

EIGHT THOUSAND DOLLAR LAW SUIT ON IN COURT

Jurors and Attorneys Visit Yamhill and Tillamook Counties

WENT TO VIEW SIX MILES OF ROAD
Tillamook and Yamhill Counties Sued by Road Building Company

The suit of the Tillamook Bay Construction Co. versus Tillamook and Yamhill Counties, brought here by change of venue, was started Tuesday, and a jury selected. This suit is for \$8,104.12, for balance alleged due on the building of six miles of road on what is known as the "Sour Grass" sector, part of which is in Tillamook and part of which is in Yamhill counties. The company alleges they are entitled to the above sum on the contract according to plans and specifications, and they deny the amount returned by the engineer of the two counties—which gave them the sum of \$25,483.97, which has been paid.

The jury, consisting of Joshua Adkins, Daniel Deaville, John F. Carstens, Herman Bernard, Frank Rowell, Gustave Krause, J. R. Hanley, J. T. Young, W. B. Peterson, Clem Shaner, Ben Brown and Grant Brown, were sworn Tuesday night and went to Dolph, yesterday, via McMinnville and Willamina, making the trip from McMinnville by machine, to view the highway. District Attorney Tongue is assisting the attorneys for the counties, and the suit will probably cover several days time.

The construction company naturally wanted the case tried by citizens who were not taxpayers of either county.

Several of the jurors were picked up from the county at large, not being on the regular panel.

TO THE VOTERS OF WASHINGTON COUNTY.

My name is on the ballot as one of the Democratic candidates for legislature. Though I feel that national questions have little to do with matters handled by the state legislature, I still wish to say that I approve of the Woodrow Wilson administration. As to the national political platforms, there is no distinguishing feature as between the Democrat and Republican. The old tariff question is to be eliminated and a proper adjustment reached by the establishment of a commission.

My one dominating policy in the handling of state legislation is economy with reason. I am opposed to expenditure for the benefit of the few. I hope always to be able to choose, and if my judgment is not at fault, will invariably lend my support to the greater good for the greater number.

It is my further policy to limit legislation, fewer laws and better ones. All legislation of importance in my opinion should be submitted to the voters by the Initiative.

If you are sufficiently interested to acquaint yourselves with my qualifications, and your investigation convinces you that I can serve you, I will be pleased to have your support.

Yours very truly,
MANCHE L. LANGLEY.

E. I. Kraus, of South Tualatin, was in the city Tuesday.

KIDNAP BY

Jas. H. Wilson, who was divorced from his wife, July 3, Tuesday afternoon kidnapped his son, who was in the custody of the mother, formerly Miss Beulah Nichodemus. Wilson, with several associates, abducted the child from the street, where it was playing near the home of its grandparents, Mr. and Mrs. Nichodemus. Mrs. Reeves, wife of Sheriff Reeves, was the first to think anything wrong, having seen a man carrying a child away. She telephoned Mrs. Nichodemus and the loss was then discovered. Wilson had nearly a half hour start, but made his getaway.

Wilson's career—He married Vida Lewis, May 8, 1911. The wife went home after the ceremony and refused to return to him, through the alleged influence of her parents, Mr. and Mrs. Gus Lewis. Two or three days later Wilson abducted his wife from the street, forced her into an auto and kept her prisoner for two or three days at the cabin on the Bailey farm, near Groveland. He was arrested and brought to town, the wife again deserting him again. She procured a divorce July 10, and Wilson then sued her father for \$5000 damages, the case being dismissed. Wilson was married to Miss Nichodemus, Dec. 21, 1911, and she procured a divorce on the grounds of cruelty, and was in custody of the child; the father, under the decree, being allowed to make reasonable visits. The case is a felony, and Sheriff Reeves is bending every effort to catch the fugitive.

The penalty for the offense is imprisonment in the penitentiary for 1 to 25 years, indeterminate, or a fine up to \$10,000. Wilson hired a Ford machine in Portland, and it was found yesterday at the Ford St. bridge, badly shaken up. This leads the officers to believe he is yet in Portland, as he had but small means to travel on.

George Zimmerman, of beyond North Plains, was a city caller Monday afternoon.

SCHOLLS GRANGE FAIR WAS A GREAT SUCCESS

Over 1000 Visitors See Exhibits and Hear Program

OVER 100 HEAD OF LIVESTOCK SHOWN
Best Local Fair Ever Held in State of Oregon

One of the most successful community fairs ever held in Washington County has gone on record as that of the fair at Scholls last Friday and Saturday. The Scholls Grange points with pride to the fact that the Scholls fairs, given under its direction, are growing better each year. In view of the fact that this is a strictly community fair, located seven miles from the nearest railroad, and that no premiums are offered other than ribbons; no entry fees or admission charged, the management is highly elated over the big success this year. A conservative estimate of the number of visitors on the grounds both days will reach very near the 1000 mark.

The large exhibit building was filled with high class displays of farm products and domestic art—a showing comparing very favorably with that of the County Fair, and excelling it in some respects. All farm products were judged by Prof. William Brown, of O. A. C., while the domestic art department was looked after by Mrs. Alice Dolman, also of O. A. C. Much interest was aroused in the Home Cooking Contest, which was a new feature this year. The Juvenile Exhibit was certainly a big showing for the youngsters and reflects much credit on those having this department in charge. Three schools were represented by booths which were very highly praised by the judges, and two other schools were represented by exhibits of work by the pupils.

Another new feature of the fair this year was the Better Babies' Contest, under direction of the Better Babies' Bureau of the Woman's Home Companion. Twenty babies were examined during the day, and the first echo from the judges' verdict advises that there is a 100 per cent. baby in Scholls, while two others follow closely at 99. A complete report of the babies' contest will be published later when all scores are available. Several excellent programs were given for the entertainment of visitors. Mr. Wells, Asst. State Supt. Public Instruction; Mr. Kilpatrick, University of Oregon; and Mr. Baumgard, Los Angeles, prominent scientific writer and lecturer, were among the speakers. Musical numbers were furnished by local talent and Portland.

A special feature on Saturday was a boys' dairy cow judging contest, in which nine boys under eighteen years of age were entered. Prof. Nelson, of the Animal Husbandry Department of O. A. C., had charge of the boys. Master Glen Conover won first place. The stock department of the fair is comparatively new, this being the third year that any stock has been shown. The number of animals brought out was very gratifying to those who worked so hard to make it a success. It was a showing of individuals, rather than a collection from any one breeder. J. M. Dickson, field agent for the American Jersey Cattle Club, judged dairy cattle. Prof. Nelson, of O. A. C., judged horses, hogs and sheep.

Three cows were entered in the milk cow contest, which was held under direction of Geo. Fullenwider, deputy state dairy and food commissioner. Results of the testing found Heaton Bros. in the lead over L. R. Campbell and J. J. VanKleek. Following is a list of names of the stock exhibitors:

Horses, 28 head shown—H. T. Hesse, W. G. Hesse, Sam Otto, L. Hill, John Ironsides, Finis Brown, John McFee, F. Foulkes, C. C. Emmel, J. Schmetzler, J. J. VanKleek, J. Howard, N. E. Bennett, B. DeFord, Ferd Groner, J. F. Haynes, G. L. Baker, M. Rice, A. C. Malloy, H. T. Hesse won Grand Championship with his 2-year-old grade Belgian colt.

Cattle, Jerseys, 12 head shown—B. E. Crosby, Heaton Bros., Moore Bros., J. J. VanKleek, L. R. Campbell, B. E. Crosby won championship on his bull, and L. R. Campbell won championship on cow.

Guernseys, 6 head shown—Ferd Groner, H. T. Hesse, A. B. Flint, John Mulloy, A. B. Flint won championship on bull, and Ferd on cow.

Groner won championship on boar, and Campbell on sow. Poland Chinas, 2 head shown—Miller & Mitchell won first, and H. T. Hesse second.

One Chester White sow shown by John Rogers.
Sheep, 14 head Shropshire shown—Two exhibitors, Frank Faulkes winning first on aged ram, and J. VanKleek winning all other ribbons.

There were several pens of good chickens, a pen of guinea pigs, and one of Australian rabbits.

A STATEMENT.

During my service as County Judge I have devoted my entire time, given the closest personal attention to all matters brought before me, and endeavored to perform my duties fairly and faithfully for the best interests of all the people of this County to make every tax dollar go the farthest possible. The People are demanding good roads. They are made under the supervision of the Road Supervisors and under the present system of road building efficient supervisors must be secured or all the money spent is as good as thrown away. The County Board as a whole is responsible for the appointment of Road Supervisors. I had one vote out of three in their appointment as the law provides. If some were disappointed that is only what has happened during the 28 years I have lived in this County. In the case which I presume is referred to in the Recall Petition a demand was made for the removal of a Supervisor already appointed and the appointment of a man who had failed of re-appointment. With the threat of a recall unless the demand was granted the Court refused to dismiss without just cause being assigned.

PARENT-TEACHER BODY TO DISCUSS MEASURES

SESSION TO OPEN AT EIGHT O'CLOCK
Proposed Initiative Legislation on Ballot to be Weighed

A Voters' Meeting which promises to be of unusual interest and value is being planned by the Parent-Teacher's Association for Monday evening, October 30. It will be held at the High School Building, and will have for its object the explanation of the eleven initiative and referendum measures to be submitted to the people of Oregon on November seventh.

Dr. William Fielding Ogburn, Professor of Sociology and Economics at Reed College, and Samuel Weinstein, a prominent student of the same institution, have been secured to give a non-partisan explanation of both sides of each measure. After the speaking opportunity will be given for questions.

Dr. Ogburn is the organizer and leader of a committee of Reed College faculty members and Government students, who have made a careful study of all the measures to the end that they might present their findings to interested organizations in the State. Already over sixty clubs, Parent-Teacher Associations, churches, and community societies have been addressed, the total attendance running into the thousands.

Music will be furnished by the High School faculty quartette before and after the speaking. Citizens of every political complexion who are interested in voting intelligently upon matters of vital public concern will find the meeting of unquestioned value.

John Kanina, of Farmington, A. Bendler, of North Tualatin Plains, and F. L. Orth, field man for the Carnation Co., returned Saturday from Seattle and a trip to the Carnation Stock Farm, 20 miles east of that city. While there they saw a \$25,000 Holstein bull, and a cow, registered, worth \$2,900. John says that the stable was all cement and iron, and that it was as sanitary as could be. They went over to see some good stock and then Kamna came home and bought a registered bull from Bendler—a calf a few weeks old—firmly convinced that his registry and breeding was as good as any—a good advertisement for Washington County stock.

Mona, the eight year old daughter of Mr. and Mrs. Jensen, of above Mountindale, became confused and was lost in the woods last night, until midnight, when a search party found her sitting on a log. The child was bewildered and the party would have passed her if she had not moved slightly. Sheriff Reeves arrived on the scene about the time the child was found.

JUDGE BENNETT

Judge Alfred S. Bennett, of The Dalles, will speak at the court house in Hillsboro, Wednesday evening, Nov. 1, at 8 o'clock. Judge Bennett is one of the really able men in Oregon and his address will be a treat.

WM. SCHULMERICH

William Schulmerich, who is a candidate for the legislature on the democratic ticket, is meeting with much encouragement all over the county from voters of all parties. Mr. Schulmerich has done more for the dairy legislation of the state than any other individual in the county, or for that matter, the state.

He has been a member of the Oregon Dairymen's Ass'n. since its organization, and hardly a year has passed that he has not been on the legislative committee of that body. He has helped to draft every good Pure Food law in the state, helped formulate the tuberculosis indemnity bill which pays the dairyman for his stock when attacked by that malady, and has left the impress of his ability on practically every measure that has rounded out the credit of the industry.

He is a good speaker, has a fine grasp of public affairs, and is a successful dairyman and business man in every respect. He has given more liberally of his time and money for the betterment of dairy conditions than any other man in Oregon. A vote for him is a vote for a legislator who knows his business in all lines of civic betterment. The Argus does not believe there is a man in Washington County who can successfully dispute the above. Remember him when you go into the booth.

HIGH SCHOOL NOTES

By Verne McKinley

Girls' basket-ball practice begins next week and everything points to a very successful team. Thirty-two of the fair sex have signified their intentions of turning out, and as all excepting two of last year's team are in school, prospects are bright for the best team in the history of the school. Other gymnasium classes, such as folk dancing and Indian club swinging, will probably begin next week also.

The Student Council Constitution was read and explained in assembly Wednesday afternoon. It will be put up for formal acceptance on Friday afternoon.

Pupils who have left school during the week are: Ruth Chase, who goes to Vancouver, Wash., to reside; Kenneth Tibbets, to McMinnville, and Olga Lovgren, to Portland. They will attend high school at these places. Bertha Solberger was obliged to leave school on account of ill health.

The following pupils are newly registered: Janet Hoefel, Vaden Boge and Annie Ferbrasche.

The Freshmen class will entertain the three upper classes, the faculty and alumni, tomorrow evening, in the High School assembly, at 7:30 o'clock. From the names of the committees, it looks as though it would be a very pleasant affair. They send
