Senator Chamberlain will be in Hillsboro, Thursday night, Oct. 29, and will address the citizens at the Crescent Theatre. The Senator is known personally to hundreds in this city, and to thousands in the county. He was always the peoples' champion as governor, and has given Oregon excellent work in the senate of the United States. Turn out and hear him. He is being attacked by the reactionary papers, as usual, and to hear him will satisfy you why the interests have always assaulted him. He has done more for popular legislation in Oregon - because he was in a position to do so - than any other dozen men in the state.

The people of the First District could do no better than to send Fred Hollister back to Washington in the place of Mr. Hawley. The latter gentleman has been there for many years, and appears to have had a lead-pipe cinch on the nomination, much to the disparagement of Oregon, for the district is alive with progressive young republicans who could have done valiant service for the State. Washington County itself has men of congressional timber, and as Hawley can hold the nomination against comers in his party it is time to oust him at the general election. Hollister is alive, wide-awake, and is getting a tremendous support in Southern Oregon. He should be elected - and it begins to look like Mr. Hawley will stay at home.

UREER - KELLINGTON

Damon E. Greer and Miss Hazel Kellington were united in marriage at the home of the bride's sister, Mrs. W. C. Oliver, Portland, Oct. 22, 1914, Rev. Bevins, of the First Baptist Church, officiating. The bride is a daughter of Mr. and Mrs. F. W. Kellington, well known residents of Hillsboro a few years ago. The groom is the second son of Mr. and Mrs. R. H. Greer, of Hillsboro, and is a salesman in the Greer store. Both are popular young people and have many friends who wish them every happiness. They will reside on Fourth, between Lincoln and Jackson.

FARMERS, BEWARE-TAKE CARE

The following letter is submitted to the voters of Oregon by the Hop Growers and Dealers Association on behalf of 1,400 farmers representing 25,000 acres of land devoted to the Hop Industry of Oregon:

For many years we have been engaged in the growing and marketing of Hops. Our land is particularly suited for this purpose. Our work and our energy has for years been devoted to the development of this industry. The time has now come when you are being asked, by your VOTE, to ruin us.

It is urged that we can "use this land to raise something else." This may be true. How are we going to get along however while we are waiting to "raise" something else? YOU know that the hardest condition that a producer has to meet is the securing of a market for his product. How are we going to get along until we secure that market? Suppose that we should decide to raise apples, prunes or loganberries, etc. You know the years it takes to develop them. How are we to get along in the meantime? You know that each of these products, and many others, are frequently a "glut" on the market. Suppose that we start to produce what you are producing. Then you will have more competitors - the market will be flooded - YOU will receive less for what you produce.

We fully realize that many sincere people favor State Wide Prohibition BELIEVING that it will be the means of correcting the "Liquor Habit." This has NOT PROVEN to be the case, for the reason that FIFTEEN States, after a full and fair trial ranging over a period of from one to fifty years have REJECTED IT.

Don't you feel that if State Wide Prohibition had been beneficial that those FIFTEEN States that had it would have kept it and not have REJECTED IT? It having been proved a FAILURE in those States how can it be a SUCCESS IN OREGON?

Thousands there are who favor Prohibition but who hate the thought of Prohibition from a moral standpoint. Liquor far below the standard of whiskey is brewed and sold with deadly effect. Manhood and SELF RESPECT is weakened.

Now education is accomplishing the ultimate Temperance and licensed regulation of an open traffic is bringing about True Temperance whereas the history of Prohibition as a theory APPLIED shows it has wrecked years of temperance advancement, driven the distribution of liquor "Under Cover" and secreted it from regulation and control by law.

Under our present "Local Option Laws" any community, that so desires, can stop the sale of liquor LOCALLY. The handling of this matter is in your hands LOCALLY. Under the proposed law it will be taken from your hands and administered by the State. Do you feel that the State will handle this matter more thoroughly than you can YOURSELVES?

It is claimed that the State will save money in the institutions for the Insane and Criminal if this measure goes into effect. Yet the Official United States Statistics show that the State of Kansas, that is now held up as an example for Oregon to follow, has more insane and criminals in its institutions than Oregon has, per capita.

It is claimed that this proposed law will improve economic conditions, yet the same Official United States Statistics show that the per capita wealth of Oregon is GREATER than that of Kansas.

Hundreds of stores will become vacant; thousands of men with families to support will be thrown out of their employment without compensation, and turned adrift in the sea of "unemployed" which is only too large now.

Do you feel that "times are so good" that you can afford to experiment and take this great revenue away from the State of Oregon?

Don't you feel that you have a big enough burden to bear now, and with the new National Tax Measure now being framed at Washington it will be HEAVIER still?

Don't you feel that the FAIR way is to ENFORCE the laws we now have, which are fully ample in every way to govern the "Liquor Abuse," and NOT pass a law that will accomplish no good but will RUIN US?

We ask you to talk this matter over with your wife, or your friends or your neighbors - consider it fully and candidly - consider it in the light of "FAIR PLAY" - consider it in the light of a "SQUARE DEAL" - and then we ask you to go to the polls and do for us as we would for you under similar conditions, VOTE 333 X NO, and so save OUR interests from RUIN.

Remember the Local Option Laws will be swept away if Prohibition is voted but they will STAND AS THEY ARE if Prohibition is Defeated.

Very sincerely, HOP GROWERS' AND DEALERS' ASSOCIATION OF OREGON. J. J. Ray, President.
