Through scientific, up-to-date designing and motor refinements, these cars have power in excess of all requirements.

Remember, while you are making your inspection or taking your demonstration ride, that these cars are manu-

the parts middleman from his business.

A motor car, to the farmer, is an contomic necessity, not a luxury, as to the city man. It saves his money, it saves his time, it helps him to get higher efficiency out of himself, his men and his land.

And it wipes out of his family forever the isolation and loneliness that are the dread of many farmers' sive, and that drive the boys and grhs into the cities and towns early in life. Just as the motor car is a good investment, so the Studebaker and towns early in life. Just as the motor car is a good investment, so the Studebaker stands first in value among motor cars and we will tell you why. For 65 years Studebaker has studied the farmers needs, as a specialist in farm transportation, and the best way to supply them.

How well we have succeeded you

One thing that adds excess value and life to a Studebaker car is the special stells we use, made to our own specifications especially for Studebaker ast. Another is the scientific heat treats makes them stronger, longer, weight with increased steength. A third is the absolute accuracy of our manufacturing processes, and the resulting perfect fit and alignment of parts, and perfect balance of the motor and the entire car, reducing friction and we are to the very lowest point.
