Big International Exposition's Amusements Novel and Wonderful

President Wilson Will Visit Panama-Pacific Display of Nations via Panama Canal—Vanderbilt Cup Race and Grand Prix Will Be Held In San Francisco.

By **HAMILTON WRIGHT.**
WONDERFUL and novel amusements, parades and pageants of the oriental countries, auto and yacht races and athletic contests will be observed upon a scale of unexampled magnitude and grandeur at the Panama-Pacific International Exposition. The extensive participation of China, Japan, Siam and Indo and Cochinchina, when taken in connection with the plans already made and with the interesting oriental population of San Francisco, assures such spectacles as have never before been seen in the Occident. Pageants of miles in length set off by wonderful floats and marvelous pyrotechnics will wind through the streets of San Francisco. There will be held throughout the

entire period of the Exposition, which opens Feb. 20, 1915, a series of great events, including sports and athletic contests of many kinds conducted upon a scale of great magnitude. The Vanderbilt Automobile Cup Race and the Grand Prix, the two supreme events of the automobile year, will be held upon a four mile course, embracing a circuit of the Exposition palaces, a spectacular background far excelling in beauty and grandeur any which ancient Rome beheld during its historic chariot races. The Vanderbilt Cup Race will take place on Feb. 22 and the Grand Prix on Feb. 27, 1915. Great motorboats of the deep sea cruiser type will race for a \$10,000 prize from New York through the Panama canal to the Golden Gate. A series of international yacht races in the twenty-one meter class will be held in San Francisco bay. President Woodrow Wilson, Emperor William of Germany and King George of England have each offered trophies in these events. Swimming, water polo, fly casting, canoeing, football, baseball and long distance foot racing are included in a series of more than 200 different kinds of contests. President Wilson himself will attend the Exposition, and it is probable the members of congress will attend in an especially chartered steamer.

Of international interest will be the greatest live stock show in the world's history. More than \$500,000 will be awarded in prizes in a continuous live stock exhibit. Rare and valuable breeds of all kinds of live stock from distant countries of the globe will be shown. Specimens of the famous Chillingham wild white cattle will be exhibited for the first time. With the exception of two specimens at the London zoo, this breed has never been shown outside of Chillingham park, England. These cattle are pure white, with black noses, black tips to the ears and black horns. An international sheep shearing contest will be one of the unique exhibitions. For the musical events there has been built by the Exposition the magnificent Festival Palace upon the grounds. This is equipped with a wonderful pipe organ, upon which Mr. Edwin Lemare, world famous organist, among other celebrities, will give a series of recitals. The International Band will be at San Francisco complete for \$25,000 in cash prizes. More than 20,000 singers will participate in this event. The famous Salt Lake Mormon choir, the deep toned plaintive singers of Hawaii and even a chorus of fifty Maorian singers will take part in the choral events. At an expenditure of \$1,250,000 the Exposition has constructed a great Auditorium in the civic center of San Francisco, which will be used by the great conventions and song festivals. Mr. and Mrs. Douglas Crane will present their latest terpsichorean novelty, "Exposition Tango." Mr. Harry Lander will sing the Exposition ballad. The amusement section of the Exposition, the "Zone," corresponding to the famous "Midway" at the World's Columbian Exposition at Chicago, will carry out the purpose of the Exposition to give every feature a high educational value.

Wonderful Glass Dome of the Palace of Horticulture, Panama-Pacific International Exposition, San Francisco, 1915.

Palace of Horticulture, looking through the Court of Palms. This beautiful structure has a glass dome 152 feet high and 152 feet in diameter. Crowning the dome is a huge basket. The general style of the architect is the French renaissance, with Saracenic modification. The extreme length of the palace is 672 feet and breadth 320 feet.

Imagine, for the purposes of illustration, the interest, action and poverty of ten great circuses like Barnum & Bailey's combined into a single "greatest show on earth" and presented at ten times the cost of the single production and an idea is gained of the originality of this section. A total of more than eleven millions of dollars has been expended in its establishment. The concessions, as these less serious features of the Exposition are known, include a great open air panoramic reproduction of the Yellowstone National park and a similar representation of the Grand Canyon of Arizona, presented by two of the transcon-
