W. H. Wehrung, of the Hillsboro National, returned the last of the week from an overland trip to Pendleton, Walla Walla, Spokane, Seattle and Tacoma, via Wenatchee, Wash. He reports a splendid trip, and says he found but very little bad roads on the entire trip. He states that he never before fully appreciated the resources of the Northwest and that the trip through the inland empire is educational in more ways than one. He was accompanied by Mrs. Wehrung and Mr. and Mrs. J. C. Hare.

UNION STOCK YARDS

Monday's cattle market opened with another large number of 1600 head. There was a large offering of inferior quality steers and cows in the run, although there were a number of loads of good quality stuff here. There were a few loads of prime steers sold at 7.25, with other loads from 6.25 to 7.00. Inferior quality steers rather slow demand, although prices held steady on this class of stuff. Cow stuff scored another advance today of 10 to 25 cents. A few prime heifers brought 6.00 and a few cows 5.75; the bulk of prime cows sold at 5.50 to 5.60, with inferior grade as high as 3.00. Bulls were in good demand at slightly higher prices, although there were no real fat bulls in the trade the best brought 4.25. Prime light calves sold 50 cents higher, bringing 8.00, although a few were sold from 6.50 to \$7. Trading in the stockers and feeders division was limited to a few loads, prices ranging from 3.00 to 5.75.

A moderate run of hogs was here Monday. Prices were 10 to 15 cents higher over last week's close. Tops sold at 9.75, bulk ranging at 9.60 to 9.70.

Sheep market is firm, with unchanged prices. Some fairly good yearlings here Monday that were taken at 7.40. Demand was good, although there was hardly enough offered to start packers. A bunch of fair lambs brought \$3.00. Outside of this only a few other sales were made. Prime sheep of all grades remain in demand at higher prices.

Are your children backward in school? If so, it may be due to eye trouble of some kind. An education obtained at the expense of eyesight is of slight value. It is better to obtain both by seeing that the children's eyes are right. Bring them to Dr. Turner, the well known eye specialist, and let him give their eyes a most thorough searching and scientific examination, and he will tell you whether they are right or wrong. If they do not need glasses, Dr. Turner will positively not recommend them. One charge covers entire cost of examination, frames and lenses. Consult him at Hotel Washington, Saturday, Oct. 21; Forest Grove, Oct. 20.

The clover harvest for Washington County has had an exceptional weather this year and the output of seed is greater than ever before. On the North Plains of the Tualatin, east of the line north and south of Hillsboro, there has been a great acreage threshed this season. G. Soper, who operates the Hawthorne place and some other ranches, has hulled over eight tons and at 15 cents per pound this will net a neat "passel of money," as the Missourian would say. Two cents per pound for hulling has been the prevailing charge, but on big lots there has been some reduction. Jasper Keffer has probably done more hulling than any other outfit owner to the north of Hillsboro.
