The board of governors of the Commercial Club met last Saturday, and authorized Wm. Nelson, one of the members, to get a survey of the various mill sites. A member of the Club, Dr. Tampesie, stated that a rate for hauling logs, in train lots, could be procured from the Southern Pacific, that would permit milling here as cheaply as in the hills. A Tacoma man is ready to put in a mill here in case a suitable site can be procured without too high a payment. He is said to be anxious to come here, as he has timber up on the P. R. & N. A payroll from a big sawmill would do much to build up Hillsboro.

S. A. Holcomb, of Portland, was a city caller Monday.

Ferd Groner, of Scholla, was up to the road meeting Saturday.

Wm. F. Haase, of South Tualatin, was a city caller the last of the week.

Foolishness.

There was a goose that waddled through Her life, and night and morn,
As fowls in general like to do,
She gathered grains of corn,
But this goose, differing from the lot,
Ate little corn each day,
And most of all the grains she got
And slyly stored away.

There was a man who lived his life In frenzy hot and strained,
He passed his days in anxious strife,
And dollars thus he gained,
But this man spent by day or night
Few dollars won the while,
In saving took he vast delight
And adding to his pile.

It would be custom's way to name The goose a goose indeed,
And to the rich man gossily fame Award as proper need,
And so these lines no moral bear,
For what would be the use?
But did you ever anywhere
Know such a foolish goose?
—Bactima Musa.
