CHINA BIRDS NOT SO PLENTY IS ADMITTED

Scarcity of Old Roosters is Noticed
by All Hunters This Year

YOU'VESTERS ARE ALL UNDERSIZED

Very Few Sportsmen Killed the Limit
the First Day of Open Season

Guns cracked Sunday morning with opening of the China pheasant season, and while a number of the limit there were more who came home with two or three birds. There is general complaint that there are not so many old roosters as usual, and this is claimed to be due to the fact that many perished last Winter during the heavy snows. Snow balls adhered to the tail feathers of the old fellows, and many died for want of food.

The season's hatch was very late this year, and some of the youngsters are just large enough to smell a pan up a little.

It is estimated that fully 500 hunted in the county Sunday, besides those coming out of Multnomah. The hunter who brought in the limit fixed by law was few and far between, and from now on it will take some hustling to get a legal kill.

The Oregon Nursery, which controls several hundred acres, has prohibited hunting on its holdings, and their fields afford excellent cover for birds. This shuts out quite a bit of good hunting in the Orenco-West Union section.

Up in Yamhill the birds are more plentiful than down this way, but it is said that Marion and Linn, where there was not so much snow, affords plenty of pheasants for the hunter.

Oney Gossman has sued Robt. C. Gossman for divorce. Mrs. Gossman alleges they were married in St. Helens in 1904, and bases her complaint on the fact that Gossman was recently convicted of arson and sent to the penitentiary. There are two children, a boy, aged 4, and a girl, aged 6. She says nothing of Gossman pleading guilty to the larceny of four horses, for which he paid a \$2500 fine.

A. Benson, of Cornelius, was in town the last of the week and exhibited 15 of the finest potatoes ever dug from one hill of a Washington County crop. They were large and not a knob on them. They were of the Empire State variety.

Ed. Northrup, of Shady Brook, was in Saturday. He visited the state fair, going overland with his machine, and says that Oregon did itself proud with the exhibits of all kinds, notably the stock.

J. B. Offner and Attorney Woerndle, of Portland, were out Saturday, arguing a motion before Judge Bagley.

Geo. Johnson, of near Mountdale, was a city caller Saturday.

Henry Kamna, of Blooming, was in town Saturday.

TO VETERANS

Forest Grove, Oregon,
Sept. 5, 1916.

To the Washington County Veteran Association and interested friends:

It is apparent to the Officers and Committee of this Association that the necessity for a change in the date of meeting for the Association has occurred, we therefore designate Thursday, October 12, 1916, as the date on which to assemble in Cornelius for the celebration of the Fiftieth Anniversary of the Grand Army of the Republic, and the usual meeting of the Washington County Veterans Association. A good dinner and a good program is assured.

J. L. Butler, Pres.
W. J. R. Beach, Sec. and Treas.

OREGON SHIP BUILDERS ARE BUSY EVERYWHERE

Prineville Votes Assistance to Get
Railroad Connections

BUT ONE VOTE AGAINST BONDS

Astoria is Building Seven Ocean Going
Ships

In order that the Utah-Idaho Sugar Co. of Grants Pass may compete on a parity with California refineries in shipment of its product, the Southern Pacific Co. has applied to the Oregon Public Service Commission for authority to establish the same freight rates from Grants Pass to points in Oregon as are now in effect from San Francisco to same points.

Marshfield—Oregon Power Co. plans extension of power line to Bandon.

Lexington—Evans Bros. sell 1280 acre wheat ranch for \$25,000.

Eugene—\$25,000 contract let for glass palm room in addition to Hotel Osborn.

Astoria—Youngs bay shipyards now have 7 large ocean going vessels on ways employing 400 skilled workmen.

Waltersville—1100 acre Deerbarn ranch on McKenzie river sells for \$55,000.

Grants Pass—Josephine county gets \$3000 more for Pacific Highway.

There are now 31 vessels under construction in shipyards along the Columbia.

Prineville voting \$100,000 bonds to aid in financing construction of railroad from main line of Oregon Trunk to that city by a vote of 353 to 1, is the greatest advertisement it can give the world that it wants capital to come there and invest and it is willing to back its invitation with an investment of its own.

North Bend—Keel for largest boat ever built on Coos Bay has been laid, boat to be 295 feet over all.

Astoria—Over 600 men now employed directly and indirectly upon street improvement work here. The viaduct systems will consume over four million feet lumber.

PUBLIC SALE

I will sell at the Lincoln Farm, at Lincoln station, on the United R. R., one and one-half miles east of North Plains, and six miles N. of Hillsboro, at ten a. m., on

MONDAY, OCT. 9

J. W. Hughes, of above Forest Grove, was in the city Monday. He has had an immense number of public sales to cry this year, averaging one a day for several weeks. This week he cries one at Gresham, one at Independence and one at Amity, besides two in his own county.

Notice to Hunters—Hunting or otherwise trespassing on the Hawthorne place will not be allowed, and all violations will be prosecuted.—J. Soper.

The heavy frost and freeze of Sunday night caught the most of the corn, grown for ensilage, and it will mean considerable damage. Authorities, however, say that it will not particularly injure the feed qualities, although it minimizes it to some extent. This will mean a little better price for hay. Very few silos have been filled with corn, and there has been a larger acreage than usual this year.

There is to be an important meeting held at Corvallis, Oregon, on Saturday, Oct. 7, at 10 o'clock in which every farmer in the Willamette Valley is vitally interested. It is the Lime Convention, called by State Grange Master Spence and representatives of the Grange, Farmers' Union, Equity Societies and tax payers, for the purpose of organizing the farmers of the Willamette Valley looking toward the best means of procedure to procure lime at a price within the reach of farmers. That there is a great need for lime on most soils in the Willamette Valley is beyond dispute. The only difficulty has been the price asked by dealers. There is an abundance of lime tributary to the valley that can be obtained if legislative action is taken. This meeting promises to be one of the most important held for many years in the valley. All farmers should consider themselves invited to attend. Make it a point to be at the meeting in the court house at Corvallis on October 7, next.

BIG CLOVER SEED CROP THIS YEAR

Farmers in all Sections Make
Good Money by Second Crop

SALES MADE LAST WEEK AT 15 CENTS

Hullers Have Had Good Weather For
The Harvest, and Many Make Money

Washington County will this season harvest more clover seed than in any year since the farmers have gone into the industry.

Almost every man who has clover has kept his second crop for seed, and the man who has not from a half ton to a ton of clover seed for sale is an exception. Even Judge Bagley harvested nearly a half ton. Seed this year, well cleaned, has been going at around 15 cents, and there is good money in it. There appears to be an unlimited demand for clover seed all over the Northwest, and Washington County is located so that the first crop of clover is sufficiently early to get good results in a second crop, with weather to harvest the product.

It is estimated that ten thousand acres of clover seed have been threshed in this county alone in 1916.
