We Want Everybody to Know

That we will, beginning at once, give Cash Register receipts with every cash sale, showing amount of sale, date and who made the sale. We will ask you to keep these receipts as we are going to give back to our cash customers one day's cash sales each month. We will select one day each month and will announce in our window on the 5th day of each month the date we have selected, and then all you will have to do is look over your Cash Register receipts from us and see if you have any bearing that date, if you will just bring them to us and we will refund your money. There is no trick to this proposition.

WHEN a fellow wants tobacco satisfaction and finds how he can get it, it's natural for him to put the other fellows next to the Real Tobacco Chew, because a little chew satisfies. Tobacco satisfaction is what he is looking for—the smaller the chew it takes, the better it suits him. A little chew of pure, rich, mellow tobacco—ground and sweetened just enough—gets out so much of the grinding and spitting.

ASK YOUR DEALER FOR THE BEST CHEWING TOBACCO. IT IS THE NEW REAL TOBACCO CHEW-CUT LONG SMOKER

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it and you will find strength chew that suits you, then see how easily and evenly the Real Tobacco Chew comes, how it satisfies. That's why it is The Real Tobacco Chew. That's why it costs how much less you have to spit, how few shreds you have to be bothered with in the end. The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much. One small chew takes the place of two big chews of the old kind. Notice how the small chews are made out the rich tobacco leaves.
