Gabriel Marty, aged 87 years, was brought to Hillsboro Friday. and examined Saturday on matters relating to his sanity. Dr. Bailey examined the patient, but found nothing to warrant sending him to the state hospital. Marty was in the asylum several years ago, but was released as cured. The old gentleman's wife died a year or so ago, and since that time he has been a little querious, and also has fits of violent temper.

Aside from this he spears to

be a very bright old man, and he was candid in saying, that his son

was candid in sayin; that his son Emil, with whom he lives, al-ways treats him right. "but will not do what I want him to do some times, and I think I have the right to sold him." Marty was at one time an officer in the Swiss Landwehr, and he is well read on the scrip-tures, history; etc. A few years ago while spray-ing trees, he lost the sight of an eye and this makes him appear awkward. His mental faculties, outside of his disagreements at home, appear to be pretty well balanced much better in fact than many of ten years has well balanced-much better in fact than many of ten years los

The court advised that the old gentleman remain at the hotel for a few days until some final disposition is made of the case.
