

THE HILLSBORO ARGUS

VOL. XXIV

HILLSBORO, OREGON, AUGUST 16, 1917

NO. 22

T. A. M'BRIDE NAMED FOR CONCILIATOR

Veteran Jurist Says he Will Accept Important Place

PORTLAND SHIPBUILDING BIG THING

Railway Men Get Increase in Their Monthly Wage

Salem, Aug. 13.—Chief Justice McBride will serve as member of the board of conciliation and arbitration to be named by the Governor. He says: "I would be willing to serve on the commission, but I would have no wish to do so if I felt that the remainder of the board would be made up of partisans of the employers and partisans of labor, who were so strongly biased in their attitude that they appeared in the capacity of attorneys rather than as conciliator and arbitrators."

Portland—Wants 10,000 men to build wood and steel ships. All employes of O. W. R. & N. Co. whose wages are less than \$200 a month will receive an increase, effective Aug. 1, of from 8 to 10 per cent, except those whose wages are fixed by contract or who received special increases recently. Five contracts, aggregating \$271,123 15 for grading 17.6 miles of upper and lower Columbia river highway, to make ready for paving next year, were awarded by state highway commission.

Lane county buying caterpillar engine and grader for road work. Eugene—Cannery working on beets and beans.

Toledo—Local creamery did big business past month.

Pendleton—First ten miles stretch of new state road being built from here to Eastland.

Cos county logging, mill and shipyard operators are now short \$50,000.

Small pigs for sale. Telephone Main 112. 22 z

Jos. Loring, of Portland, was out Sunday, a guest of his parents.

Money to Loan—Low rates of interest; charges reasonable.—E. L. Perkins, Hillsboro, Or. 44tf

Ed. Schlegel, of Roy, was in town the last of the week, coming in for war board examination.

For Sale—Team of horses, weight 1000 a piece; good set of harness and delivery wagon.—S. H. Clark, Orenco, Ore. 20-2

Judge Bagley and family go to the Tillamook beaches this week, and while there the Court will clean up some exparte matters on the court calendar.

Geo. Harms, of Mountaineale, was in Monday. Geo. had only a little winter wheat—just enough to call it a field—but it turned him out 40 bushels to the acre.

For Sale—Fine high-grade Jersey heifer, 3 years old; will drop second calf about Sept. 20. Is fine animal, and comes from good milking strain.—B. A. Barber, Hillsboro, Ore., near City Park. 21-3

Henry Kemper, who has been working on a dairy ranch at South Bend, Wash., came over last week to be examined for the first draft. He visited a few days with his parents at North Forest Grove, and then returned to the Bay.

King Hop is coming into his own again this year, after a slump of a year or so. The product was quoted at 27 cents Saturday, in Portland, but it is known that as high as 30 cents have been offered for the 1917 prime article. This is rather a matter of regret to those who, dissatisfied with the 1916 prices, plowed up their yards, on the supposition that because many states had gone prohibition the price would not be enough to justify production. In Washington County hundreds of acres of vines were plowed under to permit other crops. It is estimated that three-fourths of the county crop is under contract.

Poultry farm for sale—Five acres, near Hillsboro, between S. P. and Oregon Electric, all clear and in cultivation; modern house, good barn and chicken house; young orchard and berries, roses and shrubbery. Chickens, cow and some tools can be had with place. Some cash, balance easy terms. If interested inquire at Argus for owner's name and address. j-dh

Dr. E. H. Smith ran his big Cole-8 on top of a cow the other day, and the animal was shot to end its suffering. The car was not going above 10 miles an hour. The bovine made a sudden swerve just as the car met, and the front wheels ran clear up on the body of the prostrate animal. The owner of the cow W. T. Kerr, attached no blame to Dr. Smith. The only beefing he did was to "beef" the cow.

For sale: Horse, 1000 lbs., harness, wagon, plow, cultivator and portable hay rack. Price for all, \$75.—Inquire at Badger Lumber Co. office. 18tf

Dr. S. M. Reagan last week tested a big herd of cattle brought from the Nebraska by W. T. Kerr, for Montana shipment, and not one of the cows gave a reaction, conclusive showing that stock from the coast valley is comparatively free from tuberculosis. The bulk of the herd was for dairy purposes.

Do you want a homestead? If so, can locate you on some fine ones in Central Oregon. In time these will be valuable. A few left of 160 acres each.—Wm. B. Delsman, Box 206, Hillsboro, Or. Phone, City 102. 13-1f

Adolph Hanson, wife and two sons, Albert and Carstens, of Baker, were last week, guests of the Henry Valentines, at Kinton, and the Kuratlis, of Hillsboro, and other friends at Bethany, where they formerly resided. They started for Tacoma the first of the week, and will soon cross over and complete a tour of the coast.

U. S. A. Restaurant, meals 25 cents. Good cooking and a satisfying meal. Second Street, opposite Wells Fargo and K. P. building.—E. L. Whetzel, Proprietor. 19-22

The Honor Guard and Home Guard, of Beaverton, are preparing for a big dance to be given in the Morse Hall, Saturday evening, August 18. Everybody come and have a good time. Refreshments will be served.

Milk Business for sale: Thirty head of fine milk cows, 2 horses and harness, milk wagon, buggy, single harness, farm wagon, bottle filler, milk route in Portland, bottles and cases for sale cheap. See J. C. Kuratli, Hillsboro. 22

Wm. Metzler, of South Tualatin, and George Meacham, of Mountaineale, were city callers the last of the week.

W. H. Joos, of North Plains, was a county seat caller the last of the week.

GAS MAINS SOON IN FOR HILLSBORO TOWN

Crew of 40 Men Working Steadily Connecting Mains and Installing

ALL LOCAL LABOR IS EMPLOYED

Drill Through Cement Walks and Pavement on Streets Without Trouble

The Portland Coke & Gas Company will soon be through connecting its mains in the city of Hillsboro, and a crew of 40 men have been employed in making the installations.

Through the business section it has meant a considerable expense, for the cement walks and the paved streets were formidable to a considerable extent. Holes were drilled every few feet and then tunnels were ran from one to another to permit of laying the pipes. A. P. Luther was employed with his team to keep the debris removed as rapidly as a section was completed. Nearly all the men employed were local residents and the payroll has been practically \$150 per day, foremen and all.

Installation to houses contracting for gas is now under way, and gas will be turned on in a short time.

Solicitors are now in the field getting signers for service, and by the time the rains come all will be in readiness.

PUBLIC SALE

I will sell at public auction at the old Hickenbottom place, 2 1/2 miles north of North Plains, and 9 miles north of Hillsboro, at 10 a. m., on

SATURDAY, AUGUST 25

Team horses, 6 and 7, 1600 each; driving team, 8 and 9, 1000 each; 2 sets work harness, set driving harness. Twenty head of stock, consisting of 8 milk cows, grade Holsteins, all regis'ered Holstein heifers, one to freshen Oct. 25, balance are this year's calves; 5 head grade Holstein yearling heifers; 2 six months calf; registered Holstein bull, yearling; barrow, sow to litter soon; heavy wagon, hack, new mowing machine, new hayrake, new disc drill, 60-tooth harrow, disc with trucks, stump machine, power, with 200 feet cable; 2 14-inch plows; 4 ten gal milk cans; range, iron bedsteads, mattresses, kitchen and household furniture; 40 tons timothy and mixed hay, loose. Lunch at Noon.

Terms of Sale: Ten dollars and under, cash; over, 6 months bankable approved note, at 8 per cent. Two per cent. off on cash over \$10.

O. B. Morrow, Owner. J. W. Hughes, Auctioneer. Wm. H. Joos, Clerk.

BOARD OF EQUALIZATION

To the Taxpayers of Washington County, Oregon: Notice is hereby given that the Board of Equalization of Washington County, Oregon, will meet on Monday, September 9, 1917, at the Court House, in Hillsboro, in Washington County, that being the second Monday in September, and the time and place provided by law to publicly examine the assessment rolls of said County for 1917, and correct all errors in valuation and description or quantities of land, lots or other properties, and it is the duty of all persons interested to appear at the time and place appointed, and if it shall appear to the Board of Equalization that there are any lands, lots or other property assessed twice or in the name of a person or persons not the owner of the same or assessed under or beyond its value or any lots, land or other properties not assessed said Board of Equalization shall make the proper correction.

W. F. Boley, Assessor of Washington County, Oregon. Hillsboro, Ore., Aug. 14, 1917.

CATHOLIC CHURCH

Third and Fir Streets. City 902

(Summer Schedule)

Sunday Masses, 8:00 and 10:00 a. m.

Baptism, 2:00 o'clock p. m. Benediction, 7:30 p. m. Week-day Mass, 8:20 a. m.

Money to loan on improved real estate, principally farms and choice city property.—Kerr Bros., Hillsboro, Odd Fellows Building. 191f.

Miss Sadie Pharis, visiting at the J. H. Duncan farm near Tigard, was drowned in the Tualatin, Sunday. She was recently from Colorado. The fatality took place about three miles above Tigard. Miss Pharis left the Duncan home about midnight and was attired only in her night-robe. Her relatives attempted to catch her, but failed, and the girl jumped into the water from a high embankment, a clear case of suicide. She had evidenced no despondency, and her rash act is a great shock to the Duncans.

Mrs. T. C. Reynolds returned Monday from a ten weeks visit near St. Joseph, Mo., across the Kansas line. Her return was made under rather warm weather conditions.

Leonard VanLom, on the B. P. Cornelius farm, near North Plains, so far holds the championship flag on wheat raising. It was but three acres of new land, in potatoes last year, and it threshed 60 bushels to the acre. Twenty-eight bushels to the acre was the yield of the balance of his crop.

Wanted—About 15 good hop pickers.—Apply to the Quick & Russell Livery, Main St., Hillsboro. 22-4

The D. B. Burkhalter place threshed 32 bushels of wheat to the acre, last week, and it was the finest grain seen in this section for many years. Every bushel of it has been sold for seed. John Kamna's Winter wheat went better than 25 bushels—and the yield isn't had considering the season.

For Sale or Trade for Beef Cattle—Some good Shropshire and Cotswold 2 year-old ewes. Also some ewe lambs.—C. K. Rogers, Beaverton, Ore., near Hazledale. 13-1f

John H. Houser, of Wheeler, Tillamook County, was over the last of the week, visiting here and at Dilley. He says that work is plentiful over there, and tells the Argus that Ed. Wann is falling timber every day, being as slim as a Missourian and as hard as spikes.

Wanted—Hogs of all kinds, sheep, beef, poultry of all kinds.—C. K. Rogers, Beaverton, Rt. 4, Box 20. Phone Beaverton 53, line 3. Will call at any place designated. 37-1f

Carl Stoll, who was married to Mae Stoll, at Leadville, in 1895, wants divorce, alleging his wife treats him in a cold and unlovable manner. They have a son over 21 and a daughter who is 18 years of age.

O. B. Morrow, of beyond North Plains, was in town Friday. He will have a sale August 25, and expects soon to start for France.

Alvin D. Wick, Traveling Passenger Agent for the S. P. Co., and H. D. Olsen, Traveling Freight Agent for the same company, were in the city Monday, greeting friends and looking out for business.

C. C. Arns, of Cedar Mill, was a Hillsboro visitor Monday morning.

P. A. Kline, Livestock and real estate auctioneer—25 years experience in the East and Willamette Valley. Phone or write for dates. Address P. A. Kline, 561 Gilsan St., Portland; Phone Broadway 620. 22-30

Mrs. A. W. Toelle, of Portland, was a Hillsboro visitor the first of the week.

F. A. Hohman, who is threshing southeast of Hillsboro, was in the city Monday. He is turning out an average of 55 bushels of oats and 25 bushels of Winter wheat to the acre on his run.

Wm. Hanson, of Scholls, was in Saturday, taking a little respite from threshing.

J. H. Riggs has brought suit against Peter Jacquot and wife to quiet title to a tract in Finney's Addition. The last heard of the Jacquots they left here in the early days of rush to the Alaskan country.

W. E. Pegg, of Beaverton, was up to the city Monday, greeting friends.

Bruce Schulmerich, of South Tualatin, farming the Ed. Schulmerich place, was in the city Monday. He reports a fair crop this year, compared to the general run—a little better than the average.

Fred Schoen, of south of Cornelius, was in town Saturday. He reports not an average yield for grain in his section.

Rev. G. S. Roeder, of Phillips, will preach next Sunday afternoon in the Mountaineale church, and in the evening in the Shady Brook church.

BIG COLE EIGHT IS TURNED THREE TIMES

Earl Donelson's Machine Goes Over Embankment

GILLENWATER SWIMS TO SHORE

Earl Donelson Pinioned Under Machine—Emmott Barely Scratched

Earl Donelson's big Cole-8 turned turtle three times on an embankment on the Big Nestucca river, near Beaver, Tillamook County, Thursday night, and the escape of Donelson, Ray Emmott and Wm. Gillenwater from death was almost miraculous. The car was meeting another machine and all at once shot over the bank. The machine rolled over the third time and landed against a tree, with but little damage to its mechanism. Will Gillenwater, of the Hillsboro Creamery, was thrown clear into the Nestucca, and the minute he struck the water started to swim to save his bacon. He has two ribs badly sprained and some bruises on his body, besides a cut on his cheek and nose. Ray Emmott found himself rolling down the hill, with the big machine chasing him. He beat it out, however, and was soon on his feet with only a goose-egg on his shin to show for the general results. Earl remained with the wheel until the Cole landed against a tree, and the boys found him pinioned under the car, with but a few scratches. It was at first feared Gillenwater was internally injured and a phone call was put in for Dr. Smith, who made a record trip to Tillamook to attend the injuries. All three came home Friday.

Witnesses to the turnover say that they can't comprehend how in the nature of things no one was killed. The party was going over for a day at the beach and to bring Mrs. Gillenwater, who was enjoying a vacation, home from the beach.

The driver meeting Donelson was "hogging" the road according to Donelson's version.

LOOKING FOR NOOSE

Someone evidently is looking for a noose, and will find it if threshing engines are troubled in the county. Last Thursday night the Ed. Boge engine was left by the engineer, J. B. Adams, in regular shape, with a slow fire and plenty of water. Geo. Burkhalter, on the Burkhalter place, where the threshing was in progress, heard a noise about nine o'clock, and investigated. He found everything in good shape, but the next morning the engine had blown a safety plug, and there was altogether too much fire in the firebox. The water had all gone up in steam, and it required several hours delay before things could start. That some one must have tampered with the engine is a foregone conclusion, for Burkhalter says that there was all kinds of water showing in the gauge the night before.

Regular meetings of Camp 500, Woodmen of the World, in the Moose Hall, every first and third Thursdays. All Woodmen are invited to attend.

Come out Neighbors and help boost our Camp.

Roy E. Heater, Consul Com. J. H. Ray, Clerk. tf

LOWRY—DANT

H. A. Lowry, of American Lake, Wn., and Ella J. Dant, of Reedville, Ore., were united in marriage at Vancouver, Wn., Aug. 11, 1917.

HOME FOR SALE

A modern home in Portland, 8 rooms, bath, hot and cold water above and below; to trade or sell for acreage. Property is clear. All assessments paid up; insurance for \$2000 paid up policy. If interested write Box 125, Forest Grove. 17-22

T. H. Brown, the plasterer and cement worker, brought a German cannon ball, of 2 1/2 inches in diameter, to the Argus, Monday. He found it six years ago in a barrel of German imported cement, and has kept it as a souvenir. The ball is probably for a field piece, and may have been made for a ship's gun. It is on exhibition in the Argus window.
