PREE STATE OF VS. S. (STATE) W. (WIDE) PROHIBITION

Greeting:

In order to clearly demonstrate the fact that the Theory of State-Wide Probabition is Morally and Legally Impossible, the issue, after tremendous effort, has been rendered nearly Human in the character of S. W. Probibition who is made a defendant before the voters of Oregon.

It is the source hope of the Prosecutor of S. W. Probabition that those who have believed in him in Rastern States and know his record, will refrain from demonstrations during the course of the trial and that no violence be resorted to by those who have put their faith in him in Oregon and who may become in lignant when the evidence against him is introduced.

The Prosecution desires to make an open statement to the effect that all sympathy and respect is entertained for those who have been conclusively that the allegations isea. supporters of S.W. Probabition prior to his arrest and for those who have been at his side in the preliminary arraignment. The Prosecution holds this sympathy and respect as it is freely admitted that S. W. Prohibition is a very clever man.

The trial of S. W. Prohibition is a prosecution against the theory of the proposed state-wide amendment and is not an attack against the supporters of the theory whose motives are no doubt above reproach.
