MORE SHIP ORDERS FOR THE STATE

Portland Firm Lands Dual Order Last of the Week

SILETZ TIMBER SOON TO OPEN

New Shipyard to be Built at St. Helens, at Once

Bend—\$18,000 to be spent on high school enlargement.

Reedsport—Business boom on here; shipyard, woolen mill and milk condensing plant to start soon.

North Bend—Buehner Co. gives raise in men's wages. Increase of 25 cents a day is announced. Expected that this action will tend to settle labor troubles at plant.

Estacada—Co-operative Cheese Ass'n selected site for factory.

Pendleton—Morrow ranch sells on trade at \$105,000.

Coos Bay—North Bend box factory may open soon.

Gresham cannery may share in \$1,000,000 government contract.

H. T. Bagley and E. I. Kuratli motored to McMinnville, Monday, to attend a case in court in the Yamhill county seat.

The Needlecraft will give a benefit Jitney Dance, at the Moose Hall, Saturday night, May 26.

J. W. Hughes, of Dilley, was a city caller Monday. He recently returned from a trip to the Palouse, and he says that a wheat shortage is due up that way this year, owing to bad weather. The Spring sowing, he states, will be too late to make an average crop, and the Fall sown grain is not doing what it should. This is in that part of the Eastern Washington country which as a rule never fails.

Spirella Corsets—Not sold in stores. A question and a suggestion. Have you any corset troubles? If so, let Spirella service cure them. Over three million satisfied Spirella wearers testify to the ease, comfort and perfection of style produced by Spirella corsets. Many exclusive designs from which to select the corset best suited to your individual needs. A Spirella residence corsetier in this field. My advice, experience and training are at your service, without obligation. Appointments by letter or telephone given prompt attention.—Telephone Main 384. Residence, Fifth and Jackson, Hillsboro, Ore. 51-11

Sam Sipp, of Mountindaie, was in town with his boys, Saturday. Sam has a homestead a few miles from Baker, and will prove up this year. He recently came down from the upper country with the idea of proving up at LaGrande, but found the land office so busy that was impossible to get a date until later in the Summer. So he will remain here and take things as easy as his nature will let him, and return this Fall. Sam has water on his Baker ranch, and can raise anything from wheat to vegetables. He reports a heavy snowfall in the mountains near Baker the past season.

For Sale—Twenty acres, black loam soil, all cleared except half-acre of oak grove; in high state of cultivation; on county road; situated between Oregon Electric and S. P. electric lines, at Reedville; good school; church; stores, and post office. Easy terms One-third down, balance on long time. Price reasonable. Obtain owner's name by writing to Box 27, Reedville. 7-9

Multnomah county writes that the new roadway to the Washington county line has been established, and it runs 400 feet from the Washington county survey. This necessitated a change on the roadway as laid out by our county court. The change goes through the Patton place, as the old one did, and Mr. Patton sent up deeds the other day, to cover the new route, without extra expense to the county.

E. I. Kuratli has his office in the Hillsboro National Bank Bldg. Loans your money, insures your buildings, rents your houses, buys and sells your property, makes collections. Notary Public.—Also speaks German and Swiss. 42tf

The town of Gaston has sued out an injunction against T. W. Thompson, in the Multnomah Circuit Court, asking that he be restrained from operating a mill race on Mill & Front, in that place. Mr. Thompson, the complaint alleges, has failed to do some planking as ordered by the council and requested by resolution.

The Hinman Milking Machine is both efficient and cheap, which is more than can be said for some hand milkers. Farm help is going to be scarce until after the war. Investigate the Hinman.—Thos. Carmichael, Gaston, Ore. 7-10

J. F. Carstens, of Banks, says that the people up that way have argued the road question backward and forward until argument has about been exhausted. He says there are many up there in favor of the bonds, and a straw vote at a recent meeting showed a majority for the six million issue.

Andrew Kostur, of Buxton, was a Hillsboro caller Friday morning. He reports the usual lateness in cropping up his way.

LOOK! WHAT'S HERE? WE GET GOOD WORD!

Rufus Holman, Chairman Multnomah County Court, Writes

GIVES US A MEED OF PRAISE

After so Many Criticisms, This Letter Enthusiasms us all

Chairman Rufus Holman, of the Multnomah County Court, last week, wrote Judge Reasoner and Commissioners Hesse and Matteson the following letter, which explains itself, and the headlines over this article:

"Gentlemen: Yesterday I had the pleasure of traveling over some of the roads of Washington County, and realizing, from my own experience with Multnomah County, that members of the several County Courts are frequently criticised, it affords me great pleasure to address you in the spirit of commendation.

I have travelled over most of the main roads of Oregon, and in my opinion, the macadam road from Hillsboro to Forest Grove, except in the town of Cornelius, is the finest piece of macadam I have seen. The excellent drainage of this road is, I believe, as important as the surfacing, which, no doubt, will have to be treated this year to maintain it from ravelling.

I am particularly interested in the proper drainage surfacing and location of the Canyon road from Beaverton to the Multnomah County Line. I have been instrumental in causing the reconstruction and surfacing of the Canyon road within Multnomah County, and I believe the people of both Multnomah and Washington Counties are entitled to better connection at the county line than they now have.

You can depend upon the cooperation of Multnomah County on the construction of the Beaverton-Bertha road in which the two counties have a mutual interest.

With kindest personal regards, I beg to remain, Very truly yours, Rufus C. Holman."

EARL BUXTON LOCATED AT COLUMBUS, OHIO

Writes Wife and She Joins Him in Buckeye State, Last Week

IS ATTENDING COMMERCIAL COLLEGE

Mrs. Buxton Started Saturday for the East—Will Live There

Earle O. Buxton, the cashier of the First National Bank, of Forest Grove, who disappeared about two months ago, is at Columbus, Ohio, attending a business and commercial college. He recently wrote his wife, and Mrs. Buxton went East last Saturday to join her husband, and they will remain in the Buckeye State until Mr. Buxton finishes his course.

Mr. Buxton left Forest Grove with about \$2,000 of his own funds, and his accounts were correct at the bank. He owed no one unless it was a family affair.

His disappearance created quite an excitement for a week or so, and unless Buxton had written his whereabouts would doubtless have remained unknown for many months.

It is said that Mr. Buxton regrets the dramatic coloring of his departure. It is now known that he was discouraged as to possible advancement in the Grove, and he concluded to seek a wider field.

Young Buxton has many friends in Washington County who wish him every success.

A NEAR FIRE

The Ben Simpson barber shop in the Hotel Washington had a narrow escape from a serious blaze, Saturday morning, about 7:40. Wm. Urech, the barber employed there, had just filled the gas tank which heats the water for the tonsorial work. Some gas had escaped and formed a vapor, and when he struck the match to start the fire there was an explosion. Urech soon had the blaze extinguished, and by the time the apparatus reached the corner all was again serene. Urech had a narrow escape from being singed, but is none the worse for the accident. Had the tank exploded there might have been no Hotel Washington. The room is plastered throughout, thus making it hard, however, for flames to get a hold.

Perry Gardner, of Quatama, was in the city Saturday.

D. M. Whitesell, of South Tualatin, was in town Saturday. He reports everybody more than busy out his way getting in the crop.

J. N. Loudon and Fred Goetze, of above Blooming, were down to the metropolis Monday morning.

Adam Wilkins and Sarah Smith, of Tigard, were given a marriage license Monday, S. B. Vincent making the necessary affidavit. The groom is 48 and the bride is 52.

G. E. Gibbons has 16 acres in potatoes this year, and he has supplemented this with six acres of beans. He is hoping for somewhere near as good a market this Fall as existed last Fall, and he will clean up nicely.
