SUNDAY CLOSING LAW TAKES NEW BULING

Shaw J. E. Reeves Notifies Drug Stores They can Sell Drugs Only

RESTAURANTS MAY NOT KEEP OPEN

Hotels and Restaurants May Serve Meals Only—No Cigars or Papers

Sheriff Reeves has notified drug store proprietors that they may sell drugs only on Sunday, and the probability is that the places will not be kept open. In case of necessity the stores will fill prescriptions only, or such drugs as are necessary for immediate use in illness.

Hotels and restaurants can sell meals only, and sale of cigars, tobacco, or newspapers are taboo within the ruling of the peace officer. The District Attorney has caused the ruling to be sent out by the Sheriff, and the notices were delivered this week by the sheriavalty.

Sunday papers can be sold on the streets or delivered at the houses.

The order or circular letter sent out reads as follows:

"Dear Sir:

I wish that you would notify all Confectionery Stores and Cigar Stores that Circuit Judge Bailey has dissolved the temporary injunction regarding the Sunday closing law, and hereafter all places of business, except Drug Stores, Hotels, Restaurants, Livery Stables, or places of public necessity, must close, or stand subject to arrest and prosecution.

Under the construction placed on the law by the District Attorney, Drug Stores may remain open for the purpose of selling drugs only, and Lunch Counters and Restaurants may serve meals only, but they cannot sell papers, cigars, confectionery, etc., without violation of the Sunday closing law, and it is up to the people, and not to the officers, to say whether it is a good law or a bad law."

Money to loan—on farm security. I represent three large fire insurance companies. Give me a call.—E. I. Kuratli.

Wm. Bagley Sr. says that one hundred cars were necessary for the recent hop sales in Oregon, the shipments going to New York. Several growers around this section sold last week.

If you want home made candy, oyster cocktails, or sweet apple cider, get it at Koerber's Confectionery.

Geo. Bierdorf, of North Tualatin Plains, was transacting business in town the last of the week.

Walter Zetzman, of North Tualatin Plains, was a city visitor the last of the week.

O. F. Brown, of Newton, was in town Saturday, coming up in his impromptu sleigh.

M. Sturn Jr. was in from above Blooming the last of the week.

Walter VanDyke, of Verboort, was in town Monday.

Sam Paisley, of above Buxton, was in town Saturday, getting his papers ready to file his candidacy for representative in the lower house at Salem. Sam says he is going to make the run again and gives notice that he will be in the race to stay. Mr. Paisley sent his petition to Salem Saturday afternoon.

KILLER YET LIVES

R. B. Goodin, Secretary of the State Board of Control, writes from the Capital, informing the Argus that Henry Wintzgerode, slayer of Jacob Swanger, is not dead, contrary to report that he died in Eastern Oregon. Mr. Goodin writes:

"Sometime early in the year 1908 he was pardoned by the Governor, and from the penitentiary went to Umatilla County with a rich rancher who had also been a convict at the institution. After remaining in Umatilla County for a short time he returned to Salem and insisted that he be readmitted to the penitentiary. This could not be done, according to law, and he therefore was admitted to the Insane Asylum on the 9th day of June, 1908, where he is still confined, residing at the cottage farm, five and one-half miles East of the main institution, and apparently in as good health as he has been enjoying for years. At the time of the murder B. P. Cornelius was justice of the peace for Columbia precinct and was acting coroner who held the inquest over the body of Jacob Swanger, the murdered man. In this connection would like to state that the 9th of January, 1880, was the date of one of the worst wind storms I ever wit-

nessed on the coast. All roads were impassable, and many bridges were destroyed by falling trees."

Green Hale was sheriff at the date set for the execution, and Capt. A. M. Collins, of this city, built the scaffold, assisted by John Goodin, father of R. B. Goodin. They finished the scaffold at ten at night, and just when they were putting the finishing touches on the machinery of the law Sheriff Hale came out and told them to do no more as the Governor had stayed execution.

Albert VanDyke, the 9 year old son of Walter VanDyke, of Verboort, met with a peculiar accident the other day. He was setting down some figures with an indelible lead pencil, and in some manner punctured the white of his left eye with the point. It badly poisoned the ball and the lad was brought in to Dr. F. A. Bailey, who co-cainized the optic and treated it. The vision is not injured as yet, and the physician hopes to bring the injured member out all right. The eye will be watched closely and if it does not progress nicely he will be taken to Portland for treatment.

ROSEBURG LAND OFFICE REPLIES TO LETTERS

Status of 18,000 Acres of O. & C. Lands in County

RECEIVES MANY LETTERS WEEKLY

Nothing Can be Determined Until Congress Shall Act

The Registers and Receivers of the Oregon land offices are in receipt of hundreds of letters inquiring about the O. & C. lands passed upon by decree of the U. S. Supreme Court. The Roseburg officials ask publication of the following letter sent out, officially, from that office:

"This office is daily in receipt of a number of inquiries relative to the Oregon & California Railroad grant lands, asking information as to the status of these lands, their location, character, when they may be entered or purchased, etc., etc.

This circular is intended to reply to these letters of inquiry and to give out such information relative to these lands as may now be stated.

A list of these lands by Township and Range has been prepared for each of the several counties within the Roseburg Land District, containing these lands. These lists are intended to give merely an approximate area of such lands in each Township, based on this list of lands given in the decree of the Federal Court.

This list for any county or counties will be furnished on request.

This office has no map for distribution, nor does it prepare blue prints, but will furnish township plats showing location of all vacant land and unsold railroad land, at \$1 per township. In ordering township plats, both the Range and Township No. must be given, and remittance should be made by certified check or U. S. Postal Money Order payable to R. R. Turner, Receiver. Personal checks may not be received in payment.

This office is not in position to give advice as to the character of the land in any locality, and can not attempt to advise any one in this regard.

As to the disposition of these lands, nothing can be determined until Congress shall act in the matter. It is probable that such action will be taken some time within the next six months, and until such action is had no information can be given by this office. We would suggest to parties interested to watch the daily papers, as whatever action Congress may take will be given therein before this office has official information thereon to give out.

There is still a certain amount of unsurveyed railroad lands in several of the counties, namely: Curry, Douglas and Josephine. These lands when surveyed will come under whatever plan of disposition Congress may provide.

J. M. Upton, Register,
R. R. Turner, Receiver."

It is safe to say that there were more sleighs in Hillsboro, Saturday, than in any one day in the history of the county east. During the last snow fall preceding there were many, but the cold continued so long that nearly every farmer rigged up some kind of a "sled" outfit.
