

YEGGMEN TAKEN AT BEAVERTON STORE

Marshal Pappul Catches Coming Out of Window

KEYS AND TIE FOUND

Attempt to Rob the Toggery, Made by Lafayette Davis

Yeggmens were caught by Officer Pappul, at Beaver-ton, Friday night, between 11 and 12 o'clock, at the Toggery, now owned by LaFayette Davis, formerly of Hillsboro. They were noticed about the window, and it is said that one of them was caught while going out of the window. They were taken to Hillsboro and lodged where they will await the trial of the grand jury.

Two give their names as W. Lane, of Alton, Ill., and McNutt, of Cleveland. The officers took from a wire button hook, several keys, a tie, and some other articles. One of them also carried a new testament along with him to cheer his way.

They deny that they intended to rob the store, but the marshals insist that they are yeggmens.

Stutt had a receipt for a letter sent from Carlisle, he denies that he was there. He was not aware, there, that the officials had sent from the postoffice for a letter sent to a jewelry com-pany at San Francisco.

FOR SCHOOL CHILDREN

Secretary, Commercial Club: Every boy and girl in the city of Oregon will be en-couraged to have an active in-terest in the Oregon exhibit and headquarters in the great Pacific Exposition at San Francisco. Every division of the schools has now an oppor-tunity to take an active interest in the Fair by sending a favorite shrub, rose tree, plant or other to be used for decorative purposes in the Oregon grounds at San Francisco. By concerted effort the laws of the Oregon exhibit can be made among the most attractive of any.

It is suggested that this mat-ter be given some publicity in the school section.

Those are advised that the Spo-ran, Portland & Seattle Ry., Oregon Trunk Ry., the Ore-gon Electric Ry. and the United Ry. will provide free transpor-tation of such plants, etc., when properly prepared for shipment and consigned to the Greater Portland Plant Association, Port-land. This Association will care for the plants until the proper time for transplanting.

Mr. and Mrs. H. T. Blair and daughter, Helen, of Ryan Place, were out over Sunday, guests of Mrs. Ruth Blair. Mr. Blair says the old town doesn't seem the same old place. For one thing, he noticed the absence of Father Canine, son Canine, and daughter Canine, on the court house square. "What's the matter with Hillsboro, anyway?" quoth Blair. "I always saw a dog fight over on the square, and now I see not even a brindle pup." When told that there was an ordinance against dogs running at large Henry congratulated himself that he hadn't brought his dog along with him.

JOS. H. HUMPHREYS SENT TO THE ASYLUM

Sad Case From Laurelwood Came Before Court Monday Morning

HEAD OF FAMILY OF 8 COMMITTED

Hard Work and Worry Causes Good Man to Lose His Mind

A sad case was brought before the county judge, Monday morning, when Joseph H. Humphreys, of Laurelwood, near Gaston, was examined for insanity. Dr. Erwin being the attending physician. The patient is 51 years of age, and has a wife and a family of eight, the eldest being 23 years, and the youngest 8 years. He lives on a little home bought in the Adventist settlement, where the academy is located. He has been a hard worker all his life, and a model of sobriety and integrity. Fifteen years ago he suffered a sunstroke, and at times he has been a sufferer from melancholia. He imagines that he has not slept for 21 days, and complains about pains in his head, asserting that erysipelas had settled in his brain.

For 18 years he has been a Seventh Day Adventist, and for this reason selected Laurelwood as a home when he came to Oregon two years ago. The family is nearly prostrated over the affair, but Dr. Erwin thinks the receiving hospital will bring him around in two or three weeks, with care. He was taken to Salem, Monday evening, and J. H. Hoffman, a neighbor, accompanied the nurse who was sent down after the patient.

The family bears a fine reputation and they have the sympathy of the entire community.

UNION STOCK YARDS

Receipts for the week have been cattle, 1276; calves, 3; hogs, 3403; sheep, 6102.

In the cattle division, bulk of best grain fed steers offering sold from 7 70 to 7 85 and one load brought 8. Not much choice, hay fed stock was in evidence. Butcher cattle trade was firm only for cows of which there was a liberal showing. Best ones realized 6 50 to 6 75, with the usual discount on lesser grades. Bulls sold up to 5 60 and were unsteady. Receipts were large Monday, when more stuff arrived than the total for the other five days.

Swine market not only maintained firmness but strengthened its position five to ten cents. Several hundred choice light hogs brought 8 60 during the first three days, but the bulk was an 8 50 to 8 55 affair. Killers from all over the Northwest were in the yards for hogs. The close was steady to firm, 8 50 to 8 60.

Sheep house transactions were confined mostly to Monday and Tuesday. Good grain wethers were scarce, but a liberal offering of ewes selling from 3 50 to 4 75 according to quality prevented stagnation in the mutton department. Lamb market steady to stronger this week with best quality selling at 6 75.

ALL SUPERVISORS AT ROAD MEETING

Every Road District Represented at Friday's Lectures

CHAPMAN AND SKELTON TALK ROAD

County Court Then Gives Instructions Under the 1913 Laws

Every road supervisor in Washington was at the road meeting held in the court house last Friday, to hear the lectures on macadam road building, and the building and drainage of roads. H. B. Chapman, of Portland, for eight and one-half years in charge of macadam work in Multnomah County, delivered an address on rock road construction in the forenoon, and in the afternoon Prof. Skelton, of Oregon Agricultural College, addressed the supervisors on natural road work, formation, drainage, side drainage and subdrainage.

The Prof. held that a road should be just sufficiently oval to run the water off as rapidly as it falls. He contends that if it were made too sloping it would be dangerous to travel, besides encouraging a tendency for teams to straddle the "hump" and thus make ruts, where the roadway should be smooth. His talk was lucid and comprehensive, and if followed will mean better roads everywhere.

After the lectures were concluded the County Court interpreted the new session laws governing highway work, and the supervisors were invited to ask questions. Many queries were propounded, and the session was a profitable one to all concerned. It has been many years since so many supervisors turned out to a call meeting.
