

BUICK

When You Pay What A Thing Is Worth You Get The Worth Of Your Money

This is the experience of many Buick Owners in Washington County.

A good buy means more than getting something at a cheap price. After all it's nothing more than getting your money's worth.

Quality means cost, but everybody knows the better the quality the greater the durability, and it is durability that finally decides the net cost of a purchase.

We have experts continually on guard in our shops to see that you get your money's worth. They inspect every nut, every screw, every single part that goes into Buick manufacture. If the quality is off grade, they scrap it. If the workmanship is off a hair's breadth, they scrap it. It costs us thousands of dollars a year in salaries alone, to say nothing of the loss represented in material discarded. That's the money we spend for the Buick O. K.

The famous Buick overhead valve motor is guaranteed to have more power and more speed than any other type of motor on the market. It will pull stronger on low grade gasoline than any other type of motor ever built and the fuel consumption is less.

BIG SPELLING MATCH

Representatives of the various schools of Washington County will meet in the court house, Hillsboro, Saturday forenoon, and in the afternoon all will participate in an old-fashioned spelling-down match. From reports received at School Superintendent Barnes' office, there will be all of sixty contenders present, besides many teachers, parents and visiting pupils. Following the spelling down the prizes will be awarded, as announced in past issues of the Argus. A committee will meet the visitors at the depot. Colors will be worn by the pupils and attendance from the different schools. The public is cordially invited to attend. Remember the date, Saturday, April 19.
