GRAND JURY REPORTS TO CIRCUIT COURT

Inquisitorial Board Finds Fifty One Indictments For Action

ADVISE PUTTING JAIL ON 2d FLOOR

Also Advise That Jail be Properly Equipped When Removed There

After grinding for a week on criminal investigation the grand jury for the July term concluded its labors Saturday night, and were dismissed by Judge Geo. R. Bagley. Fifty one indictments were returned, and four not true bills were found.

"We, the Grand Jury, duly impanelled and sworn to inquire into all crimes committed or triable in Washington County, Oregon, and to inquire into the condition and management of the offices pertaining to the courts of justice, and to the condition and management of public institutions and public prisons in this county, respectfully report the result of our investigations as follows:—

We have returned fifty-one true bills and four not true bills. We have examined into the conditions of the County Poor Farm, and while the buildings are not modern, we found them clean, well kept, and the inmates well provided for.

We have examined into the condition of the county jail, and find it clean and kept as well as could be under present conditions. We find the old jail poorly ventilated, poorly lighted and unsanitary, and would recommend that the jail be moved to the third floor of the new building, and that it be there properly equipped.

We have examined the different county offices, but were informed that the books of the county were expiring less than one year ago, and consequently did not examine them or have them expiring. We found the various offices well kept, and the business of the offices apparently well taken care of.

We respectfully submit this as our report and request that we be dismissed. Dated this 30th day of October, A. D. 1915.

A. H. Spraner, Foreman, Jos. A. Moore, W. E. Fitch, Lester E. Campbell, W. J. Thornburgh, J. A. Kirkwood, W. J. Burton.
