

TALK OF SPECIAL TAX IN THREE DISTRICTS

It Prevails Rock Road Will be Completed to Portland in 1914

WOULD MAKE ROADWAY TO HILLS

Also Portland to Gaston, Clear to the Yamhill County Line

There is a great deal of agitation for rock road work next year, and if the proposal ripens there will be a good macadam road from Portland, through Beaverton, Reedville, Hillsboro, and Forest Grove, clear to the mountains, above Gales City, and branching from Forest Grove, from Portland to the Yamhill line, above Gaston. All that is necessary to accomplish this is a special tax in South Hillsboro road district, one in the district southeast of this, one at Reedville and one at Wheeler, and then a little work on the Beaverton ends. The agitation is coming from people who know the value of good rock roads and that it will go to a vote this fall goes without saying.

One summer's work would complete the gap, and as the county will complete the Hillsboro-Forest Grove stretch in a few days, the work next year, if finished, would give teamsters a 35 mile stretch out of Portland.

Then if the highway from the end of the Gales Creek road could be put through to the Columbia County line the county could boast of a fine mileage of macadam.

Even the completion of the Hillsboro-Forest Grove stretch seems too good to be true, but with any kind of weather the two towns will be connected inside of two or three weeks—and possibly sooner. The Hillsboro street, Fir, will soon be completed, and it will connect with the county macadam as far as Newton. Another mile would then get the highway as far as Rock Creek and to the top of the grade beyond the Dunzer place. Let us continue to hope that the macadam from Portland to upper Gales and Gaston comes true.

SHERIFF REEVES BRINGS ESCAPED PRISONER BACK

Found Earl Slater at St. Louis Hop Yard, in Marion County

EASILY TRACED TO PLACE OF CAPTURE

Escape Had Long Been Traced to Help Janitor Tupper in Yard

Sheriff Reeves Sunday morning caught Earl Slater, escaped prisoner, at a hop yard near St. Louis, Marion County, and by noon had the young man in the county jail. Slater took French leave Wednesday evening last, boldly taking the train at the Electric station. He went from there to Garden Home, and then switched to West Woodburn. The next morning Sheriff Reeves found out that Slater had taken the car for Woodburn, and when the official reached the place he easily discovered that the escape had spent the night there. Mr. Reeves delivered a boy to the keeper of the Training School and then took up the search for the Sherwood man under indictment for bestial assault. Sunday morning he located Slater, who was reading an Oregonian. He put the handcuffs on him and hustled him back to see his companions in the jail, who have been busy "panning" him ever since. Slater posed as a contortionist at the hopyard, and was to give an exhibition next Wednesday evening. He was going under an assumed name, and having the time of his life. Slater had been helping Janitor Tupper on the court house lawn for some time, and had been in the habit of going over on the streets without permission. For this the sheriff reprimanded him, and it is thought that Slater then formulated his plan of escape. He had \$2 belonging to Davenport, the check prisoner, and his mother had sent him four dollars a few days before. This left his total capital at \$6, and when the officer found him the escape had but seventy cents. He will get no more ozone from this on than can reasonably sift through the bars—but this will probably not hurt his peace of mind as much as the "heckling" he is getting from Davenport and McGrew, both of whom have a very keen sense of humor. Slater has weak lungs, and this is what made him an easy subject for a little out-of-door work—but he'll have to cough against the steel and walls from now on.

TWENTY-SIX DAYS FOR TAX PAYMENT

Half-Payment Taxes Will go Delinquent After Monday, October 6

SEVERAL THOUSAND DOLLARS OUT

Penalty of Ten Per Cent. and Interest at One Per Cent. Per Month

Sheriff J. E. Reeves, under the law, notifies taxpayers who have paid their half-tax that the remainder will be due and payable from now until Monday, October 6, 1913, and if at that date any half-tax is not paid the amount will be swelled by a penalty of ten per centum and an interest charge of one per cent. per month will be charged, according to state law.

After four months of delinquency the sheriff must then advertise the list as prescribed by statute, for four weeks.

Hundreds of people take advantage of the half-payment plan, and as a rule there is very little of this class of taxes to go delinquent. Last year there were only twenty or thirty pieces of property on the unpaid list when the first Monday in October rolled around. Many holders of city homes, and many farmers with small places make their tax payments in halves, finding it quite a convenience financially. This is more so where people are opening homes in the hills and need every dollar they can get together in the Spring.

Very few more took advantage of the double payment plan this year than heretofore.
