

BUICK

When You Pay What A Thing Is Worth You Get The Worth Of Your Money
This is the experience of many Buick Owners in Washington County.

A good buy means more than getting something at a cheap price. After all it's nothing more than getting your money's worth.

Quality means cost, but everybody knows the better the quality the greater the durability, and it is durability that finally decides the net cost of a purchase.

We have experts continually on guard in our shops to see that you get your money's worth. They inspect ever nut, every screw, every single part that goes into Buick manufacture. If the quality is off grade, they scrap it. If the workmanship is off a hair's breadth, they scrap it. It costs us thousands of dollars a year in salaries alone, to say nothing of the loss represented in material discarded. That's the money we spend for the Buick O. K.

The famous Buick overhead valve motor is guaranteed to have more power and more speed than any other type of motor on the market. It will pull stronger on low grade gasoline than any other type of motor ever built and the fuel consumption is less.

Wants all to Turn Out and Participate

ANNUAL MEETINGS HELD MONDAY

Says Popular Interest Means Better Schools Everywhere

Superintendent of Public Instruction L. R. Alderman writes the Argon relative the annual meetings next Monday, and asks all patrons to take an interest in school affairs. He says:

"May I call your attention to the fact that there is no more important day in the year, as far as our State is concerned, than the Annual School Meeting Day, which occurs this year on the 16th day of June? The people get in any form of government about what they demand, and if only three or four people attend the Annual School Meeting, it shows that their demand is lacking. School officers and teachers become discouraged and, as a consequence, poor results follow.

May I ask you to publish a notice calling attention especially to the Annual School Meeting, and asking that the whole population go to the schoolhouse, look into conditions and make plans for the year? I find that some districts have much better schools than others, although they spend but little, if any more, money. It is not all a question of expenditure; it is a question of looking after things and having the right kind of co-operation. Members of the School Board of the State receive no pay, and are very seldom thanked for what they do.

A few schools last year made much of the Annual School Meeting Day; took time to look over their property, suggest improvements, and plan for the future. In each of those districts conditions improved at once. I am sure a man or woman who attends the Annual School Meeting and does his duty, will feel more like celebrating on the Fourth of July.

I assure you that your co-operation in this matter will be appreciated."

It begins to look as though the dog question is settled for good in Hillsboro, for there are but few canines on the street. The people living in town have faithfully kept their pets tied, excepting that one breaks loose occasionally. The city has been busy refunding license money to those who have paid. A country dog once in a while slips into town, looks up and down the street, and, seeing no wassail companions roving here and there, looks bewildered, and then quietly curls up under the wagon and goes to sleep. The next time his master comes in he refuses to follow the wagon, probably on the grounds that "There aint no fun goin' to town no more."

Capt. McCann is giving the people of Washington County some fine racing at his Forest Grove track. He will begin Sunday races next Sunday, June 15, and continue them until further notice. Some of the finest horses in the Northwest are stabled and being trained on the grounds, preparing for the Fall campaign at the various race meets.

The Primary department of Grace United Evangelical Sunday School rendered their Children's Day program on Sunday morning to a large and appreciative audience. The pantomime, "Dandelion Days" called forth a great deal of most favorable comment and surprise. The department may well congratulate itself on this decided success.

Dr. A. Miles Taylor, wife and daughter, Miss Frances, arrived here from San Francisco, the first of the week, making the trip in a motor. Miss Lucy Weathered returned with them, after a pleasant visit in the Bay City. Dr. Taylor is a brother of Mrs. Weathered, and the visitors will remain in Oregon for an extended visit.

Henry Smith and J. A. Moore, of Roy, were in town Tuesday.
