Ask Yourself

If These are Not the Main Reasons Why You May Consider Prohibition Worthy of Your Vote. Read On.

- 1. You have been told that Prohibition will stop all evils that can be laid to the discredit of excess.
2. You may be swayed by the assertion that the "Church" is undivided in support of this "great remedy".
3. You may believe force through statute can regulate conscience rather than education and straight logic.
4. You may think that to defeat Prohibition will open present "dry" areas controlled by Local Option Laws.

HERE IS OUR CASE

1. It is unfortunate that a laudable theory seeking temperance should be tagged "Prohibition" for there is no explanation to the fact that fifteen states have tested the experiment for from one to fifty-three years and have rejected it. To handle any problem there must be new theories applied when any one of them has been found worthless.

In those fifteen states it required the ballots of more than a million and a half people to reject Prohibition. This was done after a fair test and no doubt with bitter disappointment. Although the theory was exploded, certain politicians have made capital out of deep sentiment to continue advocating the "ashes" in the name of "reform."

2. Many clergymen have accepted Prohibition, passed on to their credulity by those seeking mere political supremacy. They were told it was righteous and they believed it. They have not examined the record of this theory where hopes of its success were blasted in practice and THOSE WHO FATHERED THE LAW HAVE ADMITTED FAILURE AND NOW DENOUNCE IT.

Cardinal Gibbons; Rev. Dr. Blanchard, (Portland, Me.); Rev. S. Parkes Cadman (Brooklyn, N. Y.); Bishop Gallor (Tennessee); Monsignor Harkins (Holyoke, Mass.); Bishop Hall (Vermont); Bishop Williams (Michigan); Bishop Burgess (New York); and Bishop Neely of the Methodist Episcopal Church have preached it, have studied it, have REJECTED it and have DENOUNCED it.

3. Conscience is spiritual. Morals are mental. Mind is education. Man cannot legislate against conscience. Churches are for education. Their power rests in their ability to LEAD not to FORCE by statute. The Church HAS the power to educate and to LEAD; to explain the Law of God and not to FORCE the laws of MAN by statute. Prohibition takes power from the Church and places it in the Civil Law.

Hundreds of thousands of good people, devout Christians, communicants, are AGAINST Prohibition as it proved to be, but in FAVOR of what was at one time hoped it would accomplish. Are all these thousands infidels? Perverts? Children of Satan? Champions of Drunkenness? Misled, ignorant or indifferent?

4. THE PRESENT LOCAL OPTION LAWS WILL NOT BE IN ANY WAY EFFECTED BY THE DEFEAT OF EXPLODED PROHIBITION. ON THE OTHER HAND PROHIBITION WILL WIPE OUT THE PRESENT LOCAL OPTION LAWS; WILL WEAKEN TEMPERANCE AND LAW ENFORCEMENT; WILL TAKE AWAY FROM COMMUNITIES THE RIGHT OF LOCAL SELF GOVERNMENT.

Will the voters of Oregon who control their own State's interests be carried off their feet by outsiders agitating a rank appeal to their hearts when a stronger appeal from Oregon is being made to their HEADS?

THIS Association is not resorting to hysteria, fanaticism, religion or playing upon known sympathies but is asking only CONSIDERATION OF FACTS.

The Hop Farmers are not campaigning to cover up conditions but they are beseeching the voters to KNOW what they are doing and then if the facts set forth in contradiction to beliefs, promises and Experiment, are found TRUE, then they DO ask for the protection of their industry which means \$6,000,000 annually to the State.
