

BUICK

When You Pay What A Thing Is Worth You Get The Worth Of Your Money

This is the experience of many Buick Owners in Washington County.

A good buy means more than getting something at a cheap price. After all it's nothing more than getting your money's worth.

Quality means cost, but everybody knows the better the quality the greater the durability, and it is durability that finally decides the net cost of a purchase.

We have experts continually on guard in our shops to see that you get your money's worth. They inspect every nut, every screw, every single part that goes into Buick manufacture. If the quality is off grade, they scrap it. If the workmanship is off a hair's breadth, they scrap it. It costs us thousands of dollars a year in salaries alone, to say nothing of the loss represented in material discarded. That's the money we spend for the Buick O. K.

The famous Buick overhead valve motor is guaranteed to have more power and more speed than any other type of motor on the market. It will pull stronger on low grade gasoline than any other type of motor ever built and the fuel consumption is less.

PERCY JAQUITH MYSTERY IS AT LAST CLEARED UP

Skeleton of Young Man Found Mile and Half From River Bank

REVOLVER WITH REMAINS IDENTIFIES

Work on Teeth, and Missing Wisdom Tooth Clinch and Confirm

That the skeleton of the remains of Percy Jaquith, son of Mr. and Mrs. W. W. Jaquith, of Scholls, were found Sunday by Mrs. Thos. Haines and two children, while in the forest near their home, is confirmed to a certainty. The skull had been perforated by a bullet, the ball entering above the right temple, and passing clear through the head. A .38-calibre Colts Police Special revolver, with empty shells, was found laying by the ghastly find. Three shells had been fired; one chamber was empty, and two loaded cartridges remained in the weapon. Positive identification was furnished by the revolver number, which was 27,170. This number was found in the young man's diary. It will be remembered that Jaquith left home on the evening of July 18, 1911, and upon his not returning, a search party was inaugurated. His clothing, shoes and bicycle were found on the banks of the Tualatin, above the Groner & Rowell mill, and after repeated trials to recover the body, with Hugh Brady, the Portland diver directing operations, the search was abandoned. His revolver was missed, and for a long time it was not believed that he was dead.

The absence of a wisdom tooth was another proof of identity, this tooth having been pulled by Dr. Davis, of Newberg.

Coroner Barrett went to the scene of the find, Sunday afternoon, and found that the bones of the skeleton had been scattered over a radius of several rods. A sateen shirt and pair of overalls were several rods from the skull. That he had such clothing is well known. The place where the skeleton was found was about one and one-half miles on an air line from the place where his clothing and bicycle were found nearly two years ago.

Neighbors close to that point say they heard two shots fired late in the night, but those evidently were not the shots that ended life, as the distance from the place of death would have been too remote to have heard a pistol shot.

Dr. Pittenger had also worked on Jaquith's teeth, and some of his record compares with the fillings, of which there were three kinds, gold, cement and amalgam.

Young Jaquith was a boy of good habits, and had spent one year at O. A. C. He was studious, but rather reserved, and was very ambitious to acquire knowledge.

ROY NOTES

An unique drama was rendered Sunday afternoon, April 20, by the Sodality girls of Verboort, for the benefit of St. Ferdinand's Church, Roy, in the Parmley Hall, Banks, over 350 people attending. The drama "Dolores" consists of two Acts. It shows forth a little girl cast off from home, accused of a theft which her sister, Augusta, committed. She changes her name to Dolores because her future life would be full of sorrows. Of special note is the solo by Miss Mattie Vandehy. The Banks Concert Band rendered the music, and responded to many encores. At the close Father Conway expressed his amazement at the large, unexpected audience. He thanked all concerned, making special remarks of gratitude to the Band and the audience. Supper was served to the girls at the West Bros. Confectionery, by Father Conway. The Band will not be forgotten in the near future.

Among the notable visitors was Father LeMiller, who is always loyal to Roy's cause.

Father Conway went to Hillsboro, Saturday, to witness the final spell-down. Great enthusiasm was shown by the children contestants. The Roy Catholic School, as a result of the year's contest, received a per-cent of 99.75, speaking very well of a school in existence for seven months. This school was the only Catholic represented in the contest, and Joseph Vandomelon was the representative sent to Hillsboro.

Lawrence Joseph Wunderlich, infant son of Mr. and Mrs. John Wunderlich, was buried from the Roy Catholic Church, Father Conway officiating. The children met the corpse at the door and led the way to the church, with Wm. Herb, Julius Vanderzanden, Peter Vandecoovering, Ben Meeuwson as honorary pallbearers, and Lawrence Moore, Pius Moore, Chas. Vandehy, Francis Vanderzanden carried

Notice of Sidewalk Ordinance

Notice is hereby given that the City Council of the City of Hillsboro, Oregon, on April 22, 1913, passed an Ordinance requiring a certain sidewalk to be constructed on the South side of Base Line Street, in the City of Hillsboro, Oregon, from the Northeast corner of Block 1, in the Town (now City) of Hillsboro, Oregon, to the North corner of said Block 1, in the Town (now City) of Hillsboro, Oregon, the lots, portions of lots, portions of tracts of land abutting upon said sidewalk, with the names of the owners, being as follows:

Beginning at the Northeast corner of Lot 1, in Block 1, in the Town (now City) of Hillsboro, Oregon, running thence South along the East line of said Lot 1, 100 feet, thence East 100 feet to the place of beginning.

Beginning at a point on the North boundary line of Block 1, in the Town (now City) of Hillsboro, Oregon, running thence South parallel to the East bearing line of said block 100 feet; thence North 100 feet to the place of beginning.

East half of Lot 2, in Block 1, in the Town (now City) of Hillsboro, Oregon, owned by J. W. Masters.

West half of Lot 2, in Block 1, in the Town (now City) of Hillsboro, Oregon, owned by J. W. Masters.

East half of Lot 3, in Block 1, in the Town (now City) of Hillsboro, Oregon, owned by J. W. Masters.

West half of Lot 3, in Block 1, in the Town (now City) of Hillsboro, Oregon, owned by J. W. Masters.

That said owners are required to construct said sidewalk along their respective lots, at their own expense and within sixty days from and after the passage of said ordinance, and if not so constructed within said time, the City Engineer is directed to construct the same at the expense of the abutting property as provided by section 219 of the Charter of said City.

Said sidewalk shall be constructed so as to conform to the official elevation established by said city, shall be five feet wide, the lower line to be one foot from the property line and shall be at right angles to the provisions of the Ordinance of the City Engineer.

Dated this April 25, 1913.

C. A. Reidel, City Recorder.

Poultry Fencing

One or two generations ago most farm animals roamed at large, but we have gradually found that this didn't pay. The barn yard fowls have been the last to feel the effects of business methods on the farm but at last they have to get in their place (in the poultry) and stay there.

The farmer who reads the magazines, knows that today many a chicken farm of a few acres pays a bigger profit than a big farm did a few years ago. Every farmer keeps chickens because it pays and it will pay lots better and the farm will look better if they are kept in the poultry yard.

They are about the most profitable animals on the farm and it takes less space and less expense to keep them.

Enough of our poultry fencing to keep your fowls properly will cost very little and will be the investment you ever made on the farm.
