

**OUR MEXICAN POLICY  
BASED ON HUMANITY**

How the President Has Upheld a Small Nation's Right to Control Its Affairs.

**RESISTED WAR PRESSURE**

Determined That America's Sister Republic Shall Be Permitted to Work Out Its Problem of Freedom and Self-Government.

"President Wilson's faith in democracy, and the unselfishness of the United States in international dealings, have been strikingly expressed in his Mexican policy."

"The President's demand for Mexico is—Justice."

The larger phases of the relations of the United States with Mexico during President Wilson's Administration as well as an interesting and complete narrative of events are presented authoritatively in the Mexican chapter of the Democratic National Text Book, from which these quotations are made:

"Two considerations have animated the President in the formulation of his Mexican policy and have compelled his adherence to it throughout his administration, namely:

"The firm conviction that all nations, both the weak and the powerful, have the inalienable right to control their internal affairs.

"The belief, established upon the history of the world, that Mexico will never become a peaceful and law-abiding neighbor of the United States until she has been permitted to achieve a permanent and basic settlement of her troubles without outside interference.....

"The Mexican problem in its present form has existed for the American Government ever since our frontier was extended to the Rio Grande. When the people maintained the peace it was because they were forced to do so, and not because justice reigned in the land. Thus it was that the history of Mexico, like the history of every aspiring people, pressed upon President Wilson's consideration the truth that no permanent good relations could exist between this great Northern Republic and the one immediately South of us until she had been left free to put her house in order, however painful that process might be and whatever the demands it might make upon the forbearance of the United States."

"There was a powerful pressure for war—a terrible war—by a well-armed powerful nation against an unarmed, bankrupt people exhausted by five years of civil strife, but who still retained enough of patriotic feeling to unify them against an invader. It was the old, old question whether the United States should impose a peace on Mexico; whether, for the sake of the interests of a few of its citizens, it should permanently suppress Mexico's upreaching toward freedom and self-government."

**FOR SERVICES RENDERED  
NOT PROMISES BROKEN**

"I do not doubt that the people of the United States will wish the Democratic party to continue in control of the government. They are not in the habit of rejecting those who have actually served them for those who are making doubtful and conjectural promises of service. Least of all are they likely to substitute those who promised to render them particular services and proved false to that promise for those who have actually rendered those very services."—From President Wilson's Speech of Acceptance.

**SECTIONALISM CRY  
REACTS ON HUGHES**

G. O. P. Candidate Is Mocked by Record of His Own Party in Congress.

**LAWS ENACTED ARE FOR ALL**

On Its Achievements Administration Invites Judgment as to Whether Its Work Is Sectional in Its Scope and Purpose.

Charles E. Hughes has raised the cry of sectionalism, complaining to his Western audiences because the important Committee Chairmanships in the House and Senate have been filled—this being due to seniority promotions—by Southern members.

"During the last year of Republican control there was not a committee chairmanship from the South," replies Congressman James B. Aswell in his speech reported in the Congressional Record. "Was that nationalism or blind, ignorant partisanship?" he asks.

"Let the people decide," he suggests, "whether the following great measures enacted by this so-called South-controlled Congress are sectional or national:

"The Underwood Tariff Law, just to the consumer as against the special privileged class, followed by a non-partisan tariff commission removing the tariff question from politics.

"The Income Tax Law, causing the rich to pay their just proportion of the expenses of the Government.

"The Rural Credits Law, the first legislation solely for the farmers.

"The establishment of rural routes, the extension of the parcel post, and better mail service for our rural population.

"The Good Roads Law for all sections and for all our people.

"Farm extension laws, including Smith-Lever Act, grain and cotton standards, regulating cotton futures, and so forth.

"Numerous just labor laws, the most beneficial in a century by the American Congress.

"The Child Labor Law for the children of the whole country and for civilization.

"The Federal Reserve Act, giving an elastic currency and preventing financial panics—the greatest act ever passed in the history of our Government.

"Conservation acts for the people as against special interests.

"Anti-trust laws and arbitration laws, preventing special-interest control.

"Shipping act for open markets for our products and commercial mastery of the seas.

"Federal Trade Commission Act, protecting the individual as against the vested interests.

"The Seaman's Law for the workmen, and public safety.

"Legislation supporting the President in keeping us out of the European war while maintaining peace with honor to the American flag.

"Mr. Speaker, for the sake of the great dignity of the high office he seeks and in the name of common decency, let Mr. ex-Judge Hughes specify and name the sectional measures in the above list and mention those he would repeal!"

"I am the candidate of a party but I am above all things else an American citizen. I neither seek the favor nor fear the displeasure of that small alien element among us which puts loyalty to any foreign power before loyalty to the United States."—From President Wilson's Speech of Acceptance.

**Quaker Oats**

The Extra-Delicious Vim-Food Flaked from Queen Oats Only

All the world over, Quaker Oats holds first place among oat foods. Oat lovers of a hundred nations send us to get it. A billion dishes are consumed each year. Nowhere in the world do connoisseurs find any oat food to compare with it.

The reason is this: Quaker Oats is made from queen grains only—just the big, plump, luscious oats. No puny, starved grains are included. A bushel of the choicest oats yields only ten pounds of Quaker.

The result is a flavor which has won the world—a flavor which is matchless. Yet these large and luscious flakes cost you no extra price.

Nature stores in oats a wealth of vitality, which everybody needs. We want you to know this fascinating vim-food, made as we make it and cooked in our way.

**Pettijohn's**

Rolled Wheat with 25% Bran Flakes A Modern Bran Dainty

Every doctor advises bran, as essential to right living. It is Nature's laxative. Everybody every day should eat it. It means better health, better spirits, sunnier days. Without it, our diet of fine food forces folks to drugs.

Pettijohn's is made to meet doctors' requirements. The bran is hidden in savory flakes of wheat. The food is a morning dainty which everybody likes. Yet it contains 25 per cent tender bran.

The bran is in flake form, which makes it doubly efficient. Ground bran will not do.

Try Pettijohn's one week. Note its delightful effects. Never again will you go back to a branless diet.

Then try Pettijohn's Flour. It is 75 per cent fine patent flour mixed with 25 per cent bran flakes. Use it like Graham flour in any recipe.

**KEEP OUT OF WAR**

A vote for Wilson is a vote for National Peace.

A vote for Hughes is a vote for Wall Street which wants War.

Every big Newspaper, and Wall Street, which clamored for War against Germany, and which abuse Wilson for being too pacific, are supporting Hughes.

Roosevelt, who loudly proclaims for War, is for Hughes.

Therefore, if you want peace, vote for Wilson.
