SURPRISE

Friends of Arthur Olson tendered him a surprise on his 19th birthday, Monday evening, at the home of his sisters, Misses C. E. and Margaret Olson. Games and music were the features of the evening. Those present were the Misses Mildred Rushlow, Marie Long, Marion Lytle, Edna Frost, Zola and Viola Walch, Velma Tipton, Ethel Johnson, Grace McFadden, Esther Kempe, DeLaurice Crabtree; Messrs. Arthur, Perry and Vernon Olson, Elmer and Ralph Williams, Verne McKinney, Earl Johnson, Lyle Dunsmoor, Wade Zumwalt, Kenneth Humke, Robt Greer Jr, Clare Sample, Alvah Souther and Creigh Long. Miss Margaret Olson was the hostess of the evening.

SCHOOL RALLY

Laurel will be on the map Friday, April 2, when seven schools will unite in a rally at that place. The schools taking part are Laurel, Midway, Laurel Heights, Laurel View, Whitmore or Fir Grove, Firdale and Fernington. The program consists of class work and reports by the teachers. Discussion by school officers, and patrons, new school laws, by Supt. B. W. Barnes, and an address by some prominent educator. The people are invited to bring basket dinners. The schools should have pennants, songs, and yell.

Probate: Inventories of estates of Gertrude Wilcox and J. L. Forbes, deceased, approved.

Kate J. Creighton appointed guardian of the minors, bonds at \$1000. Note and mortgage ordered sold, and household furniture set aside, estate of G. J. Palmater, deceased.—Final account.

WALNUT GRAFTING

Expert work done, top grafting of English or Beach walnuts. Prices reasonable and work guaranteed. References: Frank Imbrie, C. E. Deichman for local work. Vigorous Franquette grafts furnished.

Now is the time to notify if you wish grafting this season.

I CAN MAKE A GOOD DAY'S RUN WITH THE REAL TOBACCO CHEW.

THE AUTOMOBILIST EXULTS WITH THE GOOD JUDGE

YES, a small chew of "Right-Cut" satisfies. It's the Real Tobacco Chew.

The right blend of rich, sappy tobacco—seasoned and sweetened just enough.

That's why it gives you the tobacco comfort and solace that you like so well.

Take a very small chew—less than one-quarter the size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you feel the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the Real Tobacco Chew. That's why it costs less in the end.

It is a ready chew, cut fine and short ahead so that you won't have to grind it with your teeth. Grinding ordinary smoked tobacco. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

One small chew takes the place of two big chews of the old kind.

The New Studebaker Automobiles

Manufactured Cars on Which You Pay Only One Profit

The Studebaker dealer in your nearest town now has on hand samples of the new Studebaker cars—FOUR and SIX. Go to him. See the cars.

Inspect them point by point, and your knowledge of automobile construction will impress upon you the splendid safety, strength, stability and comfort of these cars, their fine finish, their generous room, and their complete and liberal equipment.

Through scientific, up-to-date designing and motor refinement, these cars have power in excess of all requirements. Remember, while you are making your inspection or taking your demonstration ride, that these cars are manufactured entirely—except tires, electrical equipment and a few minor items—by Studebaker, in Studebaker plants, and that no plant in the world is better equipped.

Remember also that their prices represent only one profit—the profit of the legitimate manufacturer who has eliminated the parts middleman from his business.

A motor car, to the farmer, is an economic necessity, not a luxury, as to the city man. It saves his money, it saves his time; it helps him to get higher efficiency out of himself, his men and his land. And it opens out of his family forever the isolation and loneliness that are the dread of many farmers' wives, and that drive the boys and girls into the cities and towns early in life.

Just as the motor car is a good investment, so the Studebaker stands first in value among motor cars, and we will tell you why.

For 65 years Studebaker has studied the farmers' needs, as a specialist in farm transportation, and the best way to supply them.

How well we have succeeded you can judge when you know that more than 80 per cent. of Studebaker cars are sold annually to farmers.

On Studebaker cars you pay only one profit, as we have said, and the money we save by our complete and thorough manufacturing and high production goes into the cars themselves to make them better.

To make them last longer; to make them lighter yet stronger; to make them run farther on a gallon of gasoline and oil and on a set of tires.

Send for the Studebaker Proof Book which tells all about Studebaker manufacturing processes and illustrates them.
