## WORK STARTS ON LINE FROM FOREST GROVE

Company Expects to Have Water Running in Three or Four Weeks

## GROUND BROKE THE FIRST OF WEEK

Sept. Turner Working Every Man he Can Use to Get Line Laid

Mr. Stannard, of the Washington-Oregon Corporation, assembled his construction outfit the last of the week for a start on the pipe line from Forest Grove that will for six months supply mountain water to the county seat. The Gales Creek supply will be tapped at the city limits of the Grove, the line run through Cornelius, giving that town a water supply, and then join the Hillsboro plant at First Street, on Baseline.

Mr. Turner started a big crew at work the first of the week, and he states that it will take but a few weeks to complete the task. Gales Creek water will therefore be running into Hillsboro's mains before the dry season appears.

Visiting Team Made But Four Hits off the Youngster

## BARTELS, FOR VISITORS, STINGY

Allowed the Home Team but a Measly Six Hits in Close Game

The Tim Cress Club, of Portland, were defeated by the Cardinals, Sunday afternoon, at Athletic Park, by a score of four to two, in a close and exciting game, from start to finish. The visitors did not score until in the ninth inning, and up to this time it looked as though the Cardinals would perfect a shut-out. Scott, the new Cardinal pitcher, struck out fifteen men and allowed but four hits. Bartels, the Cress pitcher, struck out but four, but was also stingy, allowing but six hits.

The game was one of the best of the season, and was enjoyed by a fair sized crowd.

Scott passed but one man, while Bartels walked 3. Williams and Briggs were the only players credited with sacrifice hits.

## DIST. 61 DOES IT RIGHT

J. E. Zimmerman, of District No. 61, beyond North Plains, reports that at their annual school meeting they carried out the full instructions and requests of the State Superintendent. The ladies prepared and served a bounteous repast, consisting of chicken, salads, strawberry shortcake and other delicacies, as well as lemonade.

The election of school officers resulted in A. L. Logan for director for three years and Carl Berggren for clerk. The proposal for a nine months school was canvassed and found but little opposition. The legal voters instructed the board to procure a first-class teacher for the ensuing year, and they expect to vote at a special school meeting for a special tax to meet the required expense. F. M. Wadsworth, of the Cedars, chairman of the board of directors, presented the school with ten useful books for the library, and received a vote of thanks for his gift. The young men of the district had a lively baseball game on the new school grounds. G. B. Zimmerman umpired the game. With the best one-room building in the county, and the building of the best mountain road in this section, the people of that vicinity predict a fine future for this portion of Washington County.

## HIGHEST PRICE EVER PAID FOR LOCAL DIRT

County Clerk Bailey Has Bought Old Commercial Property

## MAIN ST. REALTY CHANGES HANDS

Bailey Pays \$10,300 for 49x186 Feet—One Story Building

County Clerk J. W. Bailey last week closed a deal wherein he takes over the brick one-story building built by the Commercial Bank, and where for several years the bank conducted its business. The property is 49 feet by 186, and is well-located. With the sale follows a half interest in the Hillsboro National Bank's east wall. The two stores are now occupied by E. L. McCormick's music store and Chas. Parker's Palm confectionery.

The price paid was \$10,300—the highest price as yet paid for Hillsboro property, considering the size of the building.

Clerk Bailey has great confidence in the future of the county seat, and besides this purchase owns a big interest in the Commercial Hotel property, at the corner of Second and Washington, W. V. Wiley having the remaining interest. He intends adding another story to the Main Street building as soon as business justifies.

E. J. Lyons will build next year, without question, to the east of this block, and there is some talk that D. B. Burkhalter, who owns the livery, will also put up a brick next season. With these old buildings substituted with good structures the future of that part of the city will be assured. Rents are already very high in the quarter.

John Powell, who has been visiting his mother, Mrs. M. A. Powell, started the last of the week for Needles, Cal., to again take his position in the train service.

Last week's rains delayed paving work to a considerable extent, and but little was accomplished. Just as soon as the weather settles the old contract of last year will soon vanish into "thin air."

Mr. and Mrs. Percy Long went to Miller Station, above Albany, Saturday, to attend the funeral of Henry Phillip, a brother of Mrs. Long. He leaves a wife and family.

Dr. Ira E. Barrett will open an office in the Hillsboro Commercial Bank Building about July 1. He will have quarters near the offices of Drs. F. A. Bailey and J. O. Robb.

M. M. Mead and son, Lee, are now doing contract work at Mohler, Ore., over on the Tillamook coast. They expect to be there all Summer, doing grading for Tillamook County.

J. B. Wilkes shipped an auto to Idaho, the last of the week, the sale being an Everett car. The machine went to F. A. Waters, formerly of Forest Grove, and is built for a mountain country.

William Smith, of Greenville, and Anton Vandehey, of near Banks, were in town Saturday, and called on the Argus office. Mr. Vandehey will move to Roy this Fall, having acquired property there.

Mrs. Freeman Albright and daughter, Miss Gertrude, of South Bend, Wash., temporarily in Portland, and Mrs. D. L. Houston, of the Rose City, were guests of Mrs. L. A. Long, Sunday.

Mrs. Mary Johnson Bird, of North Tualatin Plains, was down to the pioneer meeting last week. Mrs. Bird was born in Canada in 1837, and in point of early date is the eldest pioneer in Washington County. Mrs. Margaret Powell, pioneer of 1847, also attended the meeting of the pathfinders.

Col. J. B. Eddy, right of way man for the Southern Pacific, was in the city Friday, on business for the company. He says that he is of the opinion that there will be no trouble about getting an acceptable franchise in Portland, and that work will begin before very long on the electrification of the West Side lines and the Yamhill division.

Dr. Lowe, the well known optician and optometrist, will be in Forest Grove Monday, July 1, and Hillsboro, July 2; and at Banks, July 3. Don't fail to have him test your eyes for glasses. More than 20 years experience. Scores of Washington County references. Remember the days and dates.
