"Teach Them To Shoot" REMINGTON U.M.C.

Remington U.M.C. 22 Caliber Rifles

THE American father today has every much forgotten the old notion that any chance rifle "will do" for his boy. The known facts about rifles point so strongly to Remington U.M.C. as the 22 caliber rifle as in the big game rifle.

Every year, thousands of boys in the country are given a Remington U.M.C. 22 Cal. Rifle and are taught how to use it by their fathers. It's a good investment with any developing youth.

Remington U.M.C. 22 Cal. Repeating Rifle with the Remington U.M.C. 22 Cal. Action and Solid Bolt. Remington U.M.C. 22 Cal. Shotguns 12 Gauge or 11 Long Rifle Cartridges without expense. Remington U.M.C. 22 Cal. Autoloading Rifle 15 shots, handling Remington U.M.C. Autoloading 22 cartridges (Remington U.M.C. Magazine) in stock. Taken down without tools.

TO VETERANS

Forest Grove, Oregon, Sept. 5, 1916.

To the Washington County Veteran Association and interested friends:

It is apparent to the Officers and Committee of this Association that the necessity for a change in the date of meeting for the Association has occurred, we therefore designate Thursday, October 12, 1916, as the date on which to assemble in Cornelius for the celebration of the Fiftieth Anniversary of the Grand Army of the Republic, and the usual meeting of the Washington County Veterans Association. A good dinner and a good program is assured.

308 X YES IS A VOTE FOR YOUR CHILDREN

ONE NORMAL NOT ENOUGH

Oregon has but one Normal School. This school is located at Monmouth. Excellent as is the work of this school it is utterly unable to supply but a small part of the need for trained teachers for the State.

Of more than 6,000 school teachers in the public schools of Oregon, but 13 per cent have been trained for their profession of teaching in Normal Schools.

It is a well established fact that our one Normal School cannot supply the needs of the entire state. That is why we ask for your work and vote for the proposed Eastern Oregon State Normal School at Pendleton, Oregon.

GIVE EASTERN OREGON SQUARE DEAL

Eight counties in the Willamette Valley have employed during the past five years, 202 teachers who have graduated from the Monmouth Normal as against 23 Normal School graduates for the eight leading counties of Eastern Oregon.

During the past five years the attendance of students from nine Willamette Valley counties was 877 students as against 91 students from nine of the leading counties of Eastern Oregon.

Owing to the crowded condition of our one Normal at Monmouth and also the distance and expense of attending, students from Eastern Oregon are compelled to go to neighboring states to secure their training as teachers.

ONLY COSTS 4 CENTS PER \$1,000

The annual maintenance cost of the proposed State Normal School in Eastern Oregon amounts to but one 25th of a mill or 4 cents on a thousand dollars of taxable property. Isn't it worth your children trained to become useful and productive citizens?

STRONG ENDORSEMENTS

Among those who strongly endorse the establishment of the proposed Eastern Oregon Normal School are Governor Withycombe, J. H. Ackerman, President of the Monmouth State Normal; W. J. Kerr, President of the Oregon Agricultural College; P. L. Campbell, President of the State University; Robert C. French, former President of the Western Normal, and practically all of the leading educators of the State. J. A. Churchill, Superintendent of Public Instruction, voices the sentiments of those who are most familiar with the need of more adequate Normal facilities when he says:

"Oregon's greatest need for its rural schools is the teacher who has had full preparation to do her work. Such preparation can best come through Normal School training."

"It is true that the voters of the state will assist in raising the standard of our schools by establishing a State Normal School at Pendleton. The location is central, the interest of the people of Pendleton in education most excellent, and the large number of pupils in the public schools will give ample opportunity to students to get the amount of teaching practice required in a standard normal school."

All the above educators insist that a Standard Normal School must be located in a town of 5,000 or more population and having enough grade pupils for teaching practice.

VOTE RIGHT

By voting YES for No. 308 you will help to give to the school children of Oregon the same advantages enjoyed by the school children of our neighboring states.

Vote YES for No. 308.
