they landed some fine ones.

J. F. Johnson, of Buxton, was down to the county seat Friday. He says that the outlook for a good crop is A1 up his way.

## STONE WORK BEGINS ON ANNEX THIS WEEK

Foundation Blocks Will Soon be Laid and Wall Will be 7 Feet

WILL MAKE HANDSOME BASE EFFECT

Three Men Busy Cutting Boos Rock For New Departure

West Washington County is figuring permanently in the structure being added to the county court house. Forest Grove furnished the brick, and the Boos quarry has been delivering the stone for the seven feet of wall from the ground to join with the brick laid just above the present concrete line. The wall of rock will go clear around the annex, and will lend a massive appearance to the addition. This is by far the prettiest rock to be found in this, or any other, section of the state, and it works finely under the chisel of the stone-workers. Laying starts this week and Mr. Bigham, who has charge of this part of the work, says it will take but a little time to lay. Contractor Foster now has the concrete ground floor laid, above the basement line. It will last as long as the pyramids of Egypt. It is the only reinforced cement floor of its kind in this section of the state, and Portland has nothing on it for strength and durability, or along fireproof lines.

George Bacon, of Yamhill, was down to the city over Sunday, bringing down a team for veterinary treatment by Dr. Reagan.

Dance at M. W. A. Hall, Saturday night, June 15. Ladies' orchestra. Everybody invited for the one best June dance. A fine time all the time. 13-4

The funeral of the late Christian Larsen was held Friday forenoon, at the Donelson Undertaking Parlors, interment being in the Odd Fellows Cemetery.

C. Waibel, of Helvetia, was in town Monday. He says that quite a number have already commenced harvest of clover hay, and that the crop is a fine one. Clover cutting is quite a bit earlier this season than usual.

Wm. Schulmerich departed Sunday for his lecture trip over in British Columbia, under the auspices of the agricultural bureau. He will cover an entirely new section than that of last year.

W. E. Thomas, principal in the Cornelius schools, was in town Saturday. Mr. Thomas expects to spend his vacation this Summer over at Long Beach, Wash., and this Fall will take charge of the Forest Grove Lincoln school.

Mayor H. T. Bagley is learning to operate a new Five-passenger Buick automobile, a present from his father, Wm. Bagley, the Leisville hopgrower. The new machine was brought out from Portland, Sunday, by Ferd Hartrampf, through whom the sale was made.

E. W. Dant, of Reedville, was in town Saturday. Mr. Dant says he met and conversed with the late Christian Larsen, Monday evening, May 27, after he, Mr. Dant, had returned from a trip on the Tillamook line. This being the case Mr. Larsen probably took his life early Monday evening.

One of the lady riders in the hippodrome race, Sunday evening, narrowly escaped serious injury. Her horse fell while within 30 yards of the post, stunning her for a minute. Another horse came near trampling her, and it was a miracle that she was not badly injured. After a few minutes she was able to leave for the dressing room.

Albert A. Asbahr, in the Chair of Agriculture at the Pendleton High School, was in the city Monday. Mr. Asbahr is visiting his parents, Mr. and Mrs. Julius Asbahr, in South Tualatin, and will be enjoying a vacation until in September, when class-work again comes. He expects to return to Pendleton this Fall, and if he shall, he hopes to see Hillsboro represented at the annual round-up. He likes Pendleton, and says the city is progressing finely with her public school system. Two stories of the new State Hospital building are now built—and Pendleton is prospering, what with improvement and bumper crop promise. Asbahr says that the country is now ope waving mass of green wheat fields for miles and miles around the city on the Umatilla.

Notice is hereby given that the undersigned will receive sealed bids for the construction of a four-roomed, two-story Store building, on Second Street, between Main and Washington, in Hillsboro, Oregon, bids to be opened June 8th, on Saturday, at 10 o'clock A. M., at the Hillsboro National Bank, in Hillsboro, Oregon.

The right is reserved to reject any and all bids. Plans and specifications can be seen at said Bank.

## BIG CROWD ATTENDS SELLS-FLOTO CIRCUS

Hillsboro Put on the Map by Managers of Big Attraction

EVERY SEAT IN TENT WAS FILLED

Ten Thousand Witness Afternoon Performance—2,000 at Night

Hillsboro is on the map, and has the distinction of being the smallest town on the coast enjoying a visit of the big Sells-Floto circus. Their manager came to this city several weeks ago, noted the railway facilities, looked up a few population statistics of the county, and concluded that he could get six thousand for a day performance, and 2,000 for a night performance. He could get no other date but Sunday, and he took the chance. His aspirations for this number of people were more than realized, for the big tents handled, at both performance, practically 12,000 people.

It was a fine show, and there was a parade nearly a mile in length, with animal attractions that were superb. The show at the grounds at the foot of Fir Street was as good as any ever billed into Portland and in the afternoon performance they gave the same program that they gave in Portland, Monday and Tuesday.

Their manager was very much pleased with the Hillsboro patronage, and told the Argus that a town boasting 2,500 had never given them so many admissions in a single performance as Sunday afternoon.

All the riding, trained animals, etc. were exceptionally good, and the six weeks old baby elephant was there, and the baby monkey, as well.

The advertised forty clowns were present in all their glory, and many new ones were driven over. At every angle in the big tent a group of fun-makers kept up an incessant fire of wit, both verbal and in pantomime. The "suffragette parade," by the entire force, and the suffragette speech, was one of the good features of the chasers of melancholy.

Notwithstanding there was some criticism about the Sunday feature, many church people were there with their children, and young and old enjoyed it.

There was not a single case of drunkenness, and the big crowd was orderly through the day and evening.

Side Play Causes Laughs

For a half hour before the show commenced a young man stylishly attired as a lady provided much amusement for the audience. The apparent young woman would tearfully rush up to some gentleman, whether he was with a lady or alone, and explain that she had lost a piece of money in the grass—or perhaps it would be a brooch. The unsuspecting listener would at once begin to make a search for the lost article while the interrogator would constantly fan the searcher, meanwhile the audience would be convulsed with laughter. This little comedy was worked overtime and made the long wait as good as a vaudeville. Some wives became rather "sore" on the intruder, especially when the pretended lady would put her arm around the husband. She caught nearly 100 of Hillsboro's best.

The children enjoyed the day immensely, and the man who "just went to take the little ones" relaxed into little laughs of satisfaction, all the way through.

CARD OF THANKS

We desire to thank those who so kindly assisted us and tendered sympathy during our bereavement, the obsequies of the late Christian Larsen, and return special thanks for the beautiful floral tributes.

## REXALL STORE

Is now one of woman's strongest weapons. The delicious fragrance of a delicate perfume carries lasting memories of womanhood that even make up for lack of prettiness—and other things, but the perfume must be good. Much of the cheap perfume nowadays is made from mineral products, and not only loses its strength, but decomposes into an obnoxious smell. Our perfumes are carefully selected to get and retain your custom. You can therefore be absolutely sure they are good. Come in and try them.
