COUNTY STARTS WORK ON BEAVERTON CUTOFF

Big Caterpillar With 16-Foot Grader at Work on New Highway

EXPECT TO FINISH THIS WEEK

Then the County Will Survey and Put in Cuts and Fills

A huge seventy-five horse power caterpillar, with a sixteen-foot road grader attached, started work this week on the Beaverton-Bertha sector of the new highway leading into Washington County, and the great machine is expected to clean up the light work this week some time, or early next week. The grader takes a sixteen-foot swath, and bevels the road as neatly as though done by hand, even neater. It takes but three or four men to operate the machine, and when this is completed the court will make a survey of the cuts and fills, and will start teams and men at work at once. The court believes the entire grading of the road, ready for the laying of rock, will get inside the estimate of \$2,500, and perhaps even cheaper.

The grading and filling of this sector was submitted to bids a few weeks ago, but all offers were rejected. The court has an idea that the Highway Commission will at least finish that part of the road this year, as this will help out the line into central Washington County, and obviate the necessity of making the trip over the Portland mountain.

ENOCHS ROGERS

A quiet home wedding was solemnized in Portland, June 23, at the home of the bride's sister, Mrs. James McFarlane, when Miss Mae Enochs and Charles Rogers were united in marriage. Rev. McCullough officiating, using the ring ceremony. The bride was daintily gowned in white silk crepe meteor, and carried a shower bouquet of white roses. Lucille McFarlane was maid of honor.

The rooms and table decorations were pink and white. The bride was formerly one of Washington County's school teachers, and has held responsible positions both in Portland and Hillsboro. She is a daughter of J. W. Enochs.

The young couple will make their home in Hillsboro, the groom being employed by the Oregon Nursery Co.

A host of friends extend congratulations.

Unclaimed Letters

List of advertised letters, week ending June 23:

Robert Case, Mrs. DeBouver, Chas. C. Moore, Miss Marie Provost, E. G. Stone, Miss B. Toney, William Schmidt, J. C. Lamkin, Postmaster.

Sam Sorenson, of below Witch Hazel, was a city caller Monday. He says they have a fine hay crop down his way.

Dr. Hoyt Brown, son of Dr. C. B. Brown, of Portland, well known here, passed highest in the Washington, D. C., examination for dental physician in the U. S. Army, and will be sent to either Honolulu or the Orient.

Three insane cases were disposed of last week, the trio being ordered committed to Salem. The first was Mrs. Virginia Seaman, of Dilley, who has two times been committed and sent back as cured. Mrs. Seaman has been very violent for several days, and put up a physical defense against Sheriff Applegate. Dr. F. A. Bailey examined her, and she was taken to the Hospital, Friday evening. The most pathetic case was that of Chas. Schock, examined by Dr. Hyde, Friday. The man was born in Nebraska in 1884 and moved to Portland several years ago. He is not insane, but is defective in memory, having lapses when he appears to be cataleptic. He was picked up by Sheriff Applegate, between Dilley and the Grove, ten days ago. He was sent to the receiving hospital, and may come out all right with treatment. Mrs. Mary Pearson, of South Tualatin, was examined by Dr. Bailey, Saturday, and ordered to Salem. Her husband sent her to England for her health several years ago and she remained two years, returning much improved. She was committed later, however, and paroled. She has again become deranged, and it was necessary that she be restrained, guards conveying her to Salem Saturday evening.

Land for Sale—About 20 acres, clean, black loam soil, all clear but half acre oak grove; ground plowed deep and planted to oats, potatoes and beans. Between Oregon Electric and S. P. electric lines; good school, church, store, milk route and on rural mail route. On main county road, two hours drive to Portland. Will sell 10 or 20 acres. No buildings; some English walnut trees. Easy terms. Obtain the owner's name by writing Box 27, Reedville, Oregon. 15-7

Mrs. Emma Christofferson and Miss Alice Grimes arrived last week from San Francisco, and are at the Bissner ranch, South Tualatin, guests of Mrs. Christofferson's parents. They will remain in Oregon several weeks, and then go South to take the helm of flyers, as students. When they have become proficient they expect to enter the aviation corps for the United States Army and Navy. Mrs. Christofferson thinks that many women will qualify as flyers, and says there is no reason why they should not become as proficient as their brothers.

Wanted—Men for ditching work on Portland Gas & Coke Co.'s pipe line. Apply to foreman on the work, Hillsboro road, south of Huber. Wages, \$2.75 per 8-hour day, extra car-fare outside of the 5-cent limit allowed. 15-7

Capt. A. M. Collins, who has been at the Soldiers' Home, at Roseburg, returned Saturday evening, and says that he is going to spend his last days in old Hillsboro, which for so many years has been home to him. Capt. says that the Home is a fine institution, but he wants to be where he can occasionally meet his friends and talk over the old times.

E. I. Kuratli has his office in the Hillsboro National Bank Bldg. Loans your money, insures your buildings, rents your houses, buys and sells your property, makes collections, Notary Public.—Also speaks German and Swiss. 42tf

E. L. Shearer, working for L. M. Buell, the Bethany sawmill man, cut his knee with a saw one day last week. Dr. E. H. Smith closed the wound.

LABOR SHORTAGE IS BOTHERING INDUSTRY

Does not Affect Washington County Farming Seriously

IMMIGRATION TO COUNTRY CHECKING

This County Will Not Suffer Heavily on the Conscription Act

This county will not suffer from labor shortage as much as some others, nor will the state, because of the heavy enlistments prior to July 1, thus having a smaller per cent to meet the draft requirements.

Reports from different parts of the state indicate growing scarcity of common labor. Farmers are paying about double what they have had to pay in the past, and are hoping for a labor supply from somewhere before the full harvest comes on. Immigration statistics from all countries for 1913-14 show an average of over 100,000 a month coming to the U. S. This has gone down until we are getting about fifteen thousand a month from all sources in 1917. Mexicans have been leaving in such large numbers that the Labor Commissioner has suspended the literacy test to allow Mexicans to come in and help harvest the crops in the border states.

Marshfield—Two sawmills on the Bay have decided to put on double shifts and will employ 500 more men.

Gold Beach—Macleay estate has bought three schooners to handle lumber.

Sellwood—Old mohair mills to be rebuilt to handle flax products.

Weston has secured a first-class flouring mill plant.

Coos Bay cheese factories are making the highest scores and seem to be leading the state by the Corvallis tests.

North Bend—Krusse and Banks shipyard has bid on five government boats, and will know in ten days if they get the contract.

Lebanon—Paper mill to add extra shift July 1.

Silverton—Evergreen Co-operative Cheese Factory building 600 gal. vat.

Lebanon—Linn county to have thirty-five miles of hard-surfaced road as result of passage of road-bonding measure.

Newport may have shipbuilding plant.

Marshfield—Two shipbuilding plants appear a certainty on Coos Bay.

Heppler—The Morrow county sheepmen are refusing 55¢ cents and holding for 60¢.

Hood River strawberries are bringing \$3.50 to \$4.00 per crate.
