## GOVERNOR WEST KILLS COUNTY SALARY BILL

Says That the Gill Measure Will Take Care of Remunerations

EXECUTIVE ACTION NOT EXPECTED

Sent in His Death Warrant to Bill Friday Afternoon

Governor West last Friday vetoed the Washington County salary bill, which had passed both houses. The measure was introduced by the county delegation January 23, and had easy sailing in both branches of the legislature, and was in no trouble until it came to the hands of the governor. The measure made but two changes of importance—the deputy sheriff's salary was raised from \$75 per month to \$100 per month, and the county school superintendent was to receive \$1,200 per year instead of \$900 as the present law nominates.

The school superintendent was also to be allowed a deputy at a salary not to exceed \$60 per month.

The governor stated in his veto message that the Gill bill, originally House Bill No. 184, would cover the salary measures, but this bill has had numerous amendments and no one yet knows the end. As Gill has been one of West's supporters in his policies it is expected that his measure will receive favorable consideration. The salary of the deputy sheriff, now \$75 per month, is not high enough, and should have been fixed at \$100. It requires the most attention of any deputyship in the court house on account of the care of the prisoners, and it was not expected that the measure would be killed.

With the present supervisor law obtaining the raise in the school superintendent's office is denied as necessary by some, as it means 12 months work, while teaching in the public schools never means more than nine months of employment.

## PIONEER'S WILL PROVED

The will of the late James H. Sewell, pioneer and native son, was proved in probate, Monday morning. The instrument names C. B. Buchanan as executor, and makes it optional with him as to taking his legal compensation, or that he may take 18,000 shares of mining stock at \$1 per share, par value.

The will gives his sister, Mrs. Anna Engleton \$1,000, and then recites that he had already given two deeds to the son and daughter, James A. Sewell and Alice E., and all the balance of the property is to be divided share and share alike between the two heirs.

The household furniture goes with the home place to Miss Sewell, and the library and pictures are shared alike.

The executor is allowed to sell any realty or personal property to meet debts, if necessary, without order of the court.

John M. Wall and W. H. Wehrung witnessed the will, and the two heirs, in their petition, ask that it go to probate without question.

One of the fastest and cleanest basketball games ever witnessed at Forest Grove was won by the Chemawa Indians over the Pacific University by a score of 25 to 15, Friday night, on the Pacific University floor. The sensational basket shooting of Clemens, of Chemawa, who scored six field baskets when his team was behind, contributed largely to the success of the Indians. The Pacific University quintet led at the start of the second half, but were never out in front after Clemens got through shooting his six baskets in rapid succession. The following was the lineup: Chemawa—Clemens and Sellow, forwards; Wilcox and Jim, forwards; Dunbar, center. Pacific University—Tupper and Abraham, guards; Shaver and Hassmussen, forwards; Burlingham, center. A. M. Griley, of Portland, refereed the game.

The trouble with the young fellow was that he was addicted to the drug habit, and became violent when he was short on the opiate. He is a very bright young man when not under the influence of the poppy. Mr. Goodin states that it will not be long until the physicians at the Hospital will send him out to the world fully cured.

The new ordinance regulating the giving of liquor to habitual drunkards meets the approval of all people, saloon men, as well. The Hillsboro saloons have refused this class of drinkers time and again, only to have the inebrates buy through some one else. They get some one to get them a bottle, and proceed to get intoxicated, and then the saloons get the blame. It is a good ordinance, and the bottle purveyors should pay the penalty of fine and imprisonment both, when caught buying for the habituals.

## TIMBER INDUSTRY TO BOOM THIS SUMMER

Lumber Freights Will be a Big Factor on P. R. & N.

WILL TAKE A BIG TRAIN SERVICE

Largest Untouched Timber Belt in the World to be Opened

Before the end of 1913 there will be many more sawmills opened in the Nehalem country and along the line of the Pacific Railway & Navigation line between here and Tillamook. There are already several mills between here and the coast, and new ones are being installed all the time. Trainmen say that by the end of the summer the freights from the timber section will have quadrupled, and it will take a big train service to get the product out to market. The Nehalem is the biggest untouched timber belt in Oregon, accessible to railway transportation, and the big timber companies are getting ready for a campaign of manufacture.

Projects are now under way for spurs for logging purposes, and two or three new mills are ready to open within a few weeks—just as soon as the weather settles and the snow gets out of the hills.

Several hundred new men will be employed in the logging industry between Buxton and Wheeler this year and this means a great deal of business, a part of which will be absorbed by Hillsboro.

## FIREMEN HAVE 15TH BIG ANNUAL DANCE

Boys in Uniform Parade in Street And Drill in Hall

LARGEST ATTENDANCE FOR YEARS

Boys Clear Up Nearly One Hundred Dollars at Festivity

The Firemen's Ball at Hillsboro Hall, Saturday evening, was attended by a larger crowd than has visited the hall at a merry-making for many months. The boys entertained about 150 couples, and they made everybody feel at home. The fire laddies gave a street parade about eight o'clock and then gave an exhibition drill after reaching the hall. They looked very natty in their uniforms. All the visitors were made happy, and the department feel grateful over financial results as they cleared up nearly a hundred dollars. A feature of the evening was the old-fashioned quadrilles, which were participated in by many of the "old boys." Men who had not tripped the light fantastic for years took to the floor like a lot of boys to a swimming pool in June—although some of them were a trifle short of breath when the number would close.

## CHOWNING-FREUND

An impressive wedding ceremony took place Wednesday afternoon, Feb. 19, 1913, at 1:30 o'clock, at the home of Mr. and Mrs. J. A. C. Freund, Dilley, Ore., when their daughter, Josephine, was united in marriage to Brady Chowning. The rooms were effectively decorated with evergreens, ferns and carnations. The bridal party stood beneath an arch of Oregon grape and ferns, embellished with double hearts of white lilies and Oriental ferns.

As a prelude, Miss Jessie Stevens sang "Oh, Promise Me." Miss Elizabeth Briggs as accompanist. The beautiful melody from Mendelssohn, played by Miss Edna Russell, of Portland, announced the bridal party. Rev. Thomas, of the First Congregational church of Forest Grove, performed the ceremony. Miss Nina Baird was bridesmaid, and Earl Buxton was best man. The bride was handsomely gowned in cream messaline, trimmed in pearls. The bride is an accomplished musician. With the Mississippi Valley in a cold wave Oregon has been cantering along with bright days and frosty nights, a glowing tribute to a Willamette Valley Winter. The cool of the nights here is just sufficient to keep the fruit from budding—and the Lord appears to recognize that this is sure the one original Garden of Eden—even if some of the scientists do object.
