

# HILLSBORO GIRL HAS BIG SECRETARYSHIP

Miss Fern Hobbs Appointed Secretary to Governor West

SALARY THREE THOUSAND PER YEAR

Largest Salaried Position Held in Oregon by a Woman

Governor Oswald West has appointed Miss Fern Hobbs to the position of secretary to the governorship of the state, and the salary carries the magnificent sum of three thousand dollars per year. Miss Hobbs is a Hillsboro girl, and is the daughter of Mr. and Mrs. J. A. Hobbs, who reside two miles west of this city, near Varley station. The young lady was for years stenographer for a Portland firm, and when Gov. West was elected he employed her as stenographer for his executive office. Ralph Watson was given the secretaryship, and yesterday Mr. Watson was appointed to take charge of the "Blue Sky" corporation bureau for the state and elevated Miss Hobbs to the Watson former position.

The new secretary has a splendid grasp of public affairs and has always given efficient results in all the positions she has held. Her many Hillsboro friends congratulate her upon her selection to the important position to which she has been appointed.

# TAXES COLLECTED ARE ABOUT SAME AS 1912

Run Pretty Well up to \$300,000 Mark by Monday Night

LACK SOME ACCOUNT S. P. TAX

Refuse to Pay Excepting Under Protest Checks Not Received

Sheriff Reeves' office reports taxes collected at about \$290,000 for the rebate period ending Monday night. The sum collected would be practically the same as in 1912 but for the fact that the Southern Pacific Co and P R & N have protested against some of the road taxes. The S P offered a check for about \$20,000, while the P R & N would go to about six or seven thousand. These two amounts, had they been accepted, would have placed collections at the same figure as last year on rebate payments.

J B Eddy was out the first of the week, and took his check back with him, as the sheriff would not accept it without the assent of the county board. This was not forthcoming.

The force is now busy taking in half payments and sending out receipts for money coming by mail on rebates.

Wanted: Two reliable persons to take orders for a Steam Washing Machine, Feed Cooker and Fruit Dryer. The cost of either machine can be saved any family in less than one year by its use. See one at the Tualatin Hotel next Monday afternoon and Tuesday.

John M. Wall went to Portland, Sunday, to attend a reunion of the members of the old Marine Band, that was Portland's great musical attraction, twenty years and more ago. Mr. Wall was then a member of the organization, and it was in great demand. Ralph Hoyt, now prominent in banking circles, was leader of the band at that time, and he presided over Sunday's frolic. Old days were talked over and incidents recounted, and a general jollification followed in a banquet given the boys by Mr. Hoyt. Mr. Wall was a musician for many years before he took up law.

# FREE FREIGHT FOR CHILDREN'S EXHIBITS

EXPLAINS HOW TO GET BUSY

Washington County Should Easily Capture Prize at Salem

"I am sure the school children of Oregon will be delighted to know that the different railroads; the S. P., O. W. R. N. and the Hill lines in Oregon, including the Astoria line, the Oregon Electric and the United Railways, have all agreed to carry the school children's exhibits to and from the State Fair, this year, free of charge.

In order to take advantage of this liberal offer the exhibits of a certain county, or district, must be assembled at one or more convenient shipping points and shipped together in the name of the County School Superintendent, teacher or other authorized person.

This is a fine thing for the railroads to do, and it will help wonderfully in this industrial contest. Now the child 200 miles away from Salem can send an exhibit to the fair just as well as one only 20 miles away. We hope the boys and girls all over the state, knowing this fact early in the season, will begin at once to prepare something for the State Fair. It begins September 29 this year, and the prize list is larger and more attractive than last year. The list will be off the press in a few days and sent out to the County School Superintendents from whom each family can secure a copy.

Besides the fine line of regular and special prizes in the individual classes, there are five cash prizes ranging from \$100 down to \$40 for the best collective exhibit by the schools of any county. There are also five special prizes for the best exhibit by one room districts outside of counties making a county exhibit.

Oregon has a good chance to lead the world in industrial work this year, and reap a great reward. To this end we hope to have the co-operation of not only all the teachers and children, but of every other citizen of the state.

N. C. Maris, Field Worker Industrial Fairs."

If it is what they say it is, and all that is represented, the county will pay for it and then adopt the installation of them in many districts in the county. They are said to be much the cheaper in the long run.
