

CAMP MEETING AT FOREST GROVE

Adventists Will Have a Ten Days Session
Sessions PITCHED IN NAYLOR'S GROVE
Naylor Furnishes a Review of Adventist Work

The beautiful grove belonging to Mr. Naylor, of Forest Grove, has been secured by the Seventh-day Adventists, in which to hold their annual camp meeting May 1-31.

The Adventists date their rise to 1844. They observe Saturday as the Sabbath instead of Sunday. They hold very strongly to the view that the Old and New Testaments were given by inspiration of God and contain the only infallible rule of faith and practice.

They teach that the new birth comprises the necessary change of heart for the kingdom of God.

The president of the Western Oregon Conference, H. W. Cottrell, of Portland, informed your correspondent, that it is their belief that the views they hold are the everlasting gospel in its final setting, as recorded in Rev. 14: 6-14, and due to be borne by them to all the civilized and heathen nations of earth.

They have 9,549 ministers and other missionaries, about one-third of whom are in foreign mission fields.

Their army of missionaries is supported by what they believe to be and teach as the Bible plan; tithes and offerings which are liberally contributed. In 1912 according to their published statistics, their tithes and offerings totaled \$2,702,119.02, or an average of \$23.66 for every member of their denomination, which numbered at that time 108,975 communicants.

The Adventists now number more than 120,000 and their missionaries and communicants may be found in all nations and countries of the earth.

They are publishing and circulating their denominational literature in 75 languages, and there are sixteen other unwritten languages in which their views are preached by word of mouth.

The sale of their periodicals in 1912 aggregated \$1,836,500. There are 70 or more sanitariums located in various countries of the world, not including numerous treatment rooms, through which their medical missionary work is being conducted.

Their educational institutions in home and foreign fields number 82 with a total enrollment of 34,942 students.

Territory: Their General Conference comprises the world; but for administrative purposes it is divided into 3 grand divisions, namely: North American, European and Asiatic; which in turn are divided into 23 Union Conferences; which are sub-divided into 116 local conferences.

The Adventists, as their name indicates, believe in the soon coming of Christ; and in support of this belief they point to many striking and recent fulfillments of Bible prophecy. They believe in taking the Bible literally, except where it is evidently figurative or symbolic; and all its symbols should be interpreted by literal scripture.

The Adventists believe in the divinity of Christ, and that in Him only is to be found justification, sanctification, and eternal life, each to be accounted to the penitent sinner.

The Manawa, Wis., Advocate, in a recent issue, has the following to say of Mrs. Martha Hillmer, who is here, visiting her sisters, Mrs. B. J. Larson, of Hillsboro, and Mrs. Wm. Edridge, of Banks: "Mrs. Martha Hillmer started Wednesday morning on her long contemplated trip to Oregon, where she has relatives and friends whom she has not seen for many years. Mrs. Hillmer has been in somewhat feeble health for a number of years, and she expects to be benefited by the change of climate. Thus, if her hopes are realized, she will accomplish a two-fold object the long deferred visit with her sisters, several nephews and nieces, and some old-time friends and neighbors, and the much hoped for improvement of her general health. We hope that her almost transcendental journey from fair Wisconsin to far away Oregon, with its varied sceneries and altitudes will afford her the pleasure and profit she anticipates."

He made a grab for the side rods, but not getting a firm hold, was thrown under the wheels. The car was stopped, but it was found necessary to jack the wheels up to extricate him. He was taken in on an electric car.

SUNDAY'S BALL GAME A REGULAR SWATFEST

Hillsboro Nine Hammer Pitcher For Many Hits and 12 Scores

NINE HITS MADE IN TWO INNINGS

Pitcher Brown, for Locals Allowed but Three Scattering Hits

Sunday's game was the one big swatfest of the season, and Hillsboro pounded out twelve hits in the eight frames played, scoring as many runs. The visitors were known as the Portland Law Students, but the brief they carried got but scant courtesy in Athletic Park. Outside of two innings, however, their pitcher did remarkably well, the slabster allowing but one hit in the fourth, one in the sixth, and in the eighth—but in the first inning there were four; and in the seventh, five. In each of these Hillsboro scored as many runs as they made bingles. Brown went in the box for Hillsboro, and pitched lucky ball all the way, the visitors connecting with his slants but three times during the nine frames. Brown pitched heady ball, and was given good support. In the sixth inning he struck out three in order, and his slaughter of strike-outs for the game registered nine. The opposing pitcher whiffed but five.

Gaetter caught for Hillsboro. In the first inning, after the Students had been shut out, Ed. Henderson flew out, 2nd base to 1st, and VanBlaricom, Freeman, G. Henderson made hits, Schulmerich following with a base on balls, when Higby shot out a hit that scored four. In the seventh Van, Moyes, G. Henderson, Schulmerich and Gaetter were given hits, Higby getting a base on balls, resulting in five scores.

Gaetter making the circle on a wild throw to first.

The positions and line-up were as follows:

LETTER FOR FARMERS

The Argus: Oregon will be called upon frequently this Fall to furnish exhibit material for Eastern Land Shows, Eastern State Fairs, and for traveling exhibit cars. A high standard was set last year with our exhibits—they were first everywhere. In order to maintain this established reputation, it will be necessary that your progressive growers keep in mind the importance of saving samples. Will you help us to secure good specimens by notifying the growers of the necessity, and by giving this local publicity, etc. We will strictly adhere to the former policy of labeling all samples in the name of the county and grower. Credit will be justly distributed. Growers may write us for any information. We desire to be of every possible assistance. Yours cordially, C. C. Chapman, Oregon State Immigration Agent.
