SUPT. ALDERMAN SENDS OUT AN OPEN LETTER

Asks all Voters to Take Interest in School Elections, Monday

RURAL DISTRICTS FOR HOLIDAY

Advises That Women Take a Lunch to School Grounds—Men to Follow

Supt. of Public Instruction Alderman sends the following letter to the patrons of the Oregon public school system:

"We do not attach sufficient importance to our annual school meeting. This year our annual meeting occurs June 17. On this day one director and the clerk are to be elected in every school district in Oregon, a matter of much importance to each community. I should be very glad, indeed, to find that many of the Oregon school districts were making the day of the annual school meeting an important occasion, and at the same time taking advantage of being together to talk over the problems of the schools.

The voting for director and clerk will take place at the school house. It should be remembered that women already have the privilege of suffrage in school elections. If all the women of the community will pack their lunch baskets, and assemble at the school house on the morning of June 17, I am confident that the men will be there also when the sun reaches the meridian. Of course, the members of the family under voting age will have to have dinner. So all will spread out their lunches under some pleasant shade, and enjoy dinner together.

After a good dinner all will be in the right frame of mind for selecting the officers, and discussing school affairs. The patrons will have this opportunity to investigate the conditions of the school house and grounds, and see what repairs are needed; whether the school house is properly heated, lighted, and ventilated, and see what books and pictures are most needed. Let us make June 17 a red letter day for our district."

A Card

The Brooks Bros. considered the statement made in our circulars, saying, to-wit, "The Brooks Store failed to make good and the store changed hands again, Mr. Hemenway selling out to us," as misleading. I therefore wish to state in explanation that when the Brooks Bros. sold out to Mr. Hemenway their business was in a prosperous condition.

Jos. Morrison, of near Farmington, was in town Monday. He has just laid several hundred feet of more irrigation pipe so as to get water on some of his crops. J. T. is pumping water out of the Tualatin, and certainly makes two blades grow where but one grew before he installed his plant.

Herman Collier was up to the city from his Scholls ranch, Monday, and reports crops looking fine. He has seven acres of onions which he is cultivating for himself, and has leased five acres which are in onions, cultivated by Otis Marrs. This makes 12 acres of the Winter fruit on the Collier place, and if they go to \$2 per sack Scholls will get some returns this season, anyway.

A warrant has been issued out of Judge Smith's court for one Guy Porter, who bought cream from the farmers of North Plains and vicinity. He shipped in his own name, and it is said that he represented that he was buying for the Washington Creamery. It is said that after getting in from \$500 to \$1,000 in money, Porter skipped out, and search by the officers have been rewarded by no results. By some it is thought Porter went to British Columbia but wherever he is he has some good Washington County money in his jeans if the stories told are true.
