OPENING MOOSE DANCE DRAWS LARGE CROWD

New Hall Recently Finished Has
Fine Dance Floor

MOOSE LAMPS SERVE REFRESHMENTS

Over One Hundred Couples in Attendance at Opening

Although the thermometer swung around summer temperature on last Friday evening it didn't have much influence over the swarming crowd of dance lovers headed for the new Moose hall to attend the first ball held in that place.

The finishing of the floor was given the best of attention and was found to be in fine condition, having been finished with a hardwood surface.

Not only did the people of Hillsboro attend the opening dance, but young people from all parts of the county. Every one had a splendid time and expressed themselves as wishing that these dances would be held frequently. At eleven-thirty the Moose Ladies treated the many dancers and visitors with refreshments.

The hall which has been under construction for the past two months was near enough completed about two weeks ago, for the lodge to hold its regular meeting there, the finishing touches being added since. Connell & Company are the owners of the property and arranged the work to suit the order.

BINDER EXPERT

E. E. Marshall will be at Tualatin Hotel, Hillsboro, during harvest. Every binder worked on by him will quickly be made to tie the knots as successfully as a new binder. This applies to any style or make of machine.

Age of machine, or hard service in the past, will make no difference in results—10, 15 or 20 years old—all will be made to tie perfectly. Everyone who is having trouble, bring on their old machines.

Every machine to be tested in the field and tie as well as a new machine before pay for work is due.

Each binder to be "held tested" and tie regularly hour after hour and day after day. The changes made in them will be permanent.
