

# THERE SHOULD BE NO EVASION ON MATTERS OF PUBLIC INTEREST

## Cry of Paper That Mr. Hollis Was Abused is Absurd in Light of Facts

Years in Washington County have proved its people favor fairness and square dealing both in business life and politics. Of late years, since the primary law went into effect, we have had open and above board politics here. A striking exception to this rule is exemplified by an attack in the News-Times last week. The News-Times, in support of Mr. Hollis for circuit judge, oversteps the bounds of reason in a desire to injure Judge Bagley before the electorate. Accusing Mr. Bagley's supporters of resorting to underhanded methods it publishes an article that is not only misleading, but is confession and avoidance. It appears that Mr. Hollis' friends have tried to make the Sunday closing decision a campaign issue, and the Banks paper denounced the decision. Since they forced this issue, Mr. Hollis should meet it fairly. Mr. Hollis certainly has opinions on this affair, and being before the people he and his supporters should tell just where they stand. After he had endorsed Judge Bagley's decision in the presence of two citizens he was asked point-blank to make a public expression and to deny or affirm the statement attributed to him. If he believed the decision right, and two men swear he said he believed it right, then there would be no harm in making his position public. Had he done this the decision would have been removed from politics. Mr. Hollis neither denies or affirms, but his friends are working the nether end of the question.

and the Supreme Court decision and could do nothing else. The constitution in Article 22 says: "The operation of the law shall never be suspended except by authority of the legislative assembly." Surely the voters have a right to know where Mr. Hollis stands on a matter of law. And yet, he has not publicly made his position plain. The people have a right to know a man's standing as a taxpayer, and when the News-Times comes back it says Mr. Hollis has not paid his tax for this year. This is but a part of the actual truth. The tax records show that he owes the county \$234.58 personal tax—and this may or may not be recovered. The record, moreover, shows he has paid no tax since 1907. Mr. Hollis pledges economy and least possible expense to taxpayers. Squarely, how could our county affairs be conducted at all if citizens were all in the same boat as Mr. Hollis? It is senseless to animadvert about poverty being honest, and all that. Mr. Hollis has an auto, and a man who can ride in a machine should pay some tax, anyway. Mr. Hollis' plea of poverty comes in poor appearance when as secretary of the Bankers' and Mechanics' Mutual Ins. Ass'n. he drew down \$75 per month for some years. These are matters that should be considered by every voter. The public has an interest in all these things, for it takes tax money to build our roads and keep up our schools. In all equity the matter of taxation has a bearing on this election—and Mr. Hollis should not straddle on the Sunday closing question. This is no time for hysteria.

### SOME GAME

The Vita Club lost to Cornelius in a 13 inning game, Sunday, at Athletic Park. It was one of the most exciting games ever seen on the local diamond. The local team played good consistent ball and would have won, only for poor hitting and base running in the pinches. The Cornelius team was made up of veterans and were surprised to see the young bloods put up such a good game. Both Williams, for Hillsboro, and McGraw, for Cornelius, pitched gilt-edged ball.

The score:

Vita Club	Cornelius
Pauli.....1	Dooley.....1
Philip.....2	Henderson.....3
Deville.....3	Schlegel.....4

### STATEMENT CORRECTED

One of my opponents for the nomination for assessor is telling that but 160 acres out of an entire section is being assessed. This statement is unqualifiedly false. Every acre in the section is under assessment as can be verified by the tax roll.

### FOR ASSESSOR

I am a republican candidate for the nomination of Assessor for Washington County. There are four other candidates for the same office on the same ticket. All have promised, in an indefinite way, to practice economy. The expense of that office last year was approximately \$7500. If I am nominated and elected, I hereby make definite promise, barring unforeseen and unusual extra work that may be imposed on the office, to reduce the expense of the office not less than \$1000 per year after my first year or resign. This is not egotism. I am simply placing a mark to be aimed at. I must hit that mark or get out.

I further promise in all cases to assess the property; not the man.

Chas. E. Lytle.

Agent G. W. Mason, of this city, and Agent Farmer, of Forest Grove, were guests of the Rose Festival Committee, Sunday, on a trip up the Columbia Highway. They saw one of Oregon's beauty spots, and participated in a luncheon that would have made old Epicurus green with envy. They were invited out by the officials of the Oregon Electric.

Post Master Lamkin reports this the greatest week of mail distribution and sending in the history of the office. Letters have been sent out to the tune of thousands daily, and it is estimated that at least 50,000 have been sent out to the body of the county. The last week of the primary campaign explains it.

Friday is primary day—all republicans and democrats who are registered can vote. Each person will be given a ticket as they are registered—republicans will vote the republican ticket and democrats will vote the democrat ticket. This is published to correct the impression that only republicans can vote.

L. H. Peters was in from above North Plains, the first of the week.

The next meeting will be held here Friday, June 30, and the next session will be on the first Monday in October. # MRS. HELEN JENNINGS SLAIN IN THE NIGHT

## Daughter of Late Captain Gore Found With Skull Crushed

### DEED ATTRIBUTED TO AN EX-CONVICT

#### Bennett Thompson now Being Sought by Sheriff Reeves and Detectives

Mrs. Helen Jennings, daughter of the late Capt. Gore, was found dead in her home, near Tualatin, Tuesday, with her skull crushed. The murderer had used a sledge, and no doubt the blow was struck while the woman lay asleep, as there was evidence of no struggle. It is related that a man carrying a kit of tools hired Fred Ristman, a Portland jitney driver, at 8 o'clock Monday evening, to convey him to the Jennings home, saying he was a well-digger. Ristman's trip was known to a number, and when he failed to return search was made. The Ristman car was found in the grove near the house, and blood stains in the tonneau alarmed the party. They searched the house and found the murdered woman. Ristman was not to be found. A cigar stub was found in the ear, and it is supposed that the slayer killed Ristman after the murder of the woman. Sheriff Reeves first idea was that Ristman's body was secreted after the dual murder and that Bennett Thompson is the man who did the work. Thompson is an ex-convict, and was pardoned about two years ago. He was born near Tualatin, and knows the country around that point thoroughly.

There was no evidence of robbery, and that the deed was premeditated is the general opinion. Thompson is said to have been smitten by Mrs. Jennings, who did not reciprocate, and this is said to have led to the tragedy. Mrs. Gore was about 40 years of age, and was a beautiful woman. She had two divorce trials during her marital career. Thompson is a young man.

Mrs. Jennings has a sister residing at Tualatin—Mrs. E. H. Robinson.

At one o'clock Wednesday, the search party had found a portion of the chauffeur's shirt sleeve, his hat and a lap robe, on which were found something that resembled human brains. Telephone communication with Tualatin was more than difficult, and little information could be gleaned as to the progress of the man-hunt. Some think that when the jitney driver's body is found that the slayer himself will be found dead.

# GEO. T. RASMUS KILLS SELF WITH REVOLVER

## Was Aged 68 Years, and Lived Near Kinton, Below Scholls

### LEFT NOTE DIRECTING DISPOSAL

#### Was Divorced From Wife, who has Been Residing at Walla Walla

George T. Rasmus, aged 68 years, shot and killed himself with an old army revolver, .38-calibre, at 11 o'clock Tuesday morning, at his place one mile west of the Kinton school house. Rasmus was in bed when he fired the shot, and the bullet took effect above the right ear. Rasmus has been living near Kinton several years, and his son and wife have been making their home with him, taking care of him. The dead man was divorced from his wife some time ago, she living at Walla Walla. She was at the Rasmus home, Tuesday, however, when the son testified that the father had been having severe headaches, and that he had threatened to kill himself several times.

Rasmus left a note, which was found on the desk of a sewing machine, located near the bed. The note read:

"Bury this carcass in the robe that is on it, and in a simple manner. Have no sermon." Coroner Barrett went to the scene of the tragedy and investigated the affair. The jury found that death was caused by suicide. The jury: G. C. Flower, B. J. Barnhill, P. H. Donnelly, W. J. Bartlett, B. C. Kershaw, Chas. Parsons.

The testimony showed that Rasmus had been despondent for some time.

Transports will be given you as you sail for the "Flowery Kingdom," where the dark eyed Japanese maidens will greet you and show you the beauties of their domain, and the true Japanese welcome.

As much as you would like to stay here, it will be necessary to return to the good old U. S. A.

Here you will be welcomed back home by the President and other noted persons. You may be sure of the best treatment on the entire journey. Autos will convey you around.

Reservations for parties consisting of from five to twenty may be made in advance by notifying "Train Master," L. J. Rushlow.
