Will be conducted along the same broad lines in the future as it has been in the past, granting time credit to those that are entitled to it.

Everyone in business needs CASH and we are no exception, yet we refuse to prescribe for the patient anything that we would not willingly take ourselves. All business cannot be done for CASH as there is about fifty times as much business done as there is cash in circulation. Don't fool yourself about the great saving you make by buying for cash, so far as the grocery business is concerned where the saving is very great in price you will find the loss will be greater in quality.
