LONG & MCKINNEY

Notwithstanding the voters killed off a millage bill providing even-tenths of a mill levy on all tixable property as valuations are fixed by the state board. Considering our population this is altogether excessive, and the co ning law body should see to it that it is reduced. Half that a nount would be ample at this ti ae or less than half. As a matter of fact it means practically a thousand dollars tuition for every student attending the two universities from this county. Should it be tackled-this q estion of reduction? It looks li .e it, does it not, Mr. Taxpayer?

In the news columns will be fo ind a review of the probable tax levy. This is not given to anticipate the action of the county board, but it is probably with in a few thousand dollars of the levy which is to come-and may be a little more or a little less.

The jingoists of the big press still want war with Mexico. It would appear that sanity should passess the people of our country at this time, when all Europe and a part of Asia is one battlefield, strewn with death and carnage. But go where you will and you always find the fellows in the offices, safe from war's alarms, bellowing vociferously for hostilities. All the Falstaifs were not living back in the time of Prince Hal, eh?
