COUNTY COURT DENY AN ALLEGED PROMISE

Judge Reasoner Says Never Told Portland Club Would Finish

DAILY "BLUFF" CALLED BY COURT

Mr. Waggoner, of Portland, Keeps Trail Hot on Rex-Tigard Road

Owing to articles appearing almost daily in the Portland press, telling about Washington County's laxity in completing the Rex-Tigard road, and setting forth that Judge Reasoner had promised to complete the eight mile stretch, three miles of which are now rocked, the county commissioners are becoming impatient. Judge Reasoner this morning emphatically denied that he had ever told any of the Portland auto club people any such thing, but says that he did tell them that Washington County would give them every dollar that would be coming to them from taxation. The court, during Judge Sewell's time, agreed to take the club at its word—that is, to pay $3,000 to them to help them finish the eight mile stretch. This they accepted, and to date Washington County has paid $2259 78 toward the work, the club's expenditures being $6,404.83. The county's expenditure: Deposited in the Sherwood Bank for the road, in 1911, $1,000; paid bills in November, 1912, $847.03; paid Mr. Murdock, $130; paid G. A. Plieth, $322.75. This would leave a balance of $700.22 to be paid on the work, which the court agrees to pay when the other five miles are completed by the club. As there are 39 miles of road in the two districts, and the road tax for the year amounts to $1,7000, the road in question would be entitled to less than $300, pro rata—and there you are.

All members of the court stated to the Argus this morning that they would stick to the agreement, and pay the remaining $700 when those organizing for the work had completed the stretch of road, but they will not use the money of the tax papers to build a rock road along the auto route.

WILLIAM ADAMS

William Adams died at the home of his great-niece, Mrs. Emma Pitman, Friday, March 7, 1913, after an illness extending over but a few weeks. He was born at Eden Corner, near Buffalo, New York, March 22, 1822, and was married to Miss Cecelia McMillan, at Elgin, Ill., in 1850. In 1852 he and his wife crossed the plains to Oregon. Mr. Adams was educated at Oberlin College, and was one of the first to take up the higher studies in that institution. He was a graduate in medicine, and practiced several years.

He was the last of a family of five brothers, his brother, Calvin, dying in 1907 at the age of 87. Mrs. Adams died in February, 1867. The funeral took place Sunday, interment being at the Buxton cemetery by the side of the wife of his youth.

For three years he has been a member of the Pitman household, and for years prior to that he had been more or less with his brother, the late Calvin Adams. He was a great believer in out-of-door sleeping, and this probably had something to do with his advanced age-nearly ninety one years.

GRAND JURY REPORTED TUESDAY AFTERNOON

Ask Present County Court to Force Refund Overpayment

TAKE A SHOT AT SLAUGHTER HOUSES

Advise Expenditure For Betterment of Poor Farm Buildings

The circuit grand jury reported to Judge Campbell late Tuesday afternoon, after a lenghty session of work and intermission adjournment. The body advises more sanitary keeping of slaughter house; advises the county court to take action to regain the money over-paid on the Bangs' contract; and asks that money be expended to put the poor farm buildings in better shape.

The text of the report follows:

"We, The Grand Jury duly empanelled and sworn to inquire into all crimes committed or triable in this County and to inquire into the condition and the management of the offices pertaining to the courts of Justice and to the condition and management of every public prison and public institution in this county, respectfully report the result of our investigation as follows, to wit:

That we have returned 68 true bills and 5 not true bills.

We have examined into the conditions of the County Poor Farm and recommend that the dwelling on said farm be repaired; that the bath room be made more convenient for the inmates, and the toilets be kept clean and sanitary; the stairway should be closed up by a door and sealed, to prevent draft.

We have examined the conditions of the different slaughter houses and found them in a bad condition, and recommend that they be kept clean and sanitary.

We also find the room adjoining the Grand Jury room in an unsafe condition; it is filled with with an accumulation of books and old waste paper, and we consider it extremely dangerous to the court house. We earnestly recommend that all the waste paper be destroyed by carting out and burning it, and that the books be removed to a safe place.

We recommend that all supervisors of road districts of this county report each month to the county court of what has been paid out, furnishing an itemized statement, and what work has been done.

We also recommend that the new County Court take action on the old County Court, to refund the money that was overpaid on the Bangs' contract.

We respectfully submit this as our report and ask that we be dismissed.

Dated this eleventh day of March, 1913.

(Signed) John T Rice, Foreman, Henry W Scott, A C Raffety, I C Clutter, Gerhard Goetze, S A Walker, and Thos Corkill, Secretary."

NEW PROSECUTOR

District Attorney E. B. Tongue never won a case in the Supreme Court that gave him so much joy as a mandate that came to him from the court of Life, last Saturday morning, March 8, 1913. The messenger was a son, weighing about nine pounds, and from the way he pleaded his case he will be an attorney. Mrs. Tongue and the little fellow are getting along nicely, and if the care of friends can bring the district attorney to a normal state of mind he will be able to be present in court next Monday morning.

Fred Schomburg will start for Germany in a few weeks, and expects to spend some time in the Fatherland, where he left, many years ago, with just enough to get him to the land of the free. He has made an independent fortune in the dairy business, and now he will go back to Germany to see his oldtime friends. This brings to mind the fact that the state has appropriated $50,000 to encourage immigration to Oregon—and there would be no better way for the committee to follow than to have some pamphlets printed in German, setting forth what people can do in the dairy industry in Oregon. At a very small expense these booklets, printed in German, could be taken by Mr. Schomburg to the north of Germany, and he could distribute the literature, and add to it, the experience of his own case. He could, with but little financial help, visit various Fairs there this Summer, and tell them of the opportunities in Oregon, and encourage that class of immigration that has made several counties in Oregon what they are—leaders in dairying. If Mr. Chapman, of the Portland Chamber of Commerce, would take up this idea, the Argus believes that it would mean more for Oregon than a like expenditure along any other channel.

The expense would mean but very little, and there would be no more practical man to have the dissemination of literature in hand than Mr. Schomburg. The committee in charge will be seen in the near future and the idea presented to them. That it would be a good one, and one which has much merit, goes without saying.

For sale: Oat hay, about 15 tons, at my place, between Elmonica and Quatama, on Baseline road. $8 per ton. Also have mare, 5 years old, 1350, to foal March 14, bred to Chabrol, sound; will work any place.—Gus Steves, Beaverton, Ore., Route 2. 51-1

Mr. Boyakin, with the Washington-Oregon Corporation, was in town yesterday. He says that active work will soon begin on the company's pipe line to Sain Creek, and that the waters from the coast range will soon be flowing into Hillsboro. The contract with Forest Grove for the present supply was extended, the old contract having expired the first of the year. The company found it not practical to open ditches for the pipe line during the Winter. Mr. Boyakin says that as soon as the weather settles a big force will be put on the line and reservoir, and it will not take to complete the work.
