

COUNTY FAIR OPENS, FOREST GROVE, OCT. 2

Four Days of Program Arranged
for Entertainment

GOV. WITHEYCOMBE DELIVERS ADDRESS

One Day's Program to be Made a
Patriotic Exercise

The management of the Washington County Fair, which will be held at Forest Grove, Oct. 2, 3, 4 and 5, has completed a fine program for the entertainment of the visitors. The most important attraction is the balloon ascension which will be given on Tuesday, Wednesday and Thursday, by Prof. Miller. This is the aeronaut who entertained the big crowds at the recent regatta at Astoria. He will make an ascension each day, and when several thousand feet in the air will leap with a parachute. While ascending he will pull off a number of novel stunts. The Brownie Amusement Co. will be there and many of the other attractions which show at the state fair.

Wednesday is Grange Day, and there will be speakers who will tell just how the farmers can do their bit in the great war.

Thursday will be patriotic day, and there will be a number of speakers who will tell you just what is needed to back Uncle Sam in the great war.

On Friday Gov. Withycombe will give an address. This is also Children's Day, and the schools from all over the county will participate in the big parade and program.

The State Highway Commission has ordered a survey of the Washington County routes for the Pacific Highway, and the engineers will in a short time run the lines and make reports to the commission. The contract will be let in the Spring, in time to begin the work early. This means, according to the order, that the Walker-Canyon road will be surveyed and comparisons made with the Beaverton and Reedville route—and the commission will decide between the two routes. If the route goes by Orenco and Walker's then the entrance to Portland will go in via the Canyon road, which is hard surface from the top of the hill into town. If it shall go via Beaverton-Reedville it will mean the Slavin road route below Bertha.

The government has set the price of Northwest wheat at Portland at \$2.05 per bushel. This makes it equal with the Chicago market, and simply means that there will all kinds of milling here for the season. It is quite likely that this also means a cheaper price for bran and shorts. Mill feed cheaper is what is wanted by the dairymen. Farmers in the Northwest are now satisfied that the government means to be absolutely fair in fixing prices.

SCHOLLS FAIR DATED FOR OCT. 19TH & 20TH

Grange Again to Demonstrate
What That Section Can do

OUTLINE OF WHAT IS WANTED

Best Fair Point in County Getting Ready
to Show Their Products

The following letter from the Scholls Fair management explains itself—and it is not necessary to say that Scholls always makes good with its Grange fair: "Not in spite of, but because of, these strenuous war times, Scholls Grange has decided to put on her usual community fair Oct. 19 and 20 to prove to the rest of the county that this little corner has been doing its bit. Most of the crops have not been up to standard this season, but there is enough to make a good showing, and the Grange hopes that every farmer in the community will take it upon himself to boost for his home section by bringing in an exhibit of some kind. Grains in half sack lots, grasses, vegetables, canned products, fruits, needlework, livestock and poultry will all find a welcome in our exhibit buildings, on the same site where the fair was held last year.

The wonderful growth of our fairs in the past has definitely determined that the crowd of visitors has reached such proportions that it is absolutely impossible for the ladies of the Grange to serve the big dinners which they have always done. We realize this will be a disappointment to many, as Scholls is far famed for her sumptuous fare. There will be a lunch counter on the grounds, where sandwiches and coffee will be served.

For particulars address A. B. Flint, Chr. Fair Com., Hillsboro, R. 2."
