Addie McGreer, of Forest Grove, has filed a new cause for divorce, and if a decree shall follow it will mean a disturbance in marital affairs that will be worse than the eruption of Mt. Lassen. She says that her husband for 2 1/2 years has refused to tell her anything about his business affairs, or answer questions about his real and personal property. This, in the animus of the complaint, constitutes cruel and inhuman treatment. Men who are secretive about this part of their business will watch the decree with interest.

Horace E. Thomas, well known at Forest Grove, where he formerly resided and attended P. U., is now city editor of the Oregonian, vice Clark Leiter, who has resigned to take charge of the campaign of Bill Hanley, Progressive candidate for U. S. Senator. Mr. Thomas has been with the Oregonian many years—ever since he left school. He has been the editor of the annual number for the past several years, and is a finished newspaper man.

The County court bought a new rock crusher last Thursday, and it is now being set up in the Dilley district, for furnishing material to macadam the road between Dilley and Gaston there being a stretch of a half mile or over to fill in to make the rock road complete clear to Gaston. The road is now in readiness for laying, and the crusher has already started. Part of this work is done by special tax and part by the county.

Attorney Martin, of Portland, was out Friday, investigating the shooting of F. M. Woodcock, by Earl McCoy, now in the penitentiary. Martin will try to collect from the father of the boy, who is a minor, and the attorney says the old gentleman should at least have his surgical expenses and loss of time paid by McCoy Senior.

John H. Humphreys, of Woodland, Wn., came over the last of the week to attend the Odd Fellows' picnic. J. H. came near sustaining a serious injury a few weeks ago, when a huge limb fell from a tree and struck a glancing blow on his shoulder. He returned to Woodland, Sunday.

WANTS HILLSBORO MEN AT THE ROAD CONGRESS

Mayor H. T. Bagley Asked to Send Three Delegates

CHANCE FOR A TRIP TO ATLANTA

Every State Commissioner is to be in Attendance at Session

Mayor H. T. Bagley has been requested by the Hon. A. B. Fletcher, President of the Fourth American Road Congress and State Highway Engineer of California, to name three delegates to attend the sessions of Congress at Atlanta, Georgia, during the week of November 9th.

Forty-seven great organizations are taking part in the Congress under the leadership of the American Highway Association and the American Automobile Association. In his letter to the Mayor, President Fletcher calls attention to the fact that practically every state highway commissioner will be present and take part in discussing the important problems of road construction and maintenance, and that some of the foremost men in public life will devote their attention to the great question of Federal Aid to road improvement, in an endeavor to work out a policy which may be submitted to the Congress of the United States, with the support of the organized road movement of America. An important move bearing upon state legislation will be made at the session to be held under the auspices of the American Bar Association, at which a joint committee, appointed at the 1913 Congress, will report progress compilation and suggested revision of state road laws. The creation of a commission participated in by each state to work out a revision of the road laws will be urged. The National Civil Service Reform League will hold an exceedingly important session on the merit system in road administration.

President Fletcher urges that the city and county be officially represented, as the Congress is in reality a training school where a very great amount of useful information can be obtained through attendance at lectures with leading specialists in road and street work, and the collecting of the many instructive bulletins which will be available for distribution. The headquarters of the Congress are in the Colorado Building, Washington, D. C., in charge of I. S. Pennybacker, Executive Secretary, and the exposition is in charge of Charles P. Light, Business Manager.

Brakeman Galloway, on the Tillamook line, fell dead in the car near Strassel, Saturday afternoon, while the train was returning from the coast. He had a hemorrhage of the chest, and lived but a few minutes. Galloway went into the toilet and was heard to cry out shortly after. Investigation found him prostrate, and covered with blood, rushing from his mouth and nostrils. He was carried to the express car, where he expired in a few minutes. The body was taken through to Portland.

If by chance the holdup man who was operating in the vicinity of Beaverton Thursday night, reads this account of his activities he may be peeved because he failed to get \$40 in the possession of Michael Ritter, a machinist on the Journal. Ritter visited his farm at Beaverton, and about 10 o'clock in the evening started for the station. Time was short and he cut across lots to catch his train. As he stepped onto the tracks a flash light was turned into his face, and his hair and hat rose. A long look from the holdup man was the only demonstration made and Ritter broke speed records when the stranger ordered him to "beat it." Reaching the station, he caught the train and with a sigh of relief sank into a seat out of breath and clutching tightly the purse containing his assets.—Journal.

OLD RELIC TELLS BIG STORY OF YEARS AGO

Almanac of 1863, Published in Portland, Has Much of Interest

FOUND IN EFFECTS OF LATE FLIPPEN

Fruit Raised in Oregon in 1855 Sold at \$1 Per Pound in Frisco

J. N. Flippen, formerly of Buxton, last Saturday, showed the Argus a relic found in the personal effects of his late father—an almanac published in Portland in 1863. The old book is full of interesting facts, gives the county officers of that date for this county, and has many things that will make the old pioneer smile. The treatise on fruit culture and sales is exceptionally good, and is:

The following statistics relative to the Fruit Trade of Oregon, is compiled from a report furnished by Knapp, Burrell & Co. to the Oregon Farmer.—The first graded or cultivated fruit was brought to the San Francisco market from Oregon, by Messrs. Meek & Luelling, in 1853. They brought about four bushels, or about 200 pounds, from the sale of which they realized \$500. In 1854, the same parties brought to market about forty bushels, which they contracted on arrival at \$7 1/2 cts. per pound, realizing about \$2,500.

In 1855, the receipts from Oregon amounted probably to some 1,500 boxes, prices ranging from 50 cents to \$1 per pound. In 1856, the receipts amounted to several thousand boxes, sales ranging from 25 to 75 cents per pound.

In 1857, the receipts could not be less than 15,000 boxes, sales ranging from 15 to 50 cents per pound.

In 1858, the receipts amounted to 29,190 boxes, sales ranging from 7 to 35 cents per pound.

In 1859, the receipts amounted to a little over 72,000. Sales ranged from 10 to 25 cents. In 1860, the receipts amounted to about 86,000 boxes, sales ranging from 3 to 19 cents per pound.

Of the crops of 1861, the receipts are as follows:

Rec.	Bxs.	Sales	Average
Aug.	539	3c. 1/2 lb.
Sept.	2,353	3c. "
Oct.	3,300	3 1/2c. "
Nov.	14,313	307,750c.	2c. "
Dec.	21,681	206,000c.	4c. "
Jan.	3,891	208,400c.	5c. "
Feb.	15,425	206,300c.	2 1/2c. "
Mar.	9,131	208,115c.	2 1/2c. "
April.	4,447	208,800c.	5c. "
May.	334	40,100c.	8c. "
June.	160	60,120c.	10c. "
Total	75,394		

The amount as given above is somewhat short of the actual receipts as a considerable amount was sold on the wharves by the owners, of which we have been unable to get any account.

We have made no estimate of the amount of sales in dollars and cents, but probably it would exceed half a million dollars, and the great bulk of the fruit has been consumed in San Francisco.

From the foregoing statistics some idea of the importance of the fruit crop may be formed, as that branch of Oregon commerce is annually increasing in extent and pecuniary importance.

The county officers were: Judge, Hyer Jackson; Sheriff, R. E. Wiley, father of W. V. Wiley; Clerk, W. D. Hare, father of J. C. and W. G. Hare and Mrs. Henrietta Morgan and Mrs. Grant Mann; Assessor, J. B. Kellogg; Treasurer, Wheelock Simmons; School Superintendent, E. A. Tanner; Coroner, W. Adams; Surveyor, Wm. Geiger Jr., father of Mrs. S. B. Huston, Portland.

W. Bowly, known as Wilson Bowly, represented the county in the state senate, while E. W. Conyers represented us in the house.

Washington County was quoted as having a population at 2,801, with 683 voters, and an assessment of \$1,044,760.

The late Senator Mitchell represented Multnomah in the senate at Salem.
