OUR LOSS IS YOUR GAIN

In a very small way nearly eight years ago we started in the grocery business in this city and by close application to business and fair dealings without the aid of green trading stamps or premiums of any kind have been able to remain and have succeeded fairly well yet we believe the time has come that a great many people are looking for and expecting something as an inducement for their CASH trade and we propose to go the limit, beginning December I, we are going to give back 5c out of every dollar CASH spent with us. Get a receipt from the register and keep them until you get \$5 or more; bring them in and get 5 per cent of their face value in CASH.
